He Tried a Sample Bottle

Nearly every day people come into drug stores and ask the druggists to recommend some medicine for their trouble. Very often they refuse to do so, because, as a rule, they do not believe it proper to advise anyone to take a patent medicine of which they do not know the ingredients. It is the physician's business to prescribe. Some make an exception, however, which anyone has a cough, cold or throat and lung trouble. "I always recommend Acker's English Remedy, because I know just what it will do. It has cured every case where I have seen it tried. It is the best expectorant and tonic I ever handled in my 14 years' experience. I will give just one instance of a gentleman who had been troubled for years with a nasty, hacking cough. I advised Acker's English Remedy. He tried a sample bottle, and was cured before he had taken half of it, at no cost whatever. This is an exceptional case, however, as it usually takes two or three bottles."

(Signed) A. B. Cook, Bellefontaine, Ohio.
 Sold at 25c., 50c., and \$1 a bottle, throughout the United States and Canada; and in England, at 1s. 2d., 2s. 3d., 4s. 6d. If you are not satisfied after buying, return the bottle to your druggist, and get your money back.

THE ALASKA COLLECTORSHIP

Still Held in Abyeance—Oregon Says She Should Have Been Consulted.

WASHINGTON, Jan. 20.—The selection of a collector to succeed Ivey in the Alaska district is still held in abeyance, and it is understood awaits such representation as Senator McBride desires to make to the president. There is considerable feeling engendered over the matter in the Oregon delegation. McBride and the house members feel that they should have been consulted before any recommendation was made by Senator Simon. On the other hand, Simon says that notwithstanding this appointment has been given for many years to Oregon men, it was in no sense an Oregon appointment, and it was promised to him a long time ago by the president, without any suggestion as to having the Oregon delegation agree upon it. That was when the charges were first made against Ivey. Afterwards, when Ivey came here and it became apparent that there should be a vacancy, the matter was again taken up between the president and Senator Simon, and, in accordance with the promise previously made, Senator Simon made the recommendation.

There is talk about how the members of the delegation have previously agreed upon appointments of Oregon men, but it is also recalled that Governor Lord was appointed solely upon Simon's recommendation, none of the other members joining him.

A SURE CURE FOR CROUP.

Twenty-five Years' Constant Use Without a Failure.

The first indication of croup is hoarseness, and in a child subject to that disease it may be taken as a sure sign of the approach of an attack. Following this hoarseness is a peculiar rough cough. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough appears, it will prevent the attack. It is used in many thousands of homes in this broad land and never disappoints the anxious mothers. We have yet to learn of a single instance in which it has not proved effectual. No other preparation can show such a record—twenty-five years' constant use without a failure. For sale by Blakeley & Houghton.

All persons wishing to take children, either boys or girls, for legal adoption or on indenture, should write to W. T. Gardner, superintendent of the Boys' and Girls' Aid Society of Oregon, at Portland, who can procure for them desirable children of all ages. All applications must be filed in advance.
