A VALIANT PEOPLE.

The Boers are making a notable piece of history. Whatever our sympathies may be, whether they run in one direction or the other, it must be acknowledged that those sturdy, saturnine, fanatical people of the inland African veldt are making an heroic figure just now in the world's history. It is said they are uneducated, non-progressive, narrow, resisters of civilization; but a people that can for months resist British armies numbering in the aggregate some 120,000 men, with England's greatest generals at their head, must have a high degree of courage and a certain kind of intelligence, at least; and does it lie in our more civilized mouths to say that they are not as good or better patriots than we or our British cousins are?

England made two terrible mistakes in this matter—or, rather, one great mistake in two directions; she underestimated the Boers, and overestimated herself. England has been conquering hordes of miserable, uneducated, almost unarmed peoples—"half savages and half children"—and really didn't know the tremendous difference between them and the Boers. The British government is finding out the difference, at a fearful cost.

Doubtless, eventually, unless other nations interfere, England will accomplish her object in South Africa, and perhaps it is best for the world that she should accomplish that object; but while she is doing it the world can but behold the resistance of her rude, veldt-dwelling foe with admiration and respect.—Telegram.

China is the great market for the cheaper cotton fabrics, and cotton manufacturing becoming one of the main industries of the South, it is not surprising to find leading southern politicians and newspapers leaning strongly toward the retention of the Philippines. These islands are regarded as the key to Oriental commerce, and southern statesmen are beginning to see that if the south is to have its full measure of prosperity markets must be found for its products. It is stated on good authority that the southern states now have 5,000,000 spindles, as against 13,000,000 in New England, and that during the past year plans were laid for investing at least \$30,000,000 in cotton manufacturing in the southern states.

Vancouver, B. C. proposes a premium on matrimony in its new city charter, says the Spokesman-Review. The married man is to vote once for himself and then again for his wife. In cases where the wife was very contrary, resolute and dictatorial,

and the husband unusually complaisant, the extraordinary spectacle would be presented of a man casting one vote for one ticket, and following that immediately with another vote for the opposition ticket.

A correspondent of the London Times telegraphs from the Portuguese port of Lorenzo Marquez that the Boers are bitterly disappointed with the results of the war. If that is the case, then indeed is the Boer an unreasonable fellow.

A Thousand Tongues

Could not express the rapture of Annie E. Springer, of 1125 Howard st., Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the universe." So will every one who tries Dr. King's New Discovery for any trouble of the throat, chest or lungs. Price 50c and \$1. Trial bottle free at Blakeley & Houghton's drug store; every bottle guaranteed.

To Parents and Students of The Dalles.
I would say that there will be a lecture delivered by Dr. Geisendorffer on Bacteriology, in reference to disease, under the auspices of the Students Literary Club, in the city council chambers Friday night at 8 p. m.

This lecture will be of practical benefit to us in our every day life, and should be well attended. There will also be a short program rendered, consisting of selections by a well known male quartet, humorous readings, extempore speeches, etc. This is the first session of the kind the club has undertaken and it promises to be one of great benefit and instruction to its members, and those who may attend.

Program will commence at 8 o'clock sharp. The hall is well seated, and an invitation is extended to all, especially the parents of school children. Remember this is free. A MEMBER.

Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. Druggists sell the 50c. size; Trial size by mail, 10 cents. Test it and you are sure to continue the treatment.

Announcement.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation.

As a cure for rheumatism Chamberlain's Pain Balm is gaining a wide reputation. D. B. Johnston of Richmond, Ind., has been troubled with that ailment since 1862. In speaking of it he says: "I never found anything that would relieve me until I used Chamberlain's Pain Balm. It acts like magic with me. My foot was swollen and painful very much, but one good application of Pain Balm relieved me. For sale by Blakeley & Houghton."

J. B. Clark, Peoria, Ill., says, "Surgeons wanted to operate on me for piles, but I cured them with DeWitt's Witch Hazel Salve." It is infallible for piles and skin diseases. Beware of counterfeits.
