W. A. Wallis, of Moro, is in town on business.

J. B. McAtee and G. E. Nolin are in from Duinr.

J. D. Bowman, one of Kingsley's farmers, is in the city.

Mrs. H. Logan went to Portland yesterday, where she will hear Nevada and the Bostonians.

Hon. John Sommerville was a passenger on last night's train from Portland. Mrs. Sommerville having returned a few days previous.

G. C. Blakeley came up on last night's train from Portland, having spent Sunday with Mrs. Blakeley, whose eyesight he reports as somewhat improving.

S. N. Steel, whom Dalles people will remember as having sung in the A. L. P. S. quartet club here about a year ago, passed through the city last night on his way to Sumpter where he is engaged in the real estate business.

Mrs. C. L. Phillips left on the afternoon train for Portland, and will visit her sister, near Hillsboro, until Saturday evening, when she will leave for San Francisco to attend the millinery openings on Monday and Tuesday and order her spring goods.

**MARRIED.**

The groom represents the Home Comfort Steel Range Co. in The Dalles, while the bride arrived a few days since from her home at Beloit, Kansas.

**WINTER TRIPS.**

For winter residence or winter cutting ideal conditions will be found on every hand in California. Pleasant early rainfall has this season given to the semi-tropical vegetation wonderful impetus; the floral offerings are more than usually generous and the crop of southern fruits bountiful and excellent.

Old ocean possesses new charms at Santa Barbara, Santa Monica, Long Beach, Coronado and the enchanted isle of the sea, Catalina—where fishing, boating, rambling, riding, hunting and loafing may be enjoyed as nowhere else.

Quiet little spots, snug and warm, offer themselves at Montecito, Nordhoff, Pasadena, Echo Mountain, San Jacinto, Fall Brook and Palm Springs.

For renewing health and vigor, here abound many hot springs, of widely varying constituents and demonstrated merits; the dry, antiseptic, tonic air of the desert may be enjoyed at Banning, Indio, Yuma; and, even farther on, at Phoenix, Tucson, El Paso, exists conditions equally well indicated for weak throats and lungs.

Many think nothing in nature more attractive than the shimmering olive orchards of Santa Barbara and San Diego; others prefer the stately walnuts of Ventura and Los Nietos, or the lemons of Fernando; but for glorious fruit and graceful tree commend us to the golden orange, first, last and always, and it exists in greatest perfection at Covina, Riverside, Redlands and Highlands. Equally interesting is the scientific and tempting fashion in which the sorting and packing of the orange is here accomplished.

The faithful were exhorted to see Mecca and shuffle off; but wiser generations will see California of the south and prolong life.

**Proposals for Refunding Water Bonds, Dalles City Oregon.**

Sealed proposals will be received by the board of water commissioners of Dalles City, Oregon, at said city until 8:30 o'clock p. m. of the 26 day of Feb., 1900, for twenty-five thousand dollars; and twenty thousand dollars of refunding water bonds of said city, (as it is not settled as to whether the total amount of bonds will be \$25,000 or \$20,000) authority is extended to the said board to issue refunding water bonds in the sum of \$25,000, but if found not to be necessary, the issue will be for no more than \$20,000; and at a rate of interest not exceeding four per cent per annum payable twenty years from date of issue, principal and interest payable in gold coin of the United States, at any city therein, at the option of the buyer.

The bonds mentioned will be issued under the provisions of the several legislative acts of the state of Oregon, approved Feb. 26, 1885, Feb. 19, 1889, and Feb. 14, 1895, and in pursuance of an ordinance adopted by the common council of Dalles City, approved January 25, 1900. The proposed refunding water bonds are intended for the redemption of outstanding water bonds in the sum of \$25,000; but in case the board of water commissioners prefer, it will issue refunding bonds for \$20,000 only, therefore bidders may make proposals for both \$25,000 and \$20,000, and in the denomination of \$500 each.

No bid will be entertained for a rate less than par value of the bonds. Premiums and rate of interest will be taken into consideration in passing on the value of all bids.

Bidders must deposit with the president of the board a duly certified check on some responsible bank equal to 2 per cent of the amount of bonds bid for, or accompany his bid with cash of such amount as will equal such per cent of his bid, and such certified check made payable to the president of the board of water commissioners of Dalles City, Or., as liquidated damages in case the bidder shall fail or neglect to receive and pay for, at the office of the city treasurer of said city, the bonds awarded to him on his bid, on or before the first day of March, 1900.

Attention should be given the fact that the board will not issue and dispose of more than \$20,000 of such refunding bonds, unless it shall be deemed necessary to do so, but otherwise, if the board shall find that it is necessary to issue bonds in the sum of \$25,000, it will offer and issue the full sum, (\$25,000).

The right to reject any and all bids is reserved by the said board of water commissioners.

Bids should be addressed to the president of said board, or to the city recorder, Dalles City, Wasco county, Oregon, and noted "Proposals for refunding water bonds."

By order of the Board of Water Commission, by and with the consent of the Common Council. This 25th day of January, 1900.

T. J. SEUFERT, President of Board,  
 NED H. GATES, Recorder of Dalles City.

**RICH DRESS MATERIALS.**

**Velvets Are the Most Expensive of Staple Goods, But Lace the Costliest of All.**

The costliest of what might be described as staple dress goods are velvets. Fine silk velvets, in black and in colors, for reception, dinner and evening gowns sell in regular widths up to \$15 a yard, and in velvet of extra widths as high as \$20. The velvets sold offenest for dress goods are those at prices under ten dollars a yard.

The costliest of fancy fabrics are satin ground broches, a satin fabric in white or in some light color, with embossed velvet figures, in various colors, and in floral and in geometrical designs. The broche satins are made for evening wear. They are produced in great variety and many of them are of great beauty. Made 21 inches in width they sell through a wide range of prices up to \$15 a yard. There are wider satins and velvet broches, imported in dress patterns that are costlier still. These goods in patterns from seven to eight yards each, with pink, heliotrope, blue and other grounds, but a single pattern in a shade or color, imported, are sold at \$250 a dress pattern.

But the most expensive of dress materials is lace. Point lace flounce, 42 inches wide, for gowns, is sold at prices ranging up to \$125 a yard, four yards being required for a skirt. The same lace could be used for the waist, in which case two yards more would be required; but oftener there is sold for the waist and sleeves an all-over lace to match the flounce. This, in a lace from 18 to 22 inches in width, to match the flounce at \$125 a yard, would cost \$50 a yard.

It will be borne in mind that these prices represent the cost simply of the material for the gown, without linings of trimmings or making up. What the finished gown would cost might depend on a variety of considerations. A gown of satin and velvet broche costing say \$12.50 a yard might cost completed \$500 or \$600. A gown from any of these materials would obviously be costly.—N. Y. Sun.
