

White Winged Carnival!

Our Spring Offering of White Goods will commence on Wednesday, February 7th, 1900, and be the most complete offering in this particular line yet inaugurated by this house. It will consist of Dimities, Lawns and organdies, Laces and Embroideries, Ladies', Misses' and Children's Muslin Underwear, Table Linens, Napkins, Towels and Towelling, Muslin, Sheeting, Sheets and Pillow Cases, Lace Curtains and Curtain Material.

Gent's Furnishing Goods Department.

If you want the best you have no other choice, we don't make it so, but people who like up-to-date wearables, just prices and fair treatment do. Not a hundred years, not fifty, nor even one has elapsed since the clothes we are showing were made. They were made this season and in this season's style. This not only applies to our Men's Department but to the Children's as well, and there's a style about them that's exclusive. Isn't it worth something to know that you are in style, especially when it costs you no more?

Our advertisements are our letters to you, written, signed and backed up by a house that has always been jealous of its reputation and business integrity.

All Goods Marked in Plain Figures.

PEASE & MAYS

Oysters

erved in every style by A. KELLER.

WAYSIDE GLEANINGS.

A. M. Williams & Co. are offering big reductions on ladies' tailor-made suits, capes and jackets.

Go to Williams & Co. and get a \$1.50 Manhattan shirt for \$1.00. 113 shirts to pick from. All sizes from 14 1/2 to 16 1/2 neck.

The city assessment this year has been placed at five mills, which, it will be observed, is 1 1/2 mills less than that of last year.

The Noble Dramatic Company will not play in The Dalles this week as announced, having decided to fill their engagement at Baker City.

The Salvation Army people are having a lively time at their campmeeting now being held. Services are all crowded, and the captain reports several conversions.

The Epworth Leaguers are arranging for an entertainment and "sociable" social in the basement of the Methodist church Friday evening, to which they invite all their friends.

The Ladies' Missionary Society of the Congregational church will meet tomorrow (Tuesday) at 2 o'clock, with Mrs. E. O. McCoy. All members and friends of the cause are invited.

The jury in the case of C. E. Obriet, who was tried Saturday in Justice Bayard's court for larceny of a saddle, brought in a verdict of guilty and he was fined \$25, which was promptly paid.

Amended articles of incorporation of the Central Navigation & Construction Company, the Paul F. Mohr road, were filed with the county auditor yesterday. They show that the capital stock has been increased to \$250,000.—Review.

Still the smallpox rages at Spokane, ten cases having been removed to the isolation hospital Friday, making fifty under treatment there at present. Rathdrum, Idaho, has instituted a quarantine against that place which is to last forty days.

As a result of the recent special meetings, many have recently joined the Methodist church in this city, seven being received yesterday. The fruit of special labor is very apparent in the interest being taken in the work of the church, and the attendance at public worship as well as social meetings.

We received word this week from Portland that our brother, Wm. F. Herzinger, who was injured in the railroad wreck at Troutdale about two months

ago, had to undergo another surgical operation. It will be some time before he will be up and around.—Enterprise Bulletin.

Articles of incorporation of the Ophir Gold Mining Company were filed in the clerk's office Saturday by G. T. Parr, Frank Menefee, H. H. Riddell, D. S. Dufur, A. A. Jayne and J. A. Geisen-dorfer. The place of business will be The Dalles; the capital stock 25,000, with shares at \$10 each.

Every voter who registers must give the section, township and range in which he lives, and those living in an incorporated town must give the lot and block. Study out just where you live and then register at once. Unless registration progresses more rapidly a great many voters are going to get left.

Will Wiley passed through Antelope last Wednesday, enroute to The Dalles with a ton of rock from the Now-or-Never mine in the Axe Handle country. This ore is being shipped to Tacoma for treatment, by the Antelope Gold Mining Co., and they expect the rock to run about \$125 to the ton.—Herald.

Examination of teachers for a county certificate will be held in April and August of each year, beginning at 9 o'clock in the morning of the second Wednesday in said month. Examination for state papers will begin at 9 o'clock on the second Wednesday of February and August, and continue four days.

Letters received from the old maids who are to attend the session of the "Young Ladies' Single Blessedness Debating Society" next Monday evening at the Vogt, are to the effect that boarding places are being arranged for their cats and other pets during their absence, and they will arrive in the city Sunday. A reception will be given them at the close of the session.

It will be noticed by a perusal of the city's bills for the month just passed that the list is comparatively small, which is a satisfaction to those interested in its welfare, and creditable to those who conduct the finances. Its a difficult task to conduct ones own business affairs, but when it comes to pleasing many, men of many minds, its almost a hopeless task.

Perhaps no patient in the Portland hospitals receives more callers than does Mr. MacAdam, Sunday's proving a veritable reception day, particularly for receiving Dalles visitors. From those who called yesterday we learn that he is able to walk about some, and that the physicians say he will probably be able to return home in two weeks. This will be good news to his many friends here.

M. Dichtenmuller is up from Mosier having come up for the purpose of consulting Dr. French concerning his eyes. He was therefore happy when he called at the office this morning and told us he would soon be able to see as well as any one. For a long time a cataract has been forming over both eyes and about a month ago he went to Portland and consulted Dr. Gertrude French, who re-

moved that over the left eye, which had developed so as to make it almost sightless. It now looks perfectly strong and Mr. Dichtenmuller is delighted over the operation.

Mr. and Mrs. Chas. G. Hansen are deeply grieved over the loss of their little daughter, who died this morning at their home in this city. It will be remembered that Mr. and Mrs. Hansen, in the kindness of their heart, adopted the Wand baby, whose mother died a year ago, just after the birth of the child. The little one has never been strong and although the foster parents have labored hard to keep her with them, death has finally taken her, and they feel the loss as keenly as though she had been their own, having adopted her almost at birth.

R. J. Gorman, who left the city a month ago to spend some time with his brother in Butte, and traveling through Montana, returned home yesterday. Dick says Butte is the liveliest place imaginable, but, at the same time there are more idle men there than any place he struck, caused by mines being tied up by litigation. At that place he met Dr. Albert O'Leary, who is county physician and doing well. His sister, Miss Mollie, is also teaching art in that city. At Missoula he found the family of Mrs. G. W. Rowland, who are pleased with their new home and all in good health. Herbert Alexander, George Moabus and Roy Ballard are also there.

Frequently at the request of the parties most concerned, the clerk's office is turned into a chapel; and the officers not only issue the license, but see that the marriage ceremony takes place before there is an opportunity for backing out on the proposition. This morning the reporter fortunately stepped in upon such an occasion and witnessed a problem in addition successfully solved by Rev. D. V. Poling, when Chas. Warren, of Hood River and Miss Saina Pyburn, of Wasco, were united in marriage. The ceremony had all the solemnity of a church wedding, and those who witnessed it observed such decorum that the clerk and his deputy actually forgot to kiss the bride, much to their disgust upon afterthought.

Speaking of the excellent production of the "Little Minister," in Spokane Saturday by the Frohman company, which is to present it in The Dalles on the 15th, the Review says: "Some one with the evident intention of hurting the business, had industriously circulated the report that Mr. Frohman had seven companions playing the piece and this one was of no particular excellence. Nothing could be further from the truth. Outside of the original New York company, comprising Maude Adams and others, which has been playing in a few of the larger Eastern cities, there are but two organizations touring in the piece. The one which appeared here yesterday has been most carefully selected, each one presenting a character so absolutely true to the story that to improve upon it one must have it step from the pages of Mr. Barrie's novel its-

self, or must see the prototype in the Thrums original.

Messrs. J. C. Hostetter, Theo. Seufert and J. S. Fish, who have been up in the mining district near Sumpter, looking after their interests there, returned yesterday afternoon, and, seconding every one's else report, say Sumpter is about the liveliest place they know of. It looks, however, somewhat as if it had reached its zenith, since there is no doubt the road will be extended to Clifford, cutting off much of the territory they now claim. They are more than encouraged regarding the mines in which they are interested in the Greenhorn. The Golden Eagle is panning out all right and there is not a shadow of a doubt as to the future of the Double Eagle Mining Company. At the moment they are working a 3-stamp mill, and have day and night crews constantly at work.

His ninth birthday was a pleasant one for Clifton Condon, his grandma, Mrs. S. French, having invited nine boys and as many girls to spend Saturday afternoon with him. A very amusing game of pinning the heart on the Chinaman afforded much pleasure to the little ones, and Carmel Bolton was successful in getting that member just about in place. Then they were given cards with the name "George Washington" thereon, and required to find the largest number of words contained in the two names. Nellie Hostetter was given the prize for finding the most words. Mrs. French sat them down to such a lunch as would have astounded even the older people. On the center of the table was a beautiful cake, around which were nine silver dollars, the gift of his Grandpa French, and on each was a lighted candle. At each place was a pretty valentine in heart shape. And thus the following boys and girls enjoyed Clifton's birthday in the happiest manner: Alfred Thompson, Guy Jones, Jamie Kinersly, Ray Bunnell, Charles, Walter and Wilson Huntington, Glenn Cushing, Nellie Hostetter, Lue Hostetter, Naomi Vause, Margaret Sampson, Frankie Sampson, Carmel and Nonearle, Bolton, Maude Kerby and Heien Peters.

PEOPLE YOU ALL KNOW.

Mr. and Mrs. Freas Saunders returned to their home in Arlington last evening.

Ed Michell, who is now sojourning at Stevenson, came up Saturday and spent yesterday in the city.

Scott Cathart, who is attending business college in Portland, spent Sunday at his home in this city.

Mrs. Nellie Wilson, of the Campbell & Wilson Millinery parlors, left on yesterday's afternoon train for Portland on a business trip.

Dr. Gertrude French arrived from Portland Saturday and spent Sunday with her parents, Mr. and Mrs. Smith French, returning this morning.

Dr. and Mrs. Logan left this morning for Portland, where they go to meet Miss Minnie Lay, who is returning from a few months stay in St. Louis, Mo.

A. L. Gude, who has spent the past three weeks at his home in Los Angeles, returned last night and today resumed his duties in A. M. Williams, shoe department.

Wm. Brenner, who has accepted the pastorate of the Lutheran church here, arrived in the city last Friday. He left for Oregon City today to install his successor in the work there and will return Saturday to remain permanently.

Rev. U. F. Hawk made the trip to Portland today to visit his little son, who is in the hospital there. From reports his condition is very satisfactory, and the physicians express the opinion that he will eventually be able to walk with not even a sign of lameness.

R. H. Lonsdale, who has spent the past six weeks at his home in Columbia, Mo., returned yesterday afternoon. It is not unlikely that Harry may return to his old home permanently. His many friends here, however, hope such will not be the case, although the persuasion of his parents will no doubt have great weight.

CASTORIA

For Infants and Children.

The Kind You Have Always Bought

Bears the Signature of *Chas. H. Fletcher*

Cures Headache Quickly.

Baldwin's sparkling effervescent Celery Soda. A harmless and effective cure for headache, nervousness, sleeplessness, brain fatigue, 10 and 25 cents. Sold by Clarke & Falk, druggists. Jan 24 '00
