THE LITTLE MINISTER

300 NIGHTS IN
NEW YORK CITY.

By J. M. Barrie. Founded
upon his novel of
same name.

"The Little Minister" is a triumph
for purity in theatricals.—New York
Herald.

PEOPLE YOU ALL KNOW.

J. C. Ward is in from Kingsley today
on business.

H. H. Campbell came up from Port-
land on last night's boat.

H. A. Clark, Chas. Kirk and W. T.
Edwards are registered at the Umatilla
from Albany.

Truman Butler left on the boat this
morning to spend a short time with his
father in Portland.

Miss E. M. Leland, a teacher from
Portland arrived in The Dalles last night
and spent today here.

A. W. Giesy, representing the Nor-
wich Fire Ins. Co., came up from Port-
land last night, returning on this morn-
ing's boat.

Miss Douthit left this morning for
Portland to be absent a few weeks. Miss
Bertha Hill will fill her position in the
school during her absence.

Miss Gertrude Gresham, a niece of
Mrs. James Blakeney, is in the city
from Walla Walla visiting her aunt.
She is on her way to Portland.

Mr. and Mrs. Wilbur Bolton passed
through the city last night on their way
to Antelope from Portland, where Mrs.
Bolton has been receiving medical treat-
ment.

Mr. and Mrs. John Jennings came up
from Portland on last night's boat on
their way to Nampa, Idaho. They have
been the guests of Mr. and Mrs. S.
Bolton during the day, and will leave
tonight.

Immense Wool Shortage.

A shortage in the wool clip of the
country of 75,000,000 pounds for the year
is estimated by the American Wool and
Cotton Reporter. This compares with a
shortage of 26,600,000 pounds of wool in
1898. The total supply of wool in the
United States at the close of the year,
exclusive of manufacturers' holdings,
was 157,398,879 pounds, against 239,
023,858 pounds a year ago.

According to the claims of wool dealers
the above is particularly true of Oregon.
T. E. Fell, manager of the Pendleton
woolen and scouring mills, in speaking
on this question to an East Oregonian
reporter, said: "In my opinion there
will be a considerable falling off from
that of last year. While I look for a
much heavier clip per head, I believe
the number of sheep has greatly de-
creased. There was no scarcity what-
ever in Oregon last year, the season's
clip being the largest in the history of
the state. Taking Oregon as a whole,
I am not in a position to state, but, as
far as this section is concerned, I am
satisfied the number of sheep now is
much less than that of last year. This
has been an excellent season for sheep,
and each one will produce a larger
amount and a finer grade of wool than
was the case last season. Prices are
higher, and the prospects are that wool-
growers will realize as much, or more,
from their sales this season than they
did last."

Wheat Sale at Dayton.

A heavy wheat deal was recently con-
summated at Dayton and the grain is
being sent to Portland as fast as cars
can be had for that purpose. About
100 cars will be needed, and it is possi-
ble to secure but a few each day. The
deal was for 70,000 bushels, averaging
61 pounds. The price was 45 cents on
board the cars. W. J. Loundagin made
the deal for Corbett Bros. & Co., the
principal seller being W. T. Richard-

son, who had 64,000 bushels of his own
grain in the lot. This grain was raised
within three miles of that city, and was
of unusually good quality, which fact
accounts for the high price secured. The
regular price for grain there now is
from 39 to 41 cents.—La Grande Chroni-
cle.

THE NEW SEWERS.

The following poetic effusion has been
handed us for publication. As it is not
of the "soaring" kind we give it space:
They say the new sewers are going to be made.
The old sewers have too much of a grade.
The new ones will be made from east to west.
They claim this system is always the best.
The sewers when made will be all the style.
With a grade of a foot and a half to the mile.
And if anything gets in as big as your shoe
It's got to stay there if it can't get through.
The terracotta pipe, whether cheap or dear.
Undoubtedly must be purchased here:
Whether from Peters, or Mays & Crowe.
Your correspondent does not know.
The money will be collected, but they don't
know when.
And they claim they'll employ a hundred men.
If such be the case it will keep 'em a running.
To get the tools sharpened by our Councilman
Gunning.
When these men want clothing they'll always
find
Charley Stephens on Second street, bear this in
mind.
When the sewers are finished and we find them
no good,
We then can repair the old sewers with wood.
The money collected that the new sewers cost.
Being spent in this city, it cannot be lost.

Proposals for Refunding Water Bonds, Dalles City Oregon.

Sealed proposals will be received by
the board of water commissioners of
Dalles City, Oregon, at said city until
8:30 o'clock p. m. of the 26 day of Feb.,
1900, for twenty-five thousand dollars;
and twenty thousand dollars of refunding
water bonds of said city, (as it is not
settled as to whether the total amount
of bonds will be \$25,000 or \$20,000) au-
thority is extended to the said board to
issue refunding water bonds in the sum
of \$25,000, but if found not to be neces-
sary, the issue will be for no more than
\$20,000; and at a rate of interest not ex-
ceeding four per cent per annum pay-
able twenty years from date of issue,
interest payable semi-annually, princi-
pal and interest payable in gold coin of
the United States, at any city therein,
at the option of the buyer.

The bonds mentioned will be issued
under the provisions of the several leg-
islative acts of the state of Oregon, ap-
proved Feb. 26, 1885, Feb. 19, 1889, and
Feb. 14, 1895, and in pursuance of an or-
dinance adopted by the common council
of Dalles City, approved January 25,
1900. The proposed refunding water
bonds are intended for the redemption
of outstanding water bonds in the sum
of \$25,000; but in case the board of water
commissioners prefer, it will issue re-
funding bonds for \$20,000 only, therefore
bidders may make proposals for both
\$25,000 and \$20,000, and in the denomi-
nation of \$500 each.

No bid will be entertained for a rate
less than par value of the bonds. Premi-
ums and rate of interest will be taken
into consideration in passing on the
value of all bids.

Bidders must deposit with the presi-
dent of the board a duly certified check
on some responsible bank equal to 2 per
cent of the amount of bonds bid for, or
accompany his bid with cash of such
amount as will equal such per cent of
his bid, and such certified check made
payable to the president of the board of
water commissioners of Dalles City, Or.,
as liquidated damages in case the bidder
shall fail or neglect to receive and pay
for, at the office of the city treasurer of
said city, the bonds awarded to him on
his bid, on or before the first day of
March, 1900.

Attention should be given the fact
that the board will not issue and dispose
of more than \$20,000 of such refunding
bonds, unless it shall be deemed neces-
sary to do so, but otherwise, if the board
shall find that it is necessary to issue
bonds in the sum of \$25,000, it will then
offer and issue the full sum, (\$25,000).

The right to reject any and all bids is
reserved by the said board of water
commissioners.

Bids should be addressed to the presi-
dent of said board, or to the city record-
er, Dalles City, Wasco county, Oregon,
and noted "Proposals for refunding
water bonds."

By order of the Board of Water Com-
missioners, by and with the consent of the
Common Council. This 25th day of
January, 1900.

T. J. SEUFERT,
President of Board,
NED H. GATES,
Recorder of Dalles City.
