QUALITY IN SOLDIERS.

The British military critic who says that "quality and not quantity is what England needs to beat the Boers" is on the right track, but he is a little faulty in his illustrations. "The battle of Saratoga," he says, "should have taught every Englishman the true theory of war. There the American militia not only defeated the English troops, but forced them to an ignominious surrender; and, mark it, these same English troops were the best soldiers of their time. Or, take a still clearer case, Wellington's veterans were beaten at New Orleans by half their number of raw militia. But even New Orleans taught the English nothing."

In Burgoyne's campaign, which ended with his surrender at Saratoga, the conditions were much different from those which prevail in South Africa. It was the Americans in 1777 who did most of the attacking. Though Burgoyne was the invader, as Buller has been in 1900, the British did not waste their strength against an invisible enemy in the earlier instance, for Arnold, Morgan and the other American chieftains took the offensive. The Americans had an incompetent commander, Gates, the man whom Cornwallis easily defeated in the Southern campaign afterward, but under Gates in the Saratoga battles were some of the most dashing and skillful of the American generals. The British made a frontal attack at New Orleans, as they have been doing in South Africa, and the parallel in that instance is reasonably close, but at New Orleans not only would flanking operations at the outset have been somewhat difficult, but Pakenham, the British commander, knowing the inferiority of Jackson in point of numbers, had also some hope of taking him by surprise. Pakenham was deceived, as the result showed, but his mistake had more of an excuse than Buller's had in the present campaign.

If the British military critics want to find, in American experience, a close analogy to the blunders in South Africa they can get it in Abercrombie's campaign of 1758, which culminated at Ticonderoga. Abercrombie made a frontal attack on Montcalm at Ticonderoga which did not have the excuse of Gage's assault on Putnam and Prescott at Bunker Hill or Pakenham's on Jackson, as flanking operations were not only easy, but several of Abercrombie's officers, including Lord Howe, who was killed in the battle, pointed out ready methods by which the British and Americans could have got in Montcalm's rear, and have forced him to get out of his breast-

works. The British commander, however, refused to listen to any suggestions of this sort, and as a consequence 15,000 troops, composed of the flower of the British army and of the American soldiers, were beaten by 3500 French and Indians, losing very nearly as many men in killed and wounded as Montcalm had in his whole force. Quality undoubtedly counts in military men as in other sorts of persons, but it is quality in officers more than in privates which the British should insist on. The private soldiers who have been battling under Buller, French, White and the other English commanders are as brave as any soldiers to be found in any army, but the chief officers are evidently ignorant of even the rudiments of a knowledge of their profession.—Globe-Democrat.

"After doctors failed to cure me of pneumonia I used One Minute Cough Cure and three bottles of it cured me. It is also the best remedy on earth for whooping cough. It cured my grandchildren of the worst cases," writes Jno. Berry, Loganton, Pa. It is the only harmless remedy that gives immediate results. Cures coughs, colds, croup and throat and lung troubles. It prevents consumption. Children always like it. Mothers endorse it.

The claim of other cough medicines to be as good as Chamberlain's are effectually set at rest in the following testimonial of Mr. C. D. Glass, an employe of Bartlett & Dennis Co., Gardiner, Me. He says: "I had kept adding to a cold and cough in the winter of 1897, trying every cough medicine I heard of without permanent help, until one day I was in the drug store of Mr. Houlihan and he advised me to try Chamberlain's Cough Remedy and offered to pay back my money if I was not cured. My lungs and bronchial tubes were very sore at this time, but I was completely cured by this remedy, and have since always turned to it when I got a cold, and soon find relief. I also recommend it to my friends and am glad to say it is the best of all cough medicines." For sale by Blakeley & Houghton.

A Convincing Answer.

"I hobbled into Mr. Blackmon's drug store one evening," says Wesley Nelson, of Hamilton, Ga., "and he asked me to try Chamberlain's Pain Balm for rheumatism with which I had suffered for a long time. I told him I had no faith in any medicine as they all failed. He said: 'Well if Chamberlain's Pain Balm does not help you, you need not pay for it.' I took a bottle of it home and used it according to directions and in one week I was cured, and have not since been troubled with rheumatism." Sold by Blakeley & Houghton.
