Sheep Men Take Notice.

It appearing that the sheep belonging to Mr. H. C. Rooper are or may be slightly afflicted with scab, and weather conditions being such that said sheep cannot be dipped at the present time, it is hereby ordered that said sheep be quarantined until such time as they can be properly dipped on the ranges heretofore and usually used by Mr. Rooper, and bonded somewhat vaguely as follows: On the west by the Bake Oven and Primeville road; on the south by the top of the ridge half way between Boat creek and Deep canyon; east by ridge between Indian creek and Boat creek; north by ridge half way between Ochoco gulch and Coon hollow.

It is especially enjoined on the herders and persons in immediate charge of these sheep that they use every precaution in their power to prevent any of said sheep from straying or in any manner coming in contact with other sheep. And all other persons having sheep in this vicinity or wishing to drive any sheep through this section of country are warned not to cross or in any manner trespass on the above described range.

It also appearing that a small band of sheep belonging to Frank Taylor on Three-Mile creek are slightly infected with scab. It is ordered that said sheep be quarantined in an enclosure of said Frank Taylor until cured of said disease. The Dalles, Or., Feb. 15, 1900.

No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50 cents at Blakeley & Houghton's drugstore.

Macrum Ticked Over His Sensation.

PITTSBURG, Feb. 19.—Charles E. Macrum, ex-consul of Pretoria, South Africa, left for Washington tonight, at 10 o'clock on the Baltimore & Ohio road. Before leaving he said: "I do not withdraw a word of my charges against the British officials in South Africa. If I am called upon, I am prepared at any time to testify to them and furnish evidence of their truthfulness."

Mr. Macrum is evidently delighted over the effect of his statement made public last week, and says that, although he is not acquainted with Congressman Wheeler, of Kentucky, who introduced a resolution in the house asking for an investigation of his case, he will call upon him tomorrow or next day. The ex-consul says he is not going to Washington on any special mission, but wants to be on the ground to give his testimony should it be needed.

Eczema! The Only Cure.

Eczema is more than a skin disease, and no skin remedies can cure it. The doctors are unable to effect a cure, and their mineral mixtures are damaging to the most powerful constitution. The whole trouble is in the blood, and Swift's Specific is the only remedy which can reach such deep-seated blood diseases.

Eczema broke out on my daughter, and continued to spread until her head was entirely covered. She was treated by several good doctors, but grew worse, and the dreadful disease spread to her face. She was taken to two celebrated health springs, but received no benefit. Many patent medicines were taken, but without result, until we decided to try S. S. S., and by the time the first bottle was finished, her head began to heal. A dozen bottles cured her completely and left her skin perfectly smooth. She is now sixteen years old, and has a magnificent growth of hair. Not a sign of the dreadful disease has ever returned.

Don't expect local applications of soaps and salves to cure Eczema. They reach only the surface, while the disease comes from within. Swift's Specific

S.S.S. For the Blood

is the only cure and will reach the most obstinate case. It is far ahead of all similar remedies, because it cures cases which are beyond their reach. S. S. S. is purely vegetable, and is the only blood remedy guaranteed to contain no potash, mercury or other mineral.

JAPAN WILL ASK THE SAME FAVORS

Will Be Adversely Affected by the New French Treaty—The Treaty With Switzerland.

NEW YORK, Feb. 19.—A special to the Herald from Washington says:

Although Japan has not addressed any remonstrances to the government respecting the treaty of reciprocity negotiated by this government with France, she has made it plain to the authorities that she will be adversely affected by the provision relating to silks. The United States is unable to take any action in the matter except to negotiate a treaty of reciprocity with Japan in case the French treaty is ratified, which is, from the present outlook, an altogether unlikely event.

The French treaty will expire the latter part of next month, providing ratifications have not been expressed by that time, and it has not yet been reported by the senate committee. The state department officials insist that interests at first opposed to the treaty have, to a large extent, withdrawn their opposition, but senators familiar with the situation say the treaty will not be ratified.

The section of the treaty of friendship, commerce and extradition with Switzerland, negotiated in 1850, requiring the extension to the Swiss confederation of any favor in commerce granted to other nations, will be abrogated next month, and with it the embarrassment suffered because of the possibility of other nations claiming the extension to them of the most-favored-nation clause will be removed.

There is no intention on the part of the authorities to revive the treaty with Argentina, but they propose to use all the influence they can to obtain ratification of the French treaty. An official said last night that in the event of the failure of congress to ratify the French treaty, the tariff wall raised around the United States by the Dingley law would, in the end, result in limiting the American markets, through European retaliation on American products.

BRABANT'S FORCE IN DORDRECHT

Experts are Not Entirely Satisfied With Situation at Kimberley—Buller Is Said to Have Captured 100 Prisoners. Much Ammunition and Provisions.

LONDON, Feb. 19.—The war office has received the following dispatch from General Buller:

"Cheveley Camp, Feb. 19.—I yesterday moved around the enemy's flank. The Queens, who had bivouacked on the northern slope of Cingolo, crossed the Nek, and supported by the rest of the Second brigade, under Hildyard, assaulted and took the southern end of Monte Cristo. The Fourth brigade, on the left or western slope, and the Welsh fusiliers, supported by the rest of the Sixth brigade, assaulted the eastern flank of the enemy's position, while the Second brigade of cavalry, on the extreme right, watched the eastern slopes of Monte Cristo and drove back those of the enemy who attempted to escape there from our artillery fire.

"Assaulted by heavy artillery fire on their front and flank and attacked on their flank and rear, the enemy made but slight resistance, abandoned their strong positions and were driven across the Tugela. I have taken several camps, a wagonload of ammunition, several wagons of stores and supplies and a few prisoners. The weather is intensely hot, and the ground traversed was exceedingly difficult, but the energy and dash of the troops has been very pleasant to see. They have all done splendidly.

"The work of the irregular cavalry, the Queens, the Scots fusiliers and rifle brigade was perhaps most noticeable, while the excellent practice of the artillery and naval guns and steadiness of the gunners, under all times, was remarkable. The accurate fire of the naval guns from Cheveley was of great assistance. Our casualties are not, I think, many."

DURBAN, Feb. 19.—The bombardment of the Boer position on Ilangwana Hill was continuous yesterday and fighting is still proceeding at 6 o'clock this evening. It is said the British have captured 100 prisoners.

STRETHORN CAMP, Sunday.—The Boers are retiring and General Brabant's forces are now entering Dordrecht.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid fever, that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular sizes 50 cents and \$1.00. Trial bottles free at Blakeley & Houghton's drugstore; every bottle guaranteed.

Proposals for Refunding Water Bonds, Dalles City Oregon.

Sealed proposals will be received by the board of water commissioners of Dalles City, Oregon, at said city until 8:30 o'clock p. m. of the 26 day of Feb., 1900, for twenty-five thousand dollars; and twenty thousand dollars of refunding water bonds of said city, (as it is not settled as to whether the total amount of bonds will be \$25,000 or \$20,000) authority is extended to the said board to issue refunding water bonds in the sum of \$25,000, but if found not to be necessary, the issue will be for no more than \$20,000; and at a rate of interest not exceeding four per cent per annum payable twenty years from date of issue, interest payable semi-annually, principal and interest payable in gold coin of the United States, at any city therein, at the option of the buyer.

The bonds mentioned will be issued under the provisions of the several legislative acts of the state of Oregon, approved Feb. 26, 1885, Feb. 19, 1889, and Feb. 14, 1895, and in pursuance of an ordinance adopted by the common council of Dalles City, approved January 25, 1900. The proposed refunding water bonds are intended for the redemption of outstanding water bonds in the sum of \$25,000; but in case the board of water commissioners prefer, it will issue refunding bonds for \$20,000 only, therefore bidders may make proposals for both \$25,000 and \$20,000, and in the denomination of \$500 each.

No bid will be entertained for a rate less than par value of the bonds. Premiums and rate of interest will be taken into consideration in passing on the value of all bids.

Bidders must deposit with the president of the board a duly certified check on some responsible bank equal to 2 per cent of the amount of bonds bid for, or accompany his bid with cash of such amount as will equal such per cent of his bid, and such certified check made payable to the president of the board of water commissioners of Dalles City, Or., as liquidated damages in case the bidder shall fail or neglect to receive and pay for, at the office of the city treasurer of said city, the bonds awarded to him on his bid, on or before the first day of March, 1900.

Attention should be given the fact that the board will not issue and dispose of more than \$20,000 of such refunding bonds, unless it shall be deemed necessary to do so, but otherwise, if the board shall find that it is necessary to issue bonds in the sum of \$25,000, it will then offer and issue the full sum, (\$25,000).

The right to reject any and all bids is reserved by the said board of water commissioners.

Bids should be addressed to the president of said board, or to the city recorder, Dalles City, Wasco county, Oregon, and noted "Proposals for refunding water bonds."

By order of the Board of Water Commissioners, by and with the consent of the Common Council. This 25th day of January, 1900.

T. J. SEUFERT, President of Board, NED H. GATES, Recorder of Dalles City.

As a cure for rheumatism Chamberlain's Pain Balm is gaining a wide reputation. D. B. Johnston of Richmond, Ind., has been troubled with that ailment since 1862. In speaking of it he says: "I never found anything that would relieve me until I used Chamberlain's Pain Balm. It acts like magic with me. My foot was swollen and paining me very much, but one good application of Pain Balm relieved me. For sale by Blakeley & Houghton."

NOTICE

of Application for Liquor License.

TO ALL WHOM IT MAY CONCERN: Notice is hereby given that the undersigned, J. J. Wiley, will at 10 o'clock in the forenoon, on Wednesday, the 7th day of March, 1900, the same being the regular March term of court, apply to the County Court, of the State of Oregon, for Wasco County, for a license to sell spirituous, malt and vinous liquors in less quantities than one gallon, in the town of Shaniko, in Antelope precinct, in said county and state aforesaid, for such period as his receipt from the County Treasurer of said county may call for; and his petition for said license, which he will present to the said County Court on said date, is hereinafter set forth.
