Rheumatism!

Rheumatism often causes the most intense suffering. Many have for years vainly sought relief from this disabling disease, and are to-day worse off than ever. Rheumatism is a blood disease, and Swift's Specific is the only cure, be-cause it is the only remedy which can reach such deep-seated diseases.

A few years ago I was taken with inflammatory Rhoumatism, which became so intense that I was for weeks unable to walk. I tried several prominent physi-

edy, and in two months I was cured completely. The cure was permanent, for I have never since had a touch of Resumatism though many times exposed to damp and cold weather.

Good Reports From the Ranges of Eastern Oregon-Prices Are Good,

D. W. Raiston, a stock dealer, of Sheridan, has returned from an extended trip in Eastern Oregon, says the Oregonian and reports stock of all kinds fat on the ranges of Gilliam, Wheeler, Crook and Grant this time of the year in the memory of stockmen of that region. Usually in March sheep and cattle dependent on the ranges are thin as in the winter months, for the ground is covered with several inches of snow, which hides the grass. This season, however, green grass and bare ground ruled the winter through, and now mutton sheep are as fat as when they were brought out of the mountains last fall. His firm has made several purchases of motton wethers for Paget Sound and Alaska consump-"Sheepraisers hold their stock pretty high, though, on account of the good price expected for wool, and the presence of numerous buyers from the East," he said. "A good many sheep are changing hands between the stocksold down pretty close last year, and nowd sire to restock the ranges depleted is the only thing that has done any by Eastern bayers in 1899. Two-yearold wethers are held at \$3.25 a bead, after shearing, while yearlings are being all left me. I congratulate the manusold from \$2.15 to \$2.85 each.
