

Foul-Smelling Catarrh.

Catarrh is one of the most obstinate diseases, and hence the most difficult to get rid of. There is but one way to cure it. The disease is in the blood, and all the sprays, washes and inhaling mixtures in the world can have no permanent effect whatever upon it. Swift's Specific cures Catarrh permanently, for it is the only remedy which can reach the disease and force it from the blood.

Mr. B. P. McAllister, of Harrodsburg, Ky., had Catarrh for years. He writes: "I could see no improvement whatever, though I was constantly treated with sprays and washes, and different inhalations, and finally I was brought to my knees by the disease, and after thinking over the matter, I saw it was hopeless unless I could get the disease out of my blood. I tried to do this by using the medicine which only reached the surface. I then decided to try Swift's Specific, and after taking a few bottles I was cured. I had a permanent improvement. Concluding the remedy, the disease was forced out of my system, and a month later I was able to abandon the treatment, which has never done them any good, and take S. S. S. a remedy that can reach the disease and cure it."

To continue the wrong treatment for Catarrh is to continue to suffer. Swift's Specific is a real blood remedy, and cures obstinate, deep-seated diseases, which other remedies have no effect whatever upon. It promptly remedies Catarrh, and never fails to cure even the most aggravated cases.

Europe Wants War to Stop.

New York, March 12.—A special to the World from Washington says: Baron Geyers, the new minister from the Netherlands, will be officially received tomorrow. He brings authenticated copies of the three treaties embodying the agreements of The Hague Peace conference, which he will file with the state department.
Baron Geyers gave out tonight the following authorized interview:
"The Boers are brothers of the Hollanders and the two people are bound by the strongest ties of blood and intercourse. I am not aware of any negotiations between European powers looking toward intervention. The state of affairs, unhappily, is such that in all probability it would be impossible for any European power to approach Great Britain without danger of rebuke."
"If some nation, on terms of cordial intimacy were to begin the negotiations and open the way, I feel convinced that all Europe would further the plan."

Rev. W. E. Sitzer, W. Canton, N. Y., writes, "I had dyspepsia over twenty years, and tried doctors and medicines without benefit. I was persuaded to use Kodol Dyspepsia Cure and it helped me from the start. I believe it to be a genuine 'for all forms of indigestion.' It is simply what you eat."

PUERTO RICANS MUST BE FED

In the Center of the Island There is Nothing to Eat and Fruit Cannot Be Had for From Two to Four Months.

New York, March 12.—Accompanying the report of Brigadier-General Davis, Governor-General of Puerto Rico, in regard to the situation in the island, is a report made by Captain H. S. Bishop, of the Fifth Cavalry, stationed at Manatee, in which he makes a strong appeal for food.

Captain Bishop states that the pressure for relief supplies is greater today than it was before the hurricane. The sugar industry will give employment to only a few, leaving the balance of the poor class without any occupation or means of support. In some sections they are beginning to raise sweet potatoes, but in the center of the island, or the coffee district, there is nothing for the poor to eat. Bananas and plantains will not be ready for from two to four months. If the rations are not continued, Captain Bishop states, there is almost certain to be an outbreak of lawlessness and an increase of illness and the death rate. He says he had hoped to reduce the rations, but reports from all sections of the district indicate increased destitution.

General Davis states that each of the coffee planters as could have cleared up the rubbish and weeds in their fields, having no money to pay their hands, have laid them off. Workmen and their families, lacking money to live, are drifting into the towns, demanding food. General Davis asks for a second shipment of 500 tons of rice, codfish and bacon, in usual proportions, to follow the 500 tons to go on March 15.

Remarkable Cures of Rheumatism.

From the Vindicator, Rutherfordton, N. C.
The editor of the Vindicator has had occasion to test the efficacy of Chamberlain's Pain Balm twice with the most remarkable results in each case. First, with rheumatism in the shoulder from which he suffered excruciating pain for ten days, which was relieved with two applications of Pain Balm, rubbing the parts afflicted and realizing instant benefit and entire relief in a very short time. Second, in rheumatism in thigh joint, almost prostrating him with severe pain, which was relieved by two applications, rubbing with the liniment on retiring at night, and getting up free from pain. For sale by Blakeley & Houghton.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid fever, that ran into pneumonia. My lungs became hardened. I was so weak I could not even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular size 50 cents and \$1.00. Trial bottles free at Blakeley & Houghton's drugstore; every bottle guaranteed.

WINTER TRIPS.

For winter residence or winter outing ideal conditions will be found on every hand in California. Pioneers early rainfall has this season given to the semi-tropical vegetation wonderful impetus; the floral offerings are more than usually generous and the crop of southern fruits bountiful and excellent. Old ocean possesses new charms at Santa Barbara, Santa Monica, Long Beach, Coronado and the enchanted isle of the sea, Catalina—where fishing, boating, rambling, riding, hunting and loafing may be enjoyed as nowhere else. Quiet little spots, snug and warm, offer themselves at Montecito, Nordhoff, Pasadena, Echo Mountain, San Jacinto, Fall Brook and Palm Springs.

For renewing health and vigor, here abound many hot springs, of widely varying constituents and demonstrated merits; the dry, antiseptic, tonic air of the desert may be enjoyed at Banning, Indio, Yuca; and, even farther on, at Phoenix, Tucson, El Paso, exists conditions equally well indicated for weak throats and lungs.

Many think nothing in nature more attractive than the shimmering olive orchards of Santa Barbara and San Diego; others prefer the stately walnuts of Ventura and Los Nietos, or the lemons of Fernando; but for glorious fruit and graceful tree command us to the golden orange, first, last and always, and it exists in greatest perfection at

Covina, Riverside, Redlands and Highlands. Equally interesting is the scientific and tempting fashion in which the sorting and packing of the orange is here accomplished.

The faithful were exhorted to see Mecca and shuffle off; but wiser generations will see California of the south and prolong life.

Drying preparations simply developed dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c size. Ely Brothers, 55 Warren St., N. Y. The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.
