

Rolling Mill Consumption

Seven out of every ten men who work in rolling mills, iron foundries and glass factories die of consumption. You know how early in life these men pass away. The usual symptom is a nagging, persistent cough—sometimes short and hacking, sometimes hard and dry. The patient grows weaker and thinner day by day. Death eventually conquers. The trouble comes from intense heat, and the constant inhaling of the fine particles of dust and iron that fill the air. These particles, under a microscope, show ragged, sharp edges, which tear and mutilate the delicate lining of the throat and lungs. Perpetual sores are thus formed, and here it is that the germs of consumption find a place to feed and multiply. Acker's English Remedy was discovered in England, and is the only cure in the world for Rolling Mill Consumption. It heals up the sores, strengthens the mucous membranes of the breathing organs, permanently stops the cough, builds up the constitution and imparts vigor to the whole system. It must either cure or it costs you nothing. One bottle does wonders. Try it. What it has done for many others it will also do for you and your loved ones.

Sold at 50c, 50c and \$1 a bottle throughout the United States and Canada; and in England at 1s, 2s, 3s, 4s, 6s. If you are not satisfied after buying, return the bottle to your druggist, and get your money back.

We authorize the above guarantee. W. H. HOOKER & CO., Proprietors, New York.

Ordinary Failing Eyesight

Is by some regarded as alarming, by others, treated too carelessly. All eyes begin to fail at 40 years of age; some have trouble a year or two before that time—the majority not until after. From 36 to 45 is the time you should consult a competent optician in order to start right, otherwise several dangers confront you, among which is that terrible disease, glaucoma, which leads to total or partial blindness.

It is estimated that 90 per cent of all cases of glaucoma are due to the "putting off" the use of glasses after failure begins. Scientific examination free by Theodore H. Liebe, optician, next door east of First National Bank on Second street.
