Tonight is the regular monthly meeting of the water commissioners.

Miss Madge Warren, of Hood River, has opened a three-months school on Mill Creek.

License to wed was issued today to Roseco E. Miller and Mary M. Jochimsen, both of Hood River.

Say! Have you seen that elegant line of neckwear that Pease & Mays are showing for 25 cents?

Ed Wingate says the remainder of the bonds, not yet taken up by subscribers, will be delivered next Monday.

Sing it. The best that ever happened. Your choice of that elegant line of neckwear for 25 cents. Pease & Mays.

According to the agreement among the business men of The Dalles, collection day will fall on Wednesday of the coming week.

Grass Valley folks call it the "scab" and when one of them has the smallpox right bad they say he has "broke out until further orders."

Umatilla county Republicans have a plank in their platform favoring an amendment to the present tax laws, making taxes delinquent in October of each year instead of April 1st.

THE CHRONICLE takes pleasure in announcing that Rev. U. F. Hawk has recovered from his late indisposition. He has been on the street for several days and expects to occupy his pulpit tomorrow.

The carpenters are making a good showing on the scouring mill building, which is rising rapidly. The well is down over 100 feet and after ten feet more artesian water will be expected any moment.

Three boys of about ten years were arrested this morning by Marshal Hughes for riding bicycles on the side-

walk. As the lads insisted that they did not know they were breaking the law, the recorder discharged them upon a promise that they would not repeat the offense.

Rt. Rev. B. Wistar Morris will conduct services at St. Paul's Episcopal church tomorrow at 11 a. m., on which occasion the holy communion will be administered. The bishop will preach at Hood River in the evening.

Ed Smith, of Grass Valley, who advertised about ten days ago in The Dalles papers for the recovery of a team and buggy that he had let out on hire to a stranger, found the buggy and harness last week three miles east of this city. The single-trees were found broken and the horses had been turned out on the range.

At the regular weekly meeting of the high school graduates of the class of 1900, held last night in the high school building, the twenty members of the class recited in consecutive order a delegated section of Webster's Bunker Hill orations. The recitation formed the business of the evening and was quite successfully executed.

Sherman county votes for Al Lake. Here is what the Grass Valley Journal says about him: "A. E. Lake has many admirers in Sherman county who are glad to learn of his nomination for county clerk, of Wasco county. Mr. Lake is a jolly fellow, thoroughly reliable, and fully competent for anything he tackles. We predict his election by a handsome majority."

Moses Pike died at Goldendale last Tuesday and was buried Thursday. He had reached the advanced age of 84. He was a pioneer and former resident of Yamhill county, from whence he came to Klickitat county about twenty-five years ago. He was an earnest and devout Christian and a man who had the esteem of everyone who knew him. The deceased was father of Col. E. Pike, of Goldendale.

The largest merchant tailoring house in the world is operated by the Royal Tailors, of Chicago. They offer \$10,000 (and we guess they can pay it) for evidence that they sell any "ready-made" clothing. Everything is made strictly to measure, at just about "ready-made" prices. A. M. Williams & Co. are local agents for the Royal Tailors. They have a splendid showing of fashionable patterns for the spring and summer.

Quiet reigns over the Democratic primaries being held here today. There is only one ticket in the field, or rather one ballot at each voting place, with about twice the number of names on it, so that voters might have a choice of names. The vote is light and little interest is manifested, except among the few standard-bearers, without whom Democracy in The Dalles would only be a memory. The polls will not close till 6 o'clock.

Ray W. Logan, a Dalles boy, son of Dr. Hugh Logan, passed his final ex-

amination this week at the Portland Medical College and will secure his diploma as doctor of medicine next Monday night. For the past seven months Ray has been house surgeon at St. Vincent's Hospital, quite an unusual honor for an undergraduate. It is his intention to remain in the hospital till he serves out the period of two years. Ray's numerous friends and former companions here will be pleased to learn of his success.

Mr. and Mrs. B. A. Gifford and little son have returned from a two month's trip through the South and East. The party took in many of the leading cities and Mr. Gifford never missed an opportunity of visiting the principal studios and picking up whatever pointers there were to be had. Mr. Gifford comes back to The Dalles better pleased with the place than ever. If he saw better countries he experienced no climate equal to that he found at home.

Mike Dichtenmuller, of Mosier, a veteran farmer and fruit raiser of that place, was in town today. Mike is an old and highly esteemed friend of THE CHRONICLE. The last time we met him he was almost stone blind from a cataract. He underwent an operation on one eye about two months ago that enables him to read and write without difficulty. He will have the other eye operated on when the cataract is ripe and then, as a friend good-naturedly suggested to him, he may possibly see more than he wants to.

J. W. Wilson, who is well known here as a former employe of J. O. Mack and Chas. J. Stubling, arrived in the city yesterday from San Francisco, where he has resided since his return from the Sandwich Islands two months ago. Mr. Wilson left the islands chiefly through dread of the bubonic plague. While there he was in the employ of J. H. McDonough, formerly of the White House saloon in this city, and later in the saloon business at the Locks. McDonough is running a hotel at Hilo and is doing well every way and making money.

Of the Umatilla delegation elected last Thursday at Pendleton to attend the approaching Republican state and district conventions, the East Oregonian says: The state delegation chosen is a straight Moody delegation, and the vote of this county in the second district congressional convention will be cast solid for The Dalles man. This is one of the absolute conclusions that may be drawn from the result of the proceedings. The Moody interests had been entrusted to the care of W. J. Furnish, and he succeeded in causing the choice of a delegation favorable to the renomination of the present incumbent. The convention will support W. R. Ellis for circuit court judge of that district.

A very happy gathering met at the home of Mr. and Mrs. James Snipes last evening, it being the occasion of their twentieth wedding anniversary, also the birthday of Mr. Snipes. Many

beautiful and valuable presents were received by the bride and groom, and a special and very unique poetical design was presented to Mr. Snipes commorative of his birthday. The first part of the evening was pleasantly spent in music and a guessing game, which all seemed to enjoy. After refreshments had been served by Miss Bessie, the remainder of the evening was spent in playing charades, with much merriment. At a late hour the guests departed, wishing Mr. and Mrs. Snipes many happy returns of the day.

The second assistant postmaster general has assured Representative Moody that he will, in readvertising or reletting star route contracts in his district, incorporate into contracts provisions making it the duty of the carriers on the star routes to deliver the mail of persons along the route in boxes to be erected along the lines, where such service is desired. This will practically establish a system of free rural delivery along such routes, which will be of special advantage to all the farmers and ranchmen along the numerous stage lines throughout Eastern Oregon. Mr. Moody thinks it will also be practical benefit to people along the mail routes in Clatsop, Columbia and the eastern part of Multnomah county. To secure the benefit of this new service, persons along these routes must erect suitable boxes on the roadside and direct their postmaster to deliver the mail to the carrier for their respective boxes. Star route carriers will be required to receive from postmasters all mail matter so ordered, depositing it in the proper boxes, such service to be without charge to the patrons. The carriers will also be required to collect mail from the boxes along their routes.

### SEWER REMONSTRANCE.

Remonstrants Consider the System Inadequate and Too Expensive—May Invoke Litigation.

The following is the remonstrance which has been presented to the common council by seventy-nine of the leading taxpayers of the city against the proposed sewer system. After the usual address and preamble the objections are presented as follows:

First—We object to said proposed sewer system on the ground that said system as contemplated will not serve the purposes for which it is intended; that the main sewer running east and west and emptying into the Columbia river at a point near Union street will not have sufficient fall to carry away the sewerage in times of high water in the Columbia, and that it is a well known fact that when the Columbia is high an eddy exists about where the sewer will empty as contemplated, and that by reason of such eddy the discharge of such sewer will be obstructed by sediment forming and prevent the proper working of the same.

Second—We do not believe the financial condition of the city and the taxpayers therein warrants the expenditure of so large an amount of money at the present time; that taxes are already as high as the community can well afford and that if the proposed sewer system is carried to completion there are many poor people in the city who will be called upon to pay their sewer assessment who do not or will not have the means to pay the same and that it will be necessary for the city to take action or make levy of the property upon many of its citizens.

Third—We are opposed to the proposed system upon the ground that in all likelihood the city will be involved in litigation on account thereof, which will be both expensive and long delayed and the result a matter of much doubt.

Fourth—We are further opposed to said proposed sewer system on the ground that it is proposed to raise all the money at one time, and we think that it would be better for all concerned if some plan could be devised whereby the building of the sewer could be carried on from time to time and such portion be built now as is absolutely necessary and when other portion are necessary to be built the same can be done, thereby lessening the burden to be put upon the people, as will be the case if the whole amount is to be raised at once.

In presenting this petition we do so realizing that your honorable body is desirous of acting for the best advantage of this city and that your every intention is so to do; but at the same time we further realize that the matter is one of great importance to the taxpayers of Dalles City and the subject one which should be handled with great caution as the amount of money to be expended is very great for a city already as much in debt as this one is.

THE CHRONICLE is compelled to own that it undertook a larger contract than it was aware of when it promised to publish the above remonstrance and the answer in one issue. The length of the answer, the difficulty of "boiling it down" and the press of other matter render it necessary to defer the answer till next week.]
