

# Catarrh is Not Incurable

But it can not be cured by sprays, washes and inhaling mixtures which reach only the surface. The disease is in the blood, and can only be reached through the blood. S. S. S. is the only remedy which can have any effect upon Catarrh; it cures the disease permanently and forever rids the system of every trace of the vile complaint.

Miss Josie Owen, of Montpelier, Ohio, writes: "I was afflicted from infancy with Catarrh, and no one can know the suffering it produces better than I. The sprays and washes prescribed by the doctors relieved me only temporarily, and though I used them constantly for ten years, the disease had a firmer hold than ever. I tried a number of blood remedies, but their mineral ingredients settled in my bones and gave me rheumatism. I was in a lamentable condition, and after exhausting all treatment, was declared incurable. Seeing S. S. S. advertised as a cure for blood diseases, I decided to try it. As soon as my system was under the effect of the medicine, I began to improve, and after taking it for two months I was cured completely. The dreadful disease was eradicated from my system, and I have had no return of it."

Many have been taking local treatment for years, and find themselves worse now than ever. A trial of

**S.S.S. For The Blood** will prove it to be the right remedy for Catarrh. It will cure the most obstinate case.

## Working for a Portage Road.

Congressman Wilson, of Idaho, sends a long communication to the Lewiston Tribune telling what is being done by himself and others for the improvement of the Columbia river at the dalles. Mr. Wilson appeared before the river and harbor committee and urged the claims of a portage road in preference to anything else as that which will best meet the immediate wants of the Inland Empire. Mr. Wilson showed that the estimated cost of a canal and locks was \$4,000,000, a boat railway \$2,264,467 and a portage railway only \$454,390; and that the last recommendation from the U. S. engineers department favored a portage road, and that as there are over \$220,000 yet available from the appropriation for a boat railway, it would require only about an equal sum to finish the job. Mr. Wilson answered the objection to a portage road because it would be the entering wedge to government ownership of railroads by saying that "this would not be a railroad in the common acceptance of that term; but would be a mere incident to the improvement of a great national waterway, with which the question of government ownership of railroads had absolutely nothing to do, and that any criticism of this project from that standpoint could as well be made to any improvement whether by canals and locks or by railway."

## Not a Candidate.

Being ill for the past week and confined to my bed, I had no idea that my Prohibition friends had the least thought of placing me in nomination for coroner nor any other office, as no intimation of their political intentions was given me. Not desiring to accept the nomination, I hereby declare that I am not a candidate for that office under any consideration nor on any ticket whatever.
