He Tried a Sample Bottle

Nearly every day people come into drug stores and ask the Druggists to recommend some medicine for their trouble. Very often they re-fuse to do so,

because, as a rule, they do not believe it proper to ad-vise anyone to take a patent medicine of which they do not know the ingredients. It is the physician's business to prenesss to pre-scribe. Some make an ex-

ever, when anyone has a cough, cold or throat and lung frouble. "I always recommend Acker's English Remedy, because I know just what it will do. It has cured every case where I have seen it tried. It is the best expectorant and tonic I ever handled in my 14 years' experience. I will give just one instance of a gentleman who had been troubled for years with a masty, hacking cough. I advised Acker's English Remedy. He tried a sample bottle, and was cured before he had taken half of it, at no cost whatever. This is an exceptional case, however, as it usually takes two or three bottles."
