FRIDAY - - - - APRIL 13, 1900

We publish on the first page a short synopsis of the Puerto Rican bill that has just passed both houses of congress and is by this time, doubtless, a law of the land. It will be seen that as amended by the senate the bill removes all restrictions on goods coming into the United States from Puerto Rico, besides putting on the free list nearly everything in the line of necessary food products that go from the United States to Puerto Rico. And this, briefly, is the bill that Senator Simon voted against because he had been reading the Oregonian's senseless tirade against it and the Republican administration and imagined that when he became recreant to his party he was floating on the swelling wave of popular acclaim. Instead of that, to borrow the phrase of Senator Payne, he has allied himself with the "creatures of Noah's ark" who propose nothing because "no voice comes from the tomb."

The nomination of Malcolm A. Moody to succeed himself has been so long a foregone conclusion that to speak of it editorially is like referring to ancient history. The Republicans of the Second Congressional District could have given no stronger expression of their estimate of Mr. Moody's work and worth than to nominate him a second time by acclamation. In this estimate THE CHRONICLE joins heart and hand and no man in the second district will work harder for the success of the ticket which Mr. Moody shall head, and for every name on the ticket than the editor of this paper.

It may not be generally known that the last Oregon legislature extended the official terms of district attorneys and county superintendents of schools from two to four years. The law will become effective on July 1st next, and the first beneficiaries of the act will be the gentlemen whom the Republicans will elect next June. The legislature should have done the same thing for the assessors, and with more reason, but then the assessor is one of those poor devils that is neither beloved of God nor regarded of man.

The Baker City Democrat is another of those preternaturally gifted journalists who see through Mark Hanna's little scheme of putting up Dewey to defeat the nomination of the Boy Orator of the Platte. Omnipotence alone can hide its schemes from these gifted sons of Democracy.

Governor General Davis, of Puerto Rico, who more than any other man is responsible for the tariff features of the Puerto Rican bill, through his

insistence that a direct tax upon the islanders, under the existing conditions of abject poverty and distress, would be practical confiscation, is a Democrat. But unlike his Democratic brethren in congress and the noisy free traders of all political complexions outside, Gov. Davis had the advantage of a practical knowledge of what he was talking about.

The Times-Mountaineer propounds the following conundrum: "In a republic all subjects are citizens. Under an empire all citizens are subjects. What are Oregonians if Puerto Ricans are subjects." That's easy. About two-thirds of the Oregonians are Republican sovereigns over the greatest empire under the stars. The other third are "subjects" of the hallucination that Bryan is going to be elected. Now give us something real hard.
