

# Workmen

You have seen hundreds of your companions waste away in mill and foundry with a persistent cough. You have seen hundreds of them die with that terrible disease, consumption. You have seen wives left penniless and children thrown upon the mercies of the cold world, because the father coughed his life away. The air you breathe every day is full of sharp, metallic dust, which is inhaled into the lungs and irritates their delicate lining. In the case of glass blowers, the fierce

heat of the molten glass forces its way up the tube into the lungs where it gradually breaks down their delicate structure, making every cold a danger to life. You can't afford to quit work and are daily exposed to this fatal dust and intense heat. What you and your friends need is Acker's English Remedy. This will make your throat and lungs strong again. It will heal the irritation, brace up your strength, and you need never lose a day's work. I have noticed that in some mills there are no cases of consumption. The reason is that Acker's English Remedy is used by the men working there.

Sold at 25c, 50c and \$1 a bottle, throughout the United States and Canada; and in England at 1s, 2s, 3s, 4s, 6s, 8s, 10s, 12s, 14s, 16s, 18s, 20s, 22s, 24s, 26s, 28s, 30s, 32s, 34s, 36s, 38s, 40s, 42s, 44s, 46s, 48s, 50s. If you are not satisfied after buying, return the bottle to your druggist, and get your money back.

## NEW TRAIN SERVICE.

The double train service to be established between Portland and Chicago April 22, in which the O. R. & N., the Union Pacific and the Oregon Short Line are interested, will shorten the through time eleven hours. Train No. 2, leaving Portland at 9:15 a. m., beginning on the date named, will be known as the Chicago-Portland special. Its equipment will be new, making it fully the equal of any train now in service from the Pacific coast to the East. It will consist of a mail car, baggage car, two chair cars, and a tourist sleeper.

There will be but one change of cars to all eastern points. The full time will be three days through to Chicago, or four days through to Chicago, or four days and two hours to New York.

The second train, known as No. 6, will leave Portland at 6:20 p. m., connecting at East Portland with the Southern Pacific's overland train from San Francisco, and will carry through equipment to Chicago via the Union Pacific and the Chicago and Northwestern, and also the equipment for the Washington division of the O. R. & N., in connection with the Great Northern for St. Paul. This train will reach Spokane at 10 a. m. A dining car will be furnished for breakfast into Spokane, and for dinner on corresponding train leaving Spokane at 3:45 p. m. The new schedule as arranged will supply the most complete service ever furnished on the O. R. & N., as it provides increased services in Eastern Oregon, where it is greatly needed, and gives immediate connection with the Washington division at Pendleton. At this point there is a large interchange of traffic, on account of the various mining districts of Baker county, the Coeur d'Alene, the Republic and Kootenai mining camps. Portland is greatly benefited by this change, in as much as increased service is given from Eastern Oregon and Idaho.

No. 2 will arrive in Chicago at 9:30 a. m.; No. 6 at 7:45 a. m., as at present. The westbound train out of Chicago, corresponding with No. 2, is No. 1. This will arrive in Portland at 4:00 p. m. The train corresponding with the eastbound No. 6 is No. 3, out of Chicago. This will reach Portland at 7:30 a. m. Westbound train No. 1 will leave Chicago at 6:30 p. m., and Omaha at 8:20 a. m. the following day. The time will be reduced two hours and forty-five minutes. No. 3 westbound train will leave Chicago at 10:30 p. m., and Omaha at 4:25 p. m. the next day.

The service on the Union Pacific on all these trains include Buffet smoking-library cars, and dining cars. No. 6 will carry a daily ordinary sleeper to Kansas City, with change on route to ordinary cars to Chicago.
