

Scrofula to Consumption.

Any one predisposed to Scrofula can never be healthy and vigorous. This taint in the blood naturally drifts into Consumption. Being such a deep-seated blood disease, Swift's Specific is the only known cure for Scrofula, because it is the only remedy which can reach the disease.

Scrofula appeared on the head of my little grandchild when only 15 months old. Shortly after breaking out it spread rapidly all over her body. The sores on the soles would peel off on the slightest touch, and the odor that would arise made the atmosphere of the room sickening and unbearable. The disease next attacked the eyes, and we feared she would lose her sight. eminent physicians from the surrounding country were consulted, but they could do nothing to relieve the little innocent, and gave it as their opinion that the case was hopeless and impossible to save the child's eyesight. It was then that we decided to try Swift's specific. That medicine at once made a speedy and complete cure. She is now a young lady, and has never had a sign of the disease to return.

Mrs. RUTH BERKLEY, Salina, Kan.

Scrofula is an obstinate blood disease, and is beyond the reach of the average blood medicine. Swift's Specific

S.S.S. For The Blood

is the only remedy equal to such deep-seated diseases; it goes down to the very foundation and forces out every taint. It is purely vegetable, and is the only blood remedy guaranteed to contain no mercury, potash or other mineral substance whatever.

CHRIST IS RISEN.

An Easter Day Sermon at the Methodist Church.

The interior of the Methodist church yesterday betokened the glad Easter tide and its celebration. The altar was particularly beautiful in its decoration of potted plants and white flowers, and the exercises of the day were most fitting.

After the opening exercise of the morning, which included two beautiful anthems by the choir, the pastor, Rev. U. F. Hawk, took as his text the words "Now is Christ Risen from the dead and become the first fruits of them that slept." By way of introduction he said that nearly 1900 years ago, as the first light shone over the Judaea hills, there transpired an event which may well be termed the event of the ages. But a day or two before a man from Galilee had been nailed to the cross, suffering death for a great cause. The body was laid in the tomb, and remembering the prophecy concerning his resurrection, the king's seal was put upon the door and a soldier placed on guard. But all in vain, for the power of the God above was manifest and an angel was sent to roll away the stone, and the Lord came forth. This great event we celebrate today.

It would seem that heaven and earth combined to make this event the most noted of the ages, and so understood by all men. After a trial in accord with all the requirements of the age, the condemned was crucified publicly and before the great throng, which was present to attend the passover. While the people gazed in wonder, the heavens and the earth bear witness to the importance of the event—the sun clothed itself in sackcloth, the earth vibrated, the graves opened, while the veil of the temple was rent in twain.

After dwelling for a short time on the crucifixion and the burial, the speaker described the visit of the women to the grave on the morning of the third day, and in connection said that it seemed to be ordained that with all such important events woman should have an especial connection. While many had not dared to visit the grave and others had perhaps forgotten, these two women were permitted to be the first to greet the risen Lord and hear his loving voice.

"But today what of this man of Galilee who was shamefully crucified and held in dishonor? This morning as we come to celebrate the Easter day, we see the eyes of kings and princes, states-

men and scholars gazing to behold the open grave. From all parts of the world we see all eyes turned to him and the millions receiving him. Old men are singing 'Christ is risen,' while young men and maidens take up the glad refrain: and over the land more than 4,900,000 people are calling him Lord and Master."

In closing Mr. Hawk dwelt on the import of the resurrection to believers and the hope, joy and gladness which it brings to sorrowing ones, as well as to all the world this Easter day.

In the evening appropriate exercises were given by the Sunday school, the choir and others, which were not only fitting, but very well rendered and greatly appreciated.

The offerings of the day, which were generous, were devoted to missions.

NEW TRAIN SERVICE.

The double train service to be established between Portland and Chicago April 22, in which the O. R. & N., the Union Pacific and the Oregon Short Line are interested, will shorten the through time eleven hours. Train No. 2, leaving Portland at 9:15 a. m., beginning on the date named, will be known as the Chicago-Portland special. Its equipment will be new, making it fully the equal of any train now in service from the Pacific coast to the East. It will consist of a mail car, baggage car, two chair cars, and a tourist sleeper. There will be but one change of cars to all eastern points. The full time will be three days through to Chicago, or four days through to Chicago, or four days and two hours to New York.

The second train, known as No. 6, will leave Portland at 6:20 p. m., connecting at East Portland with the Southern Pacific's overland train from San Francisco, and will carry through equipment to Chicago via the Union Pacific and the Chicago and Northwestern, and also the equipment for the Washington division of the O. R. & N., in connection with the Great Northern for St. Paul. This train will reach Spokane at 10 a. m. A dining car will be furnished for breakfast into Spokane, and for dinner on corresponding train leaving Spokane at 3:45 p. m. The new schedule as arranged will supply the most complete service ever furnished on the O. R. & N., as it provides increased service in Eastern Oregon, where it is greatly needed, and gives immediate connection with the Washington division at Pendleton. At this point there is a large interchange of traffic, on account of the various mining districts of Baker county, the Coeur d'Alene, the Republic and Kootenai mining camps. Portland is greatly benefited by this change, in as much as increased service is given from Eastern Oregon and Idaho.

No. 2 will arrive in Chicago at 9:30 a. m.; No. 6 at 7:45 a. m., as at present. The westbound train out of Chicago, corresponding with No. 2, is No. 1. This will arrive in Portland at 4:00 p. m. The train corresponding with the eastbound No. 6 is No. 3, out of Chicago. This will reach Portland at 7:30 a. m. Westbound train No. 1 will leave Chicago at 6:30 p. m., and Omaha at 8:20 a. m. the following day. The time will be reduced two hours and forty-five minutes. No. 3 westbound train will leave Chicago at 10:30 p. m., and Omaha at 4:25 p. m. the next day.

The service on the Union Pacific on all these trains include Buffet smoking-library cars, and dining cars. No. 6 will carry a daily ordinary sleeper to Kansas City, with change on route to ordinary cars to Chicago. Consult the nearest ticket agent for detailed information.
