MINES TO BE BLOWN UP

Natal Mercury Says That Newly-Arrived Refugees Tell of Elaborate Preparations Which Are Being Made for Destruction of All the Shafts.

LONDON, April 19.—A cable this morning states that the Natal Mercury publishes accounts of newly arrived refugees, who tell of elaborate preparations which are being made for the destruction of all the shafts in the mines around Johannesburg. The scheme is being carried out under the supervision of the State Mining Engineer, who has requisitioned all the copper wire in the town for the purpose of making connections.

LONDON, April 19.—The arrival of General Carrington at Beira, Portuguese East Africa, and a reiteration of the report that the Boers intend blowing up the Johannesburg mines, are the only new items that mark today's war cables.

Weeks must elapse before General Carrington will be able to concentrate his force on the borders of the Transvaal or approach Mafeking. According to a rumor in circulation at Lourenco Marques, a Boer force has been sent to intercept General Carrington, but it is not thought to be of sufficient strength to cause anxiety.

According to a dispatch from Ladysmith, dated today, the Boers are much disconcerted by the present condition of affairs. Their fortifications and forces, numbering about 15,000 men, are spread over ridges in contemplation of a British advance through the Waschband valley north of Ladysmith, which has not been occupied.

The Boer patrols are active and constantly laying traps.

A proclamation issued at Cape Town today allows trading between Cape Colony and the occupied portions of the Orange Free State to be resumed.

A patrol of Cape police near Boshof yesterday captured two Boers' oxen, some wagons and 200 head of cattle.

Two Germans who recently arrived at Cape Town have been sentenced to a year's imprisonment for having suspicious possession of 100 rifles and 600 cordite cartridges.

No Guns in Pretoria Forts.

LONDON, April 19.—A dispatch to the Daily News from Cape Town says:

A gentleman who just arrived from the Transvaal assured me that not a single gun remains in the Pretoria forts.

Against Trades Unions.

CHICAGO, April 19.—Mrs. J. S. Robb, whose testimony before the Congressional Industrial Commission created a sensation on account of the stand which she took against the labor unions, has given out the details of a plan by which she expects to organize thousands of wives of workmen throughout the country, together with the non-union men, in a movement against what she terms "trades unions tyranny."

Within a few days thousands of cards will be distributed among the employees of non-union employers, setting forth the scope of the movement and requesting signatures to a monster petition to the city, state and national governments for the maintenance of the constitutional rights of workmen, and insisting that protection be given to non-union workmen. Mrs. Robb plans to hold a mass meeting at some large downtown hall, where workingmen's wives and others may voice their protest against "the mob rule of the union pickets."

No New Wing Needed.

SALEM, April 19.—Governor Geer and the other members of the State Building Commission visited the penitentiary yesterday afternoon for the purpose of investigating the best manner of constructing a new wing for the purposes of a kitchen and kindred uses, but the result of the visit is that probably no new wing will be built the present year or under the appropriation of the last Legislature.

The board discovered that the south wing, quite and extensive structure,

built some years ago, is yet empty, containing nothing but the bare walls, and it is thought this can be properly fitted up so as to answer all requirements.

At the time this wing was built, crime seemed to be on the increase in Oregon, and the accommodations of the prison were taxed to the utmost, but a better state of things has recently prevailed; the number of prisoners is now nearly 100 less than at that time, and the feeling is that the wing will not be needed for cell purposes.

Bryanism Repudiated.

NEW YORK, April 18.—The Brooklyn Democratic club gave a dinner tonight at the Germania club to commemorate the 157th anniversary of the birth of Thomas Jefferson.

In responding to the toast "the restoration of Jeffersonian Democracy," ex-Governor Campbell, of Ohio, declared that the party of Jefferson could not survive half Democratic and half Populist. He repudiated the socialistic theories brought into the party by the Populists.

Speaking of the Chicago platform of 1896, he declared that it enunciated many great and enduring truths, but coupled them to at least one fatal error—un-Jeffersonian and, under existing mining and commercial conditions, impossible proposition of "16 to 1."

Catarrh Cannot be Cured

with local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free.

Remarkable Cures of Rheumatism.

From the Vindicator, Rutherfordton, N. C. The editor of the Vindicator has had occasion to test the efficacy of Chamberlain's Pain Balm twice with the most remarkable results in each case. First, with rheumatism in the shoulder from which he suffered excruciating pain for ten days, which was relieved with two applications of Pain Balm; rubbing the parts afflicted and realizing instant benefit and entire relief in a very short time. Second, in rheumatism in thigh joint, almost prostrating him with severe pain, which was relieved by two applications, rubbing with the liniment on retiring at night, and getting up free from pain. An Honest Medicine for La Grippe.

George W. Wait, of Gardner, Me., says: "I have had the worst cough, cold, chills and grip and have taken lots of trash of no account but profit to the vendor. Chamberlain's cough Remedy is the only thing that has done any good whatever. I have used one bottle of it and the chills, cold and grip have all left me. I congratulate the manufacturer of an honest medicine." For sale by Blakeley & Houghton.

New Text For Sulzer.

CROTON LANDING, N. Y., April 18.—In accordance with the promise made last night by General Roe, in command of the troops, work was resumed today at the Cornell dam. The strikers made no opposition.

About 200 men reported for duty. None of them were strikers, and there still remain out between 400 and 500, mostly Italians. As the soldiers were assembling for work, two companies of troops made a demonstration on the hill to convince the strikers that the soldiers were ready for any emergency.

Mrs. Harriet Evans, Hinsdale, Ill., writes, "I never fail to relieve my children from croup at once by using One Minute Cough Cure. I would not feel safe without it." Quickly cures coughs, colds, grippe and all throat and lung diseases.

HE WANTS THE CANAL

The President Working Earnestly in Its Behalf.

WASHINGTON, April 18.—The Oregon senators and representatives were in the delegation that called on the president today in advocacy of early action on the Nicaragua Canal bill and to urge his support of such a measure. As a result of their visit, they say they find the outlook much brighter than contemplated, and that the President, far from being opposed to such legislation, is earnestly working in its behalf. The delegation presented their views and pointed out the urgent necessity for early action, showing the great benefits to be derived from such a waterway and how its immediate construction would be most opportune in connection with the expected Philippine and Hawaiian trade. They go so far as to assert that the president will heartily support a properly-drawn bill for the canal. It is understood that no definite assurances were given by the president, but those who conversed with him say that he is on their side and is anxious to see the canal built with all possible consistent speed.

Colville Indian Lands.

SPOKANE, April 18.—A Greenwood, B. C., special to the Spokesman Review says advice received there from Chewan in the north half of the Colville Indian reservation state that the sooners are going into the agricultural lands in advance of the date set in the president's proclamation, of October 10.

The portion of the reservation to be opened to agricultural settlement contains 150,000 acres. Out of this, the Indians have been allotted less than 100,000.

Puget Sound Alarmed.

TACOMA, April 18.—The present importation of Japanese to Puget sound has reached unprecedented figures and thousands more of the subjects of the Mikado are now afloat, headed this way. During the month of April 3,500 Japanese have been landed in Puget sound ports and those of British Columbia.

Fruit Badly Injured.

PORTLAND, April 18.—The cold snap last week throughout the Northwest has undoubtedly damaged the fruit crop, but to what extent can not be determined at present.

In some localities fruit is apparently badly damaged, while almost on the adjoining section the trees are not hurt in the least.
