## THE KAISER WILL FIX IT

The Foreign Powers Have Not Changed Views on the Subject—English Press Comment.

BERLIN, April 21.—The Foreign Office says it has information indicating that the United States' difficulty with Turkey will be settled amicably in a few days. The Foreign Office does not believe a naval demonstration will become necessary. Questioned as to how the European powers would regard such a demonstration, a Foreign Office official replies that no exchange of views had yet been made.

### No One Will Interfere.

LONDON, April 21.—Inquiries by the Associated Press regarding the attitude of Great Britain and other powers toward the American-Turkish difficulty reveals the fact that no one has the slightest intention of interfering in any way. The British government officials do not disguise their delight at the stand taken by Washington, and hope the Sultan's obstinacy will for once fail to achieve its ends. Great Britain herself, during the past years, has had much trouble in extracting payment of debts from the "sick man of the East," and appreciates the irritation displayed at Washington.

The British Ambassador at Constantinople has informed the Foreign Office of the conditions existing, but merely verifying what has already been published. So far, Lord Salisbury has sent him no instructions, but the Associated Press is officially informed that Great Britain and the other powers who are now making joint representations regarding the increase in the Turkish tariffs have no intention of pooling their issues upon the American claims or in any associating the tariff matter with that dispute. The possibility of serious results attracts general interest and much comment in England. The Spectator says:

"It is earnestly to be desired that Pharaoh should harden his heart. But there is little chance of such an advantage to the world. The Sultan will doubtless pay the money. If he does not, Dewey may go afloat again to do work rather less easy and much more important than the capture of Manila."

The Outlook suggests that the United States might take the customs of Smyrna as a guarantee, but inclines to believe that the Sultan's new friend, Emperor William, will whisper "pay," and the incident will be ended.

### Coeur d'Alene Investigation.

WASHINGTON, April 12.—The morning session of the Coeur d'Alene investigation was very brief, owing to the ab-

sence of witnesses, and the argument went over until this afternoon. At the afternoon session, Connor Mallot, a representative of the Spokesman-Review, who was at Wardner at the time of the trouble, described the march of several hundred armed and masked men on the Bonker Hill mine, the seizing of a large quantity of dynamite, the explosion in the mill, and the many exciting events on that occasion. The testimony corroborated previous witnesses on this subject, but was more vivid and circumstantial on some points.

## GOLD AND SILVER OUTPUT

Decrease in California, But Alaska More Than Doubled.

SAN FRANCISCO, April 21.—The Superintendent of the United States Mint at San Francisco has forwarded to the Mint at Washington a report showing the gold and silver product of California for the calendar year 1899 amounted to \$15,840,043, of which \$15,336,031 was gold and \$504,012 silver.

Comparing the totals of gold and silver with the corresponding figures obtained from the same sources in the year 1898, the gold yield of the state shows a decrease of \$570,447, and the silver yield an increase of \$89,957, making a net decrease from the previous year of \$480,490. This is attributed to the fact that owing to the dry season many mines were shut down. The returns to the mint show the employment of 18,701 miners in the gold, silver, lead and copper mines of the state.

Alaska has more than doubled its bullion product in the last year. The receipts of Alaska gold at mints, assay offices, refineries, smelters, etc., for the calendar year 1899 were \$5,602,012, and the silver \$229,343, a total of \$5,831,355, \$3,199,844 more than in the year 1898. Of this increase, it is estimated that \$2,400,000 came from the new placer camp at Cape Nome last season, the first year in its history, and the rest of the increase from the quartz mines of South-eastern Alaska.

The receipts at mints, assay offices, private refineries and smelters for the calendar year 1899 from the Klondike were \$15,986,625 gold and \$267,360 silver, a total of \$16,254,107. This shows a marked advance in output for the Klondike field, since the increase over the previous year.

Wm. Orr, Newark, O., says, "We never feel safe without One Minute Cough Cure in the house. It saved my little boy's life when he had the pneumonia. We think it is the best medicine made." It cures coughs and all lung diseases. Pleasant to take harmless and gives immediate results.

## THE REBELS DEFEATED

A Bloody Week on the Island of Luzon—General Pilar's Band Again at Work, and Gave San Miguel Garrison a Three-Hour Fight.

MANILA, April 22, 10:20 a. m.—Last week was one of the bloodiest of the war since the first day's fighting around Manila, authentic reports, mostly official, showing a total of 378 Filipinos killed, twelve officers and 244 men captured, and many more wounded. The number wounded is hardly guessable. Considering that the Filipinos entirely lack hospital facilities, a great majority of the wounded will die. Probably the week's work finished 1000 insurgents. The American loss was nine killed and sixteen wounded. Two sergeants and one private were killed in ambushes, while escorting provision trains.

The insurgents have been aggressive in almost every province of Luzon. General Pio del Pilar's band, numbering 300, which was out of sight for three months, the leader being reported killed, has reappeared in its old field about San Miguel. Pilar is supposed to be again in command. He gave the American garrison at San Miguel, consisting of three companies of the thirty-fifth infantry, with a Gatling, three hours' fighting, during a night attack. The loss of the insurgents in this engagement is not included in the foregoing total, as they removed their dead and wounded, but presumably it was considerable.

Twenty-two Filipinos in the province of Santagas attacked Lieutenant Wende, who, with eight men, was scouting near San Jose. The Lieutenant and five men were wounded, and one private was killed.

Sergeant Ledonins, of the thirty-fifth infantry, was badly wounded in an ambush near Baliuag. Lieutenant Bateh, of the thirty-seventh infantry, with 70 men, had a five hours' fight with 400 insurgents in the Nueva Caceras District. Twenty of the insurgents were killed.

Colonel Smith, of the seventeenth infantry, who captured General Montenegro, and brought him to Manila, is in the isolation hospital, suffering from smallpox. Colonel Smith's command captured 180 officers and men with Montenegro. Montenegro, who was formerly one of the most dapper officers in the Filipino army, looks worn and haggard. He says he led a terrible life for months, and he has offered to return to the north with Colonel Smith, to endeavor to persuade his former comrades of the uselessness of opposing the Americans.

One hundred escaped Spanish prisoners from the Province of South Luzon have arrived at Manila. The insurgents have 400 more Spanish prisoners in that district. Recently the Filipinos destroyed several rods of the railroad line near Panique, in an unsuccessful attempt to wreck a train.

### Caught a Dreadful Cold.

Marion Kooke, manager for T. M. Thompson, a large importer of fine millinery at 1658 Milwaukee Avenue, Chicago, says: "During the late severe weather I caught a dreadful cold which kept me awake at night and made me unfit to attend my work during the day. One of my milliners was taking Chamberlain's Cough Remedy for a severe cold at that time, which seemed to relieve her so quickly that I bought some for myself. It acted like magic and I began to improve at once. I am now entirely well and feel very pleased to acknowledge its merits." For sale by Blakeley & Houghton.

## Her Husband's Story

"My name is E. J. Sprong, and my address is 16 Bondman Block, Troy, N. Y. I want to tell how thankful I am that my wife's health has been restored to her. About a year ago she caught a dreadful cold, which settled in her bronchial tubes and lungs. She certainly had bronchitis, and I think consumption, too, and we despaired of her life. She had a tightness and soreness in the chest, and it was difficult for her to breathe. There were 'darting, sharp, dull and heavy pains, with constant coughing and expectorating. Each day she was worse than the day before. I was advised to get Acker's English Remedy, and did so, but my wife only shook her head and said: 'Another dollar thrown away.' She took the Remedy, however, and said the effect was magical. In less than an hour there was a remarkable change. She got better at once, and in a short time she was entirely well and strong again. The cure was permanent and there has been no relapse. I don't know what Acker's English Remedy is made of, but I am sure it contains something that fortifies the system against future attacks. My wife is in better general health now than ever, and you can't imagine how happy she is for her recovery. She tells everybody about Acker's English Remedy, and so do I, for I believe it to be our duty to the public to help every sufferer who has throat and lung troubles. My neighbors say it is a sure specific for croup, and has saved the lives of hundreds of little ones around in this vicinity alone."
