### WAYSIDE GLEANINGS.

A good bicycle for \$20 at Mays & Crowe's. 3A-4

Get your wheel overhauled at Mays & Crowe's. a30-4t

Bicycles rented and repaired at Mays & Crowe's. a30-4t

Mosier Republicans will organize a Republican club at that place tonight.

Mrs. E. Southerland, of Boyd, a lady of about 70 years, is very ill at the residence of Horace Rice, of this city.

Mr. Childers, engineer at the Hansen & Thomsen planing mill, had his left foot cut to pieces in the planer this afternoon.

Treasurer C. L. Phillips today sent to Salem a draft for the full amount of Wasco county's share of the state tax. The draft called for \$19,801.54.

The wild sand storm of yesterday afternoon is regarded as a precursor of the "cyclone" that will rip the air at the Baldwin next Thursday night.

Coaster brakes are the greatest improvement of the year on bicycles; save one half the pedaling. Have one put on your old wheel at Mays & Crowe's bike shop. 30A-4

The cable of the ferry boat broke Saturday, and in the difficulty of making landings the boat's rudder became disabled so that she was laid up for repairs all yesterday forenoon.

Captain Sampson, who has had charge of the work of the Salvation Army at The Dalles for the past month, leaves in the morning to attend an officers' council at Portland. The captain does not expect to return, but another officer will take his place.

Should the present warm weather continue, it is expected The Dalles will have ripe strawberries of her own growing in this market by the end of the week. Then in a short time the price will get down low enough for even an editor to get a mess. California berries at two bits a box are too rich for an ordinary mortal's blood.

S. B. Adams will leave in the morning for Portland. He will take with him a couple of sacks of ore from the mines in which he is interested on the East fork of Hood river. The ore will be shipped to San Francisco for a mill test and good results are expected. The ore was taken from three ledges, known and recorded as Black Jack, Blue Boy and Blue Wing.

The ladies of the Good Intent Society who pledged themselves to raise a cer-

tain amount of money for the church debt, announce that they are ready to make their report, and will do so at a social to be given at the Methodist church Tuesday evening, to which all are invited. An admission fee of 10 cents will be charged, those having subscribed being admitted free. A program has been prepared and lunch will be served. 28-2t

Arthur Meller, a boy of 19 years, hailing from Chicago, was buried today at the county's expense, in the city cemetery. Meller was taken sick here about three weeks ago when he put up at an East End lodging house. He was a common tramp and according to the testimony of a companion who staid with him till he saw him under the sod, he had been on the road for the past five years.

A warrant was issued out of Justice Brownhill's court this morning for the arrest of William Van Pelt, a half breed Indian, son of the late Captain Van Pelt, an old-time river steamboat man. The complainant is E. Curtis, who alleges that Van Pelt first sold him a horse and afterwards stole it from him. John Filoon was deputized to make the arrest, but had not brought in his man at the time of going to press.

The four large bridges in Buck hollow has retarded the construction of the railroad considerable, says the Shaniko Leader, but we are now pleased to state they are completed and the rails are being rapidly laid on the Shaniko side of them. By the 1st of May the road will be into Shaniko, and by the 5th will be ready to receive freight to and from that place, and by the 10th or 15th passenger coaches will be run.

The Reliance will make her first trip to Portland tomorrow, leaving here at 7 a. m. and stopping at the following landings only, coming and going: Lyle, Hood River, White Salmon, Sprague, Nelson's, Stevenson, Cascade Locks, Warrendale, McGowan's Cape Horn, Corbette, Remington's Fisher's, Vancouver. On the return trip she will leave Portland at 6:30 a. m. She is billed to arrive at Portland and The Dalles at 2 p. m. and 4 p. m. respectively.

The Ukiak Sentinel is responsible for the following: "A well-to-do, but eccentric farmer over in Grant county, utilizes his wife as a scarecrow. The lady, who in form and feature is certainly not ill-adapted to the singular role, is dispatched daily to the spot where her services are in most request. There dressed in a fantastic garb and armed with an old-fashioned rattle, she performs her extraordinary duties until such hour as her husband in person fetches her home."

While removing an old stone building in Eugene the other day to make room for a new building, the workmen found in the corner-stone a newspaper of August 15, 1868, which contained a market report of the price of farm products in the Willamette valley five years before the crime of '78 and before the accursed gold standard had cut in two the price

of everything the farmer has to sell. Wheat is quoted at 60 cents, oats 50 cents, potatoes 37 cents, butter 15 cents, eggs 15 cents, chickens \$2.50 a dozen, and flour \$6 a barrel.

A party of eight or ten prospectors left last Wednesday to prospect for placers in the neighborhood of the mines of the Mount Hood Gold and Silver Mining Company of this city, whose mines are located on the east fork of Hood river. Among them are Seth Morgan, Jack Elton, M. D. Adams, Mr. Davis and son, of this city, and Mr. Kerns, of Endersby. A number of other are going to the same region in the near future.

Marie Rose, aged 8 years, says the New York Commercial Advertiser, was telling Eleie, aged 7, about the making of the world. "And Adam was the first being created," she announced solemnly, "so it was awfully lonely for him, and one day when he was asleep, the Lord took a rib out of his side and made a woman out of it—so Adam would have a friend to play with him." "And wasn't Adam surprised?" asked Eleie. "Surprised? Why he was just tickled to death!" said Marie Rose ecstatically.

Complaint is made that there is hardly room left for another grave in the old city cemetery. And yet there are numbers dying annually whose friends cannot afford the luxury of a \$25 grave in the Odd Fellows cemetery, but who must be buried at the expense of the county and for whom a \$25 grave is out of the question. We are told that two acres of land adjoining the cemetery can be had for \$20 an acre. It will certainly never be cheaper and its addition to the cemetery would meet the needs of this community for many years.

Henry Klindt is suffering from a severe bruise on the jaw and on one of his legs through getting tangled up in an attempted runaway a short time ago. Unhitching a high-spirited team one tug was forgotten, with the usual result in such cases. Mr. Klindt might have escaped injury but for the fact that he held on to the team till he was swung round in a circle several times and the tongue of the wagon was wrenched into splinters. Just what struck him he is unable to tell, but the bruises confined him to his bed for several days and are yet quite painful.

Scott D. Perky, of Worcester, Massachusetts, was the guest of Mr. and Mrs. W. H. Hobson, of this city, yesterday, arriving here Saturday afternoon and leaving at noon today. The parents of Mr. Perky are old-time friends of Mr. and Mrs. Hobson. Scot is a young man not yet out of his teens, who, when he was only 17, made a tour of all Europe, and who is now on his way to San Francisco, from thence to make a two years tour of the world. The young man's father has planned and urged his son's travels as an effective means of acquiring a liberal education and becoming acquainted with the world.

The business men of Astoria, represented by the Astoria chamber of commerce, are reported to be heartily in

favor of the proposed movement on the part of similar bodies in the Columbia river valley, for a united effort in favor of a portage railroad from The Dalles to Celilo, to be built by the government, and to be followed as expedient as possible by the permanent opening of the river to navigation by means of a canal with locks. Whatever other projects may have been devised, these soon will be, if there is not already, a general agreement that this is the best, if not the only real, reasonable and permanent solution of the problem.

In one of Blakeley & Houghton's show windows is a very curious freak of nature in the form of a lamb with three bodies and one head. It was dropped this season on the ranch of George A. Young & Son and was sent here to be mounted by Bert Campbell. And a very excellent job Mr. Campbell has made of it. The bodies are joined together at the shoulder, or rather merge into one shoulder, with a perfectly natural head and one pair of fore feet. The hindquarters of the two outside bodies are natural, but those of the middle body, although distinctly formed, are without a tail or fundament, and stranger still, the legs, although dangling from the hips, are fore legs instead of hind ones.

Frank S. Gunning was granted a patent on the 17th instant on a weeding machine of his own invention that he will proceed at once to manufacture here and put on the market. The machine is intended for killing weeds on summer fallow. It is of very simple construction and one with an eight foot cut will weigh only about 100 pounds. It runs on shoes instead of wheels, and is consequently of lighter draught than any wheeled machine of the same weight. The weight of the driver secures steadiness of motion. The depth of cut is regulated by a lever and the change is easily made while the machine is in motion. The knives, which constitute the weeder proper, all overlap about three inches, and when the weeder has passed over a piece of ground at the proper depth every living vegetable substance is left dead. The knives have a lateral cut so that no ridges are left as in the case of a disk harrow or ordinary cultivator. And what is of no small importance an eight foot machine will only cost in the neighborhood of \$30 to \$35.

### Attention, Red Men!

All Red Men are requested to trail to the wigwam, to the regular paw waw, Tuesday, May 1, 1900, as there will be degree work, and last but not least, turkey on toast.

## CASTORIA

For Infants and Children.

The Kind You Have Always Bought

Bears the Signature of *Chas. H. Fletcher*

Latest designs for 1900 in wall paper. Elegant stock to select from at H. Glenn & Co.'s. apr 17 lw

# CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

## What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

## Garden Hose

Wm. J. Landers, resident manager of the Lion and Imperial Fire Insurance Companies, wishes to announce to the patrons of these companies that owing to the sickness of Mr. C. E. Bayard and the resignation of Mr. Hugh Gounlay, their former agents, the agency for both companies for The Dalles and vicinity has been placed in the hands of Mr. Timothy Brownhill. Any business given to Mr. Brownhill will receive prompt attention and will be appreciated by the companies. Office in C. E. Bayard's old stand, No. 85 Washington street, The Dalles, Oregon. a16-1m

We have laid in a large stock of Garden Hose and are carrying the same brand of Hose that we have been carrying for the last five years, which is the celebrated Maltese Cross Brand. We carry the same brand of Hose that the Dalles City Fire Department has been using for the last twenty years. The Maltese Cross Brand is without doubt the best grade of Hose on the market. Call and get our prices before buying.

## Maier & Benton

Sole Agents.
