

Greatest of All

Every one in San Antonio, Texas, says that Acker's English Remedy is the greatest thing ever put up for coughs, colds, asthma, bronchitis, croup and consumption. I have been using it over four

years for all forms of throat and lung troubles, and have yet to come across a case where it failed. We have four little ones in our family, and neither my wife nor I have ever lost a night's sleep because of throat troubles among the children. I guess that is more than any other family can say. Acker's English Remedy is just as effective for growing-up people as for the young. It seems to go straight to the place where the trouble lies in the throat and bronchial tubes and lungs. It soothes and heals the irritated tissues, loosens up the phlegm and mucus in the breathing passages, quiets the nerves, invigorates the constitution and stops the coughing. My advice to parents is to always keep a bottle in the house. It will be a constant safeguard against croup. (Signed) F. G. ZIMMERMAN, San Antonio, Tex.

Notice of Estray.

I have taken up as an estray a dark brown mare, aged about seven years, about fifteen hands high and weighing about 1000 pounds; branded quarter circle 6 on left stifle. The animal came to my feed yard in The Dalles about two weeks ago and could not be kept away. The owner can have her by proving property and paying charges of feed and advertising; otherwise I shall proceed with her according to law.

FREE EDUCATION.

Russian Nobles Are Entitled to Their Schooling at the Cost of the Government.

The nobility of Russia in each and every province, who form a kind of corporation in the eyes of the government with a marshal at its head, are to be allowed to establish special boarding houses or homes for those of their children who attend the middle-class schools, but quite separate from such schools.

The government undertakes to pay the full cost of establishing these institutions, which will come under the supreme control of the minister of public instruction, and in which the pupils are to receive board, lodging, clothes, linen, boots, schoolbooks, pecuniary assistance, and, if necessary, personal help in doing their home lessons after school hours. The government also engages to pay half the yearly cost of supporting them. The preference in accepting boarders as well as gratuitous maintenance will be given to the children whose fathers hold any official post in the corporation of their class or in the zemstvos, or who have formerly held such post for not less a period than nine years. The nobility are also granted the right of founding scholarships for their boys in the higher and intermediary establishments of education, for which the government likewise provides half the necessary funds. At the same time an annual sum of 186,750 roubles will be paid out of the imperial exchequer for the free education of 415 boys in two of the new military cadet schools.

This curious piece of class legislation will give the landed nobility of Russia a far cheaper education for their children than any that is put in the way of the other antiquated social categories into which the Russian population is still divided.—Pall Mall Gazette.

Caught a Dreadful Cold.

Marion Kooke, manager for T. M. Thompson, a large importer of fine millinery at 1658 Milwaukee Avenue, Chicago, says: "During the late severe weather I caught a dreadful cold which kept me awake at night and made me unfit to attend my work during the day. One of my milliners was taking Chamberlain's Cough Remedy for a severe cold at that time, which seemed to relieve her so quickly that I bought some for myself. It acted like magic and I began to improve at once. I am now entirely well and feel very pleased to acknowledge its merits." For sale by Blakeley & Houghton.
