Judge John C. Tarsney, of Kansas City, discussing the candidacy of Bryan, recently used the following language: "We will have to vote for Bryan, but it will not hurt us much. We Democrats have been voting for isms, visions and jack-o'-lanterns so long that we are used to it, and it does not hurt us any. True, Bryan represents the silver question, but everybody knows that it is a settled question and no one will get scared over it. If I had the writing of the platform, opposed as I am to the silver craze, I believe that I would put that 16-to-one business in just to catch the wild-eyed fellows who cannot understand anything else, and know but little about that." Tarsney is one of the kind that drink anything in the bottle so long as the old label appears on the outside.

We learn from the Lakeview Examiner that S. P. Moss, who was nominated by the Fusionists for joint representative of Wasco, Crook, Klamath and Lake county, has declined to accept the nomination. The Examiner says "Mr. Moss was not consulted regarding the nomination, and can no doubt read between the lines—can easily see why the nomination came to him unsolicited, and by whose fine Italian hand his name was written on the scroll in the house of lords. Mr. Moss has resided in Lake county a long time, and however smooth, suave and oily-tongued some people may be they can't make a cat's paw of him."

The Democratic party is between the devil and the deep sea. If its national platform is written so as to draw back the gold Democracy it will repel the Populists. If it is written so as to please the Populists it will repel the gold Democracy. If it is written to please everybody it will please nobody and Bryanism will be like the man with the ass in the fable, who tried to please everybody and pleased nobody and lost his ass into the bargain.

A boiler plate editorial, manufactured at Democratic headquarters for the use of the many Democratic editors who cannot write, intimates that President McKinley has stirred up the trouble with Turkey in order to get an excuse for sending Dewey to sea till after the nominations for president are over. The Bryanite

mind is marvelously gifted with what old Thomas Carlyle used to call preternatural suspicion.

In Memoriam.

Samuel J. Vickers was born at Smith's Grove, Varney Co., Ky., December 8, 1859, and died at The Dalles, Or., March 11, 1900, age 40 years, 3 mos. and 3 days. The subject of this sketch spent his childhood days in the vicinity of his birth, first moving to Texas, where he spent two years, and then moving to South Haven, Kan., where, in 1885, he was united in marriage to Miss Eliza K. Denton, who still survives. Mr. and Mrs. Vickers settled at Wellington, Kan., but later moved to Texas, where they lived several years. In 1895 they came to Oregon, first settling at Mosier, and then three years later moving to The Dalles, where the widow and two children still reside.

Thus is briefly chronicled the life of a man whose departure is sincerely mourned by all who knew him. Professing religion in early life he lived consistently with the hope he embraced, and was prepared for the summons to meet his Maker. He was industrious and honest, faithful in every relation, conscientious and unassuming in the performance of duty, and enjoyed in an unusual measure the confidence of his acquaintances. Though belonging to another denomination, he was a regular attendant of Calvary Baptist church, of The Dalles, and very much endeared himself to the membership of that church. His work is ended, his sufferings are over, and we feel confident that he is at rest with the Lord. May the Divine blessing rest upon the bereaved wife and children.

A FILIPINO LETTER.

Funny English Written by a Girl After Three Months' of Very Hard Study.

Not long ago the girl pupils of Mrs. Wilbra Coleman, a teacher in the public schools at Sioux City, Ia., wrote a letter to be delivered to the girl pupils of a school in Manila, and the following letter has recently been received in reply. The writer is a little Filipino girl who has only spent three months in the study of English, and while there are funny mistakes in the letter it is not likely that any American girl could write a better one in a foreign language after so little study:

Vegetarian Bedding.

Sir Isaac Pitman invented the "vegetarian bed," composed, not of feathers, but of mosses, ferns, flowers and hay. This bedding material, commended as healthy and health-giving by many doctors and others, has become famous in vegetarian circles, and deserves to be more widely known. "It smells like ozone," is the testimony of more than one physician, and many say that sleeping upon it "gives rest to brain and mind."

The animal came to my feed yard in The Dalles about two weeks ago and could not be kept away. The owner can have her by proving property and paying charges of feed and advertising; otherwise I shall proceed with her according to law.
