

WILL NOT SEND NAVY TO TURKEY.

Sultan Will Be Given Time to Study the Matter — He Has Made Concessions.

NEW YORK, May 1.—A special to the Herald from Washington says: Naval coercion of Turkey to obtain a settlement of the American missionary claims is not contemplated by the administration. This statement is made upon high authority. Drastic measures against Turkey have been urged by former Minister Angell, by politicians on behalf of missionaries, and by ministers of the gospel, but the president and Secretary Hay have not considered their suggestions.

The administration is well satisfied with the concessions made by the Sultan, and while it is anxious that the Sultan shall keep his promise to pay the claims, it feels that he has already been considerate of this government in permitting the reconstruction of the American mission in Harpoot, and in the extension of Roberts' College in Constantinople. It is authoritatively stated that the latest note presented to the Sultan by Mr. Griecom, the American Charge, is not an ultimatum, but is merely a repetition of the demand for settlement.

Cuba Never So Peaceful.

HAVANA, May 1.—The Spanish consul-general, Senor Sagrario, denies having cabled to Spain that there were uprisings in Cuba. He says he does not believe such occurrences probable, and that he would not have communicated an idea so absurd to his government.

"No agitation exists," he remarked yesterday, "and I do not believe that any will exist. So far as I can judge, the relations between the Cubans and the Americans are most cordial."

General Wood, who was asked regarding the matter, replied:

"At no time since the occupation of the island has the province of Santiago been so quiet and restful as it is at present. I have assurances to this effect from many officers and others who have very recently been through the province on horseback. These alarmist reports in Madrid could be traced to men like Miro and other former Spanish officers, now resident in Cuba."

Colonel Valiente, formerly chief of the rural guard in Santiago province, who recently arrived here, laughs at the idea of trouble of any kind there.

He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents, at Blakeley & Houghton's drug store. WILL TRY TO HOLD OUT.

Replied Cheerfully to Request of Lord Roberts, Who is Now Believed to be Organizing Strong Relief Force, Under General Hunter.

LONDON, May 1.—A dispatch from Mafeking, dated April 20th, says: "The Boers have been busy for several days, blowing up the railway southwards. There was little firing during the past week. The town will respond cheerfully to Lord Roberts' request to hold out for another month. Fever is rife, but otherwise the health of the garrison is good and all are well."

NEW YORK, May 1.—A dispatch to the Tribune from London says: A significant item of intelligence has been received from Cape Town. The Express correspondent in that city says it is ascertained on good authority that General Hunter has been sent to Kimberley to command a strong column intended for the relief of Mafeking.

Rent-Raising Trust.

CHICAGO, May 1.—Rents were advanced 15 per cent today by a combination of landlords, which was recently formed. Their agreement is said to be the outcome of a supposed political meeting "for landlords," which was held recently. The meeting was attended by many property-owners, who decided that a systematic raise in rentals was the only way in which they could obtain recompense for what they consider unusually high taxes this year.

Another reason given for the proposed raise in rents is the fact that a promised early opening of the new Northwestern Elevated Railway has caused a demand for houses and apartments along the line.

Caught a Dreadful Cold.

Marion Kooke, manager for T. M. Thompson, a large importer of fine millinery at 1658 Milwaukee Avenue, Chicago, says: "During the late severe weather I caught a dreadful cold which kept me awake at night and made me unfit to attend my work during the day. One of my milliners was taking Chamberlain's Cough Remedy for a severe cold at that time, which seemed to relieve her so quickly that I bought some for myself. It acted like magic and I began to improve at once. I am now entirely well and feel very pleased to acknowledge its merits." For sale by Blakeley & Houghton.
