

# "Get Thee Behind Me;"

That's what this week says to last—what May says to April. It's a mighty good thing that the month just past did not have much reputation to lose, as it will be remembered chiefly for its own capricious weather and OUR OWN GREAT BARGAINS. Her clouds had but ONE SILVER LINING, and that WE FURNISHED.

Now we greet May on the Homeric principle: "Welcome the coming, speed the parting guest;" and as the mild eyed maid troops over the eastern hill, we salute her thusly:

**For this Week.** A quantity of Boys' Odd Knee Pants; ages from 4 to 14 ..... 19c

**For this Week.** A quantity of Boys' 2-piece Suits (some are slightly damaged, including several odd suits); all sizes; just the thing for rough wear. .... 79c each

**For this Week.** A quantity of Boys' Old Suits—nothing in the world to their discredit, save the absence of a few important sizes; regular values range from \$1.50 to \$3.00 ..... \$1.35

**For this Week.** A quantity of Boys' Crash Caps at 19c

**For this Week.** A quantity of Boys' Crash Hats at 19c

**For this Week.** A quantity of Youth's Old Long Trowsers, ages 10 to 20 years ..... \$1.05

**For this Week** Is the golden opportunity of a lifetime to lay in a stock of Boys' Wearables at positively less than manufacturers' cost. No trouble to show goods.

All Goods Marked in Plain Figures.

The Democratic ticket of this county has been completed by the acceptance of J. F. Moore, of this city, of the nomination for district attorney.

The ladies of the Christian church will give a box social at the Christian church tomorrow (Friday) night. All are invited and a good time is promised.

The friends of C. E. Bayard will be pleased to hear that he is receiving great benefit from his trip to California, and that at last accounts his health was much improved.

Two simple drunks were arrested last night and discharged this morning after they had been compelled to listen to a protracted temperance lecture from his honor the recorder.

Hark, from the tomb a doleful sound, Abe Lincoln doth mourn and turn around. Why doth he moan and seem in pain? Because of the fool party that now bears his name.—Plaindealer.

The remains of the late Mrs. Nettie Askew arrived here on the noon passenger. The funeral will take place tomorrow at 3 o'clock p. m. from the residence of her father, Coroner Butts, on Eleventh street.

William K. Corson, well-known in The Dalles as a member of the late firm of Chrisman & Corson, was married April 25th, ult., at Lone Rock, Oregon, to Miss Della Reed; Rev. H. C. Clark officiating.

The house today, at the conclusion of a stormy debate, passed the Nicaragua canal bill by the overwhelmingly vote of

225 to 35. This is the best piece of news the Pacific coast has heard for many a day.

Mrs. Emily K. Corson, widow of the late H. Corson, a former well-known resident of The Dalles, died at Lone Rock, Oregon, April 29th last, aged 70 years.

The Albany is lying here awaiting orders. It is probable she will be used to bring ties for the portage road from various points on the river to a landing below Three-Mile rapids.

The recorder issued a license today to one B. Good, to give an exhibition of live snakes in this city. This is no newspaper joke, but a solemn, sober fact. B. Good's snakes are not of the genus that are generated from the juice of John Barleycorn.

"Cyclone" Davis arrived here on the noon passenger from Portland and left, after a hasty meal, for Dufur, where he was billed to speak at 3 p. m. He was accompanied by Harry Liebe and John Gavin. The "Cyclone" will vex the air at the Baldwin tonight.

The Austrian count, with the jaw-breaking patronymic, who is known here as plain Julius Fisher, has bought out the barber shop of H. D. Parkins, and, renouncing the trappings of nobility, will henceforth try to earn an honest living as a tonsorial artist. Next!

The Regulator will start tonight at 6 o'clock for Hood River with a number of local Odd Fellows, who go there to visit the Hood River lodge. Three candidates will be initiated and Louie Comini will take down for that purpose Old Billy, that Dalles people used to know so well before the fire of '98. "Billy" has been rusticated at Dufur for over a year and came in on the stage today with wool on his back about a foot long.

E. Jacobsen, who has been in business here for about eighteen years, sold his controlling interest in the Jacobsen Book & Music Company this week to William Menefee and H. D. Parkins, and left for Portland today, where he will resume work for the H. K. Gill Company, that has been suspended for about three months on account of sickness. Messrs Menefee and Parkins now own the entire stock of the company, but the business will be continued for the present at least under the corporation name.

Peter, the 10-year-old son of Mrs. M. Zirka, of this city, came within an inch of losing his life yesterday afternoon by drowning in the river at the mouth of Mill creek. The lad, with some others, was fishing off a raft. His cap fell into the water, and in trying to recover it he fell overboard. As the boy was about to sink for the third time he was rescued by a Mr. Fisher who lives in the scow dwelling west of Mrs. Brittain's. When he was taken out of the water he was unconscious, but was soon brought back to life. It was a mighty close call for the boy.

Frank Chrisman has sold out his interest in the firm of Chrisman Bros. The action was taken with great reluctance

by all the parties concerned, for the firm is doing a splendid business and Frank was an ideal man at the block; but the condition of the health of Mrs. Chrisman, who is now in a Portland hospital, made a change of residence on her part imperative. Frank has no settled plans for the future, save that he and Mrs. Chrisman will spend the coming summer wherever it is found most beneficial to Mrs. Chrisman's health.

The board of water commissioners met last night to consider the offer of Turner & Spratt of Sunnyside, Wash., to furnish a flow of artesian water into the reservoir for \$3,500, conditioned on \$200 being paid against expense of moving machinery in case of failure. Commissioner Fish suggested that it would be better to pay \$2 a foot for 200 or 300 feet than to pay \$3,500 for what, if found at all, will surely be found at less cost. The suggestion was adopted so far that a committee of three was appointed to confer with Mr. Kretzer, who bored the well for the scouring mill, for the Electric Light Company and the brewery. It was stated that some one recently bored for water near Dr. Wingate's property on the bluff and struck a flow at a depth of 80 feet that rose to within 20 feet of the top. The meeting adjourned till tomorrow night.

### The Coroner's Verdict.

Coroner Butt's held an inquest near Hood River, yesterday, over the remains of Charles Grodt. The evidence showed that Grodt was accidentally killed while blasting stumps. The body was found about 80 feet from the stump that he had been blowing up. He had been dead for some time and the body was badly decomposed, but a hole through his hat indicated that he had been struck in the forehead. Grodt was a single man, a native of Germany and aged about 47 years. He was working on his own claim and his neighbors all testified that he was a quiet, honest and industrious man and a good citizen. The following is the verdict:

We, the jury impaneled by the coroner to enquire into the cause of the death of the body now before us, find his name to be Charles Grodt and that he came to his death on or about April 23, 1900, by being blown up while blasting stumps on his place about seven miles from Hood River.

### A False Report Nailed.

EDITOR CHRONICLE:  
DEAR SIR:—Will you allow us, through your valuable columns, to correct a false report which is being circulated throughout Wheeler county for political purposes.

The Gilman-French Land & Live Stock Co. are opposed to Twickenham for the county seat of Wheeler county, for reasons not necessary to state here. This corporation has never given any party or parties any assurance that they would lay out, or sell to be laid out, any piece or parcel of land for an addition to the town site of Twickenham. It has no land that it desires to sell for that purpose.

Fossil is and should be the county seat of Wheeler county, and we hope and believe that at the coming June election there will be polled an overwhelming vote for Fossil to be and remain the county seat of Wheeler county.

GILMAN-FRENCH LAND AND LIVE STOCK CO.,

S. FRENCH, Secretary.

The Dalles, May 3, 1900.

## DEFEAT WILL SEND BOERS HERE

They Are Already Asking for Information About This Country—Kruger Will Go to Germany or Holland.

NEW YORK, May 2.—A Pretoria letter to the World, dated March 23d, says: Although the majority of the Boers still believe that the independence of the Republics will remain after the war, hundreds of them are taking the opposite view, and are casting about for a suitable country to which they can emigrate. State Secretary Reitz said today:

"If the English take these Republics and raise the Union Jack over them, I will take my family to America. And scores of other burghers have said the same thing to me. Many of the older Boers will trek to German West Africa, where there are thousands of square miles of fertile territory, and thousands will emigrate to other countries."

An old Boer in the Free State several days ago asked concerning the rates of passage to America. "You see," said he, "we are going to fight hard for our country, but if it is taken away from us, we want to go somewhere where there is a Republic."

The friends of President Kruger say that if the Transvaal loses her independence, he will spend the last years of his life in Holland or Germany.

### NOTICE TO WATER CONSUMERS.

All persons using city water for irrigation on and after May 1, 1900, and until September 1st, inclusive, will be charged the following rates per month: For every lot 50x100 feet, \$1.50; for every half lot or fraction thereof, 75 cents, and no rebate will be allowed to persons leaving the city unless written notice is served on the superintendent of the water works to turn off the water. Above the bluff water may be used for irrigating from 6 to 8 a. m. and from 6 to 8 p. m. on the odd days of the month, and below the bluff during the same hours on the even days of the month. These rules must be strictly complied with, and any deviation therefrom will subject the violator to the penalty of having the water shut off, and in order to get it turned on again he must pay a fee of one dollar. Persons willfully wasting water, or allowing it to run continuously through their closets or lavatories, or allowing water to run after irrigation hours, will suffer the same penalty as above stated.

By order of the water commission,  
J. B. CROSSLER, Supt.  
The Dalles, Or., May 1, 1900. 6t
