A BIT OF HISTORY.

When the Times-Mountaineer asserts that congress has established a despotism in Porto Rico it means by that term a tyranny, else all it says on the subject is harmless thunder; for even his favorite Webster might have taught our contemporary that a despotic government may be beneficent and that absolutism is not necessarily tyrannous.

Notice is hereby given that there will be an annual meeting of the stockholders of the Golden Eagle Mining Company at the office of French & Co., bankers, on Thursday, May 31, 1900, at 7 o'clock p. m., for the purpose of electing seven directors and transacting such other business as may properly come before said meeting.

ment. And right royally did Old Hickory play the despot; passing laws which it took an act of congress to repeal; sitting in judgment upon the transgressors of these laws; citing before him even a federal judge for this cause, and executing punishment upon their transgressors; thus exercising in his own blessed, Democratic person the functions of a legislature, judiciary, and executive all in one.

Of course it makes all the difference in the world whether a "despotism" has been established by a Jefferson Democrat or a McKinley Republican, for the party of Jefferson and Jackson for fifty years did with impunity what is now denounced as tyrannous and imperialistic in the party of Lincoln and Grant and McKinley; yet one cannot help but feel that in the presence of some of the facts of Democratic history nothing is so becoming in a Democrat as the grace of silence.

Here are words true as proofs from holy writ. Says the Oregonian: Every man that votes the Fusion ticket June 4th votes to tie a millstone about the neck of Oregon industry, to throttle trans-Pacific trade, to continue the subservience of this coast to the influences that have hitherto held back its progress.
