

# Skin Diseases

When the excretory organs fail to carry off the waste material from the system, there is an abnormal accumulation of effete matter which poisons and clogs the blood, and it becomes sour and acid. This poison is carried through the general circulation to all parts of the body, and upon reaching the skin surface there is a redness and eruption, and by certain peculiarities we recognize Eczema, Tetter, Acne, Salt Rheum, Psoriasis, Erysipelas and many other skin troubles, more or less severe. While the skin is the seat of irritation, the real disease is in the blood. Medicated lotions and powders may allay the itching and burning, but never cure, no matter how long and faithfully continued, and the condition is often aggravated and skin permanently injured by their use.

## The disease is more than skin deep; the entire circulation is poisoned.

The many preparations of arsenic, mercury, potash, etc., not only do not cure skin diseases, but soon ruin the digestion and break down the constitution.

S. S. S., nature's own remedy, made of roots, herbs and barks, of great purifying and tonical properties, quickly and effectually cures blood and skin troubles, because it goes direct to the root of the disease and stimulates and restores normal healthy action to the different organs, cleanses and enriches the blood, and thus relieves the system of all poisonous secretions. S. S. S. cures permanently because it leaves none of the original poison to reappear in the blood and cause a fresh attack.

Skin Diseases will be sent free upon application.

Healthy blood is necessary to preserve that clear, smooth skin and beautiful complexion so much desired by all. S. S. S. can be relied upon with certainty to keep the blood in perfect order. It has been curing blood and skin diseases for half a century; no other medicine can show such a record.

S. S. S. contains no poisonous minerals—it is purely vegetable and harmless. Our medical department is in charge of physicians of large experience in treating blood and skin diseases, who will take pleasure in aiding by their advice and direction all who desire it. Write fully and freely about your case; your letters are held in strictest confidence. We make no charge whatever for this service. Our book on Blood and

Hits Him Where He Lives.

THE DALLES, OR., May 11, 1900.

TO THE EDITOR OF THE CHRONICLE:

I read with amusement the bewailings of the Times-Mountaineer because the republican party (or what the editor calls the ring) did not attempt to satisfy the Mountaineer in the nominations made. I think the republicans would have shown poor judgment if they had taken any advice from this editor, for he has not advocated the election of a single man that has succeeded since he has been in charge of the Times-Mountaineer.

As that paper has called on the republican nominees for the legislature to define their positions, I should like to call on two of the democratic nominees for the legislature to explain their records, A. S. Bennett and T. R. Coon. I voted for both these gentlemen the last time they were elected to any office. I am not satisfied with the record they made and would like to have them explain it before I would vote for them again, or advise any other citizen of Wasco county to do so.

Yours respectfully,
