## JOURNALS TO BE DISCONTINUED

Methodist Episcopal General Conference Yesterday Voted to Discontinue the Northern Christian Advocate, and All Not on Paying Basis Will Meet Same Fate.

CHICAGO, May 11.—By refusing to continue the publication of the Northern Christian Advocate at Syracuse, until the four conferences agreed to furnish bonds indemnifying the Methodist Book Concern against loss in its operation, the committee of the Methodist Episcopal General Conference on book concern has, by a decisive vote, declared its intention of suspending all papers which have been run at a loss during the past four years.

The Northern Christian Advocate was a test case and the ministers who were anxious to have it continued in spite of the fact that it has cost the church \$15,140 during the past quadrennium, were voted down in committee by a large majority. The papers, which at present are either being operated at a loss or under subsidies and which are likely to either be discontinued or consolidated in the interest of economy are:

Western Christian Advocate, Northwestern Christian Advocate, Central Christian Advocate, Christian Apologist, Omaha Christian Advocate, Hans and Herd, Methodist Review, Pacific Christian Advocate, California Christian Advocate, Southwestern Advocate, Methodist Advocate Journal and Rocky Mountain Advocate.

**Nearing Kronstadt.**  
LONDON, May 11.—So quickly has Lord Roberts advanced that his cavalry is only twenty-two miles from Kronstadt, while the main army is eleven miles behind them.

The presence of 10,000 Boers in the neighborhood of Thabanchu is confirmed. They are holding a line twenty miles north to southeast of Thabanchu. A Boer patrol was sighted Thursday, at Thabanchu. A detachment of Brabant's horse pursued the burghers, who retired after some fighting. The Brabants then took up a position on a hill which they are now holding. There were few casualties on the British side. The Boer headquarters are at Eden.

The South African review asserts that a member of the legislature of Cape Colony offered money to a man to shoot Sir Alfred Milner, the British high commissioner. Affidavits on the subject are said to be in the hands of the attorney-general.

**Survivors of First Convention.**  
NEW YORK, May 11.—A special to the Herald from Washington says: Survivors of the first Republican National Convention are to be the guests in Philadelphia next month. Invitations will be sent to them next Monday. Only fifteen survive of all those who assembled in Pittsburgh, Penn., on June 18, 1856, to enunciate the new principles and to bring into existence a new party. Of these only one continues a prominent figure in politics. He is representative Galusha A. Grow, who was the youngest member of the lower house when he first entered it and who is now its oldest member.

The guests of the national committee will be given prominent seats on the platform.

**Importation of Contract Laborers.**  
VICTORIA, B. C., May 11.—There are over 400 more of the Japanese immigrants waiting at the quarantine station, landed last evening from the steamer Sikh. These 400 are nearly all for the United States, but only 200 will be carried through direct.

A large number of the Japanese are weavers under a contract made with them by a Japanese firm in New York. They are engaged to work in some New England mills.

**A Senatorial Game.**  
WASHINGTON, May 11.—The nomination of Towne for vice-president by the populists was brought about by Pettigrew and Butler to save themselves in their respective states for the senatorship. It is believed that it also means

that Towne will get out of the way to assist in harmonizing the differences in democratic convention at Kansas City, taking his reward in some fat office that Bryan would have to give if successful. In return, the democrats and populists are expected to join forces to return Butler from North Carolina and Pettigrew from South Dakota. A democrat in the senate said today that Towne would not stick beyond a point where his candidacy would embarrass the Bryanites.

**Catarrh Cannot be Cured**  
with local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free.

**Turkey Asks For Time.**  
CONSTANTINOPLE, May 11.—The matter of the settlement of the indemnity claims is temporarily delayed. Well-informed circles say that the Turkish Minister in Washington, Ali Ferouh Bey, has given assurances of the settlement of the claims but asks for a short delay, which is granted.

Ahmed Pasha has left Constantinople. He is going to the United States with proposals, the object of which is the settlement of the claims in an indirect manner. In the event of the failure of Ahmed's proposals, the United States government will resume negotiations with the Porte. The impression here is that Ahmed will not succeed.

**The Best Remedy for Rheumatism.**

QUICK RELIEF FROM PAIN.  
All who use Chamberlain's Pain Balm for rheumatism are delighted with the quick relief from pain which it affords. When speaking of this Mr. D. N. Sinks, of Troy, Ohio, says: "Some time ago I had a severe attack of rheumatism in my arm and shoulder. I tried numerous remedies, but got no relief until I was recommended by Messrs. Geo. F. Parsons & Co., druggists of this place, to try Chamberlain's Pain Balm. They recommended it so highly that I bought a bottle. I was soon relieved of all pain. I have since recommended this liniment to many of my friends, who agree with me that it is the best remedy for muscular rheumatism in the market." For sale by Blakeley & Houghton.

**The Appetite of a Goat**  
Is envied by all poor dyspeptics whose stomach and liver are out of order. All such should know that Dr. King's New Life Pills, the wonderful stomach and liver remedy, gives a splendid appetite, sound digestion and a regular bodily habit that insures perfect health and great energy. **A Testimonial from Old England.**  
"I consider Chamberlain's Cough Remedy the best in the world for bronchitis," says Mr. William Savory, of Warrington, England. "It has saved my wife's life, she having been a martyr to bronchitis for over six years, being most of the time confined to her bed. She is now quite well." Sold by Blakeley & Houghton.

## DEVOTED TO PEACE

Plan of a Filipino Leader For An Understanding With Americans.

MANILA, May 11, 11:20 p. m.—Senor Buen Camino, at one time a member of the so-called Filipino republic cabinet, who was recently liberated by General Otis, announces that he has become reconciled to American sovereignty, and that he will devote his influence to bring about peace. He contends that American control is necessary to prevent civil strife. He recommends to the national Filipino party the adoption of a programme embodying the following features:

First—Recognition of the sovereignty of the United States; cessation of hostilities and co-operation of the Filipinos in the prosecution of "bandits who continue depredations in the name of independence."

Second—A request for a declaration by the United States government, guaranteeing to the Filipinos personal liberties and rights under a constitution.

Third—A Filipino representative delegation to present to the American congress and public the desire of the Filipinos respecting political status.

Fourth—The application of a part of the public funds to the maintenance of hospitals for sick and wounded Filipino soldiers and for the establishment of schools.

Fifth—The transfer of the insurgent funds to the American treasury.

Sixth—The establishment of a permanent system of Filipino representatives to the civil commission.

Seventh—The exclusion of friars from the administration of the parishes.

**Glorious News.**

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion and builds up the strength. Only 50 cents. Sold by Blakeley & Houghton, Druggists. Guaranteed.

**South Wants Protection.**

NEW YORK, May 11.—A special to the Tribune from Washington says: Another appeal from the South for protection from unequal foreign competition has reached the ears of the ways and means committee. It comes from the growers of cassava and manufacturers of starch in Florida, and consists of a preamble and resolution adopted at a meeting of the commissioners of Alachua county May 1. From the preamble it appears the United States court in California has recently held that tapioca flour, cassava starch and manioc starch, all of which are made from the cassava root, are not subject to duty under the Dingley law. The duty on potato starch under the Dingley law is 1 1/2 cents a pound.

**Caught a Dreadful Cold.**

Marion Kooke, manager for T. M. Thompson, a large importer of fine millinery at 1658 Milwaukee Avenue, Chicago, says: "During the late severe weather I caught a dreadful cold which kept me awake at night and made me unfit to attend my work during the day. One of my milliners was taking Chamberlain's Cough Remedy for a severe cold at that time, which seemed to relieve her so quickly that I bought some for myself. It acted like magic and I began to improve at once. I am now entirely well and feel very pleased to acknowledge its merits." For sale by Blakeley & Houghton.

## Cream of Clams.

Two dozen clams, two cups of milk, two tablespoonfuls of flour, two tablespoonfuls of butter, one small onion chopped, one cup of cream, pepper, salt and a dash of nutmeg. Wash the clams and put them in a pan on a range. When the shells open, remove clams and strain the liquor. Chop the onion fine and rub through sieve. Make a thickening by melting the butter and stirring in the flour, taking care it does not brown. Add the milk which has been scalded with the onion in it, and pepper and nutmeg. Taste and see if salt is needed. Add the clam pulp and a pint of thin liquor just before serving. Heat through well and add your cream as you pour into the tureen.—Boston Budget.

## Bicentenary of the Sweet Pea.

The sweet pea is said to have an international bicentenary celebration this year. It was introduced into British gardens from its home in eastern Europe just 200 years ago. The fine blooms and extensive range of colorings which are now obtained are, however, of comparatively recent date, having been produced during the last quarter of a century or so by the efforts of growers like the Shropshire firm of Eckford and the American firm of Burpee. The arrangements for the bicentenary include an exhibition in London next July, with prizes for bunches, collections and decorative effects, a conference of expert growers and perhaps a banquet.

## Raised Muffins.

Scald a pint of milk and when lukewarm add one compressed yeast cake dissolved, half a teaspoonful of salt, and two cupfuls and a half of flour. Beat thoroughly and stand aside until very light—about two hours. Then add the yolks of two eggs well beaten, and fold in the well-beaten whites. Stand aside for 30 minutes, and bake in greased muffin-rings or gem-pans.—Ladies' Home Journal.

## Trans-Atlantic Telephone Talk.

The talk of a trans-Atlantic telephone has taken on so much seriousness that the managers of the Paris exhibition were recently asked whether arrangements could be made for President McKinley to open the fair by telephone. It was answered that the French government would be able to attend to that without help.

## Charting the Ocean.

The British government keeps 11 vessels at work sounding and charting the ocean beds, to find out where dangers lurk. Last year 10,000 square miles were carefully charted in different parts of the world—Asia, Africa and the South Pacific.

Mrs. Calvin Zimmerman, Milesburg, Pa., says, "As a speedy cure for coughs, colds, croup and sore throat One Minute Cough Cure is unequalled. It is pleasant for children to take. I heartily recommend it to mothers." It is the only harmless remedy that produces immediate results. It cures bronchitis, pneumonia, grippe and throat and lung diseases. It will prevent consumption.

Wm. J. Landers, resident manager of the Lion and Imperial Fire Insurance Companies, wishes to announce to the patrons of these companies that owing to the sickness of Mr. C. E. AUCKLAND, N. Z., May 8.—Advices received from Samoa announce that the American flag has been hoisted over the island of Tutuila amid great native rejoicing, and that the chiefs have made a formal cession of the island to the United States. The inhabitants of Manua, it is also announced, request the formal hoisting of the American flag over that island, which will likewise be ceded.

The natives of the islands will rule themselves until governors are appointed by the commandant of the naval station. Quiet prevails in German Samoa. Dairy butter 30 to 35 cents per roll at Pease & Mays.
