HON. J. N. WILLIAMSON.

THE CHRONICLE knows whereof it speaks when it says that J. N. Williamson, republican candidate for joint senator, will sweep his own home county of Crook like a cyclone. He is a man of unquestioned ability and integrity, and those who know him best and longest have no honors in their gift that they would not bestow upon him. The Lake county Examiner has this to say of Mr. Williamson:

Hon. J. N. Williamson, who was nominated for joint senator by the republican state convention from Crook county, for the counties comprising Lake, Klamath, Crook and Wasco, is an old-time republican and was a representative from Crook county at the last session of the legislature. He was the author of the H. B. No. 108, creating a scalp bounty fund and to levy a sheep tax for the protection of sheep in the state. Mr. Williamson introduced many other good bills, among them H. B. No. 373, to assist in the erection of a monument to the veterans of the Spanish-American war. Mr. Williamson is a prominent stockman of Crook county, and is a man of much ability.

BRYAN'S POPULIST PLATFORM.

When Bryan accepts the nomination tendered him by the populist national convention, and he will accept it or lose their support, he will endorse the following plank in the populist platform:

"We denounce the action of the governor of Idaho, and the federal government in using the military arm of the government to abridge and suppress the civil and inherent rights of the laborers of the Cour d'Alene by establishing an infamous permit system, which denies citizens the sacred right of organization for their mutual advancement and compels them to renounce their manhood, their liberties and their rights before being permitted to seek employment."

The wildest anarchist convention could not write anything worse than this. It condemns the authorities for suppressing the worst gang of dynamiters and murderers that ever cursed the American continent since the Molly Maguires terrorized the coal regions of Pennsylvania. And Bryan must accept this plank and

the democratic party must temporize with anarchy and accept Bryan. Then the people will rise in their majesty and grind Bryanism and all its works into impalpable dust.

Why don't our democratic exchanges point with pride to the fulfillment of the prophecies made by Bryan four years ago? We were to have 25 cent wheat and 5 cent cotton and 15 cent corn. Wretchedness and poverty and distress were to be all-prevailing. The "money power" was to contract the currency, drive gold out of circulation, drive greenbacks out of circulation and bring the country to the bow-wows. Wages were to be cut so low that the laboring man would not be able to earn enough to buy him bread. Our tariff laws were to shut us out of the foreign markets. Lombard Street and Wall Street were to conspire against the common people and grind them into the dust. All these horrible things, and more, were to happen if we did not get Bryan and 16 to 1. We got neither, thank God, and have managed to get along tolerably well without them.

If The Dalles is going to have a celebration on the coming Fourth it is high time we should say so. If nobody wants a celebration here silence will do no harm, but if a celebration is wanted the announcement of the fact should not be delayed till outside towns and villages have made arrangements that would seriously interfere with the success of a celebration at The Dalles. Who will take the initiative in this matter? Why not call a mass meeting and try to find out if a celebration is wanted? We have had no celebration for years. Surely the time is ripe for a rousing one this year.

Candidate for Congressman Smith, it is said, condemns the use of the American flag by republicans in political campaigns. We tell friend Smith that the republican party has an established right to use that flag. If it had not been for the republican party the nation, as such, would have no flag. If it had not been for the republican party the symbol of the union would be the emblem of division and the stars and bars would be floating over the South.

With 100 per cent increase in the population of the United States during the last thirty years, there has been an increase of only sixty per cent in our total imports of foreign goods, says the Albany Herald. This shows how the American workman under protection is acquiring the American market.

The Roseburg Plaindealer says there is not much likelihood that the dinner pail will figure in democratic campaign speeches this year. They are not so full of wind as they were four years ago.

Be sure and examine our stock of wall paper thoroughly before buying elsewhere, as we have the latest shipment made to this city, now ready for inspection at H. Glenn & Co.'s. a17-1w
