NO. 239

## BOILS AND CARBUNCLES

These unwelcome visitors usually appear in the spring or summer, when the blood is making an extra effort to free itself from the many impurities that have accumulated during the winter months.

Mr. R. M. Pratt, Cave, S. C., writes: "For twenty years I was sorely afflicted with boils and carbuncles caused by impure blood. It is impossible to describe my suffering, part of the time being unable to work or sleep. Several doctors treated me, and I tried all the so-called blood remedies, but nothing seemed to do me any good. During the summer of 1888 I was persuaded to try S. S. S., and after taking several bottles was entirely cured, and have had no return of these painful pests up to the present time."

**Baneful Boils**

Carbuncles, which are more painful and dangerous, come most frequently on the back of the neck, eating great holes in the flesh, exhaust the strength and often prove fatal. Boils are regarded by some people as blessings, and they patiently and uncomplainingly endure the pain and inconvenience under Nature's plan of thinning it. The blood is not too rich or too thick, but is diseased—is full of poison—and unless relieved the entire system will suffer. The boil or carbuncle gives warning of serious internal troubles, which are only waiting for a favorable opportunity to develop. Many an old sore, running ulcer, even cancer, is the result of a neglected boil.

**Dangerous Carbuncles**

Keep the blood pure, and it will keep the skin clear of all the irritating impurities that cause these painful, disfiguring diseases. S. S. S. cures boils and carbuncles easily and permanently by reinforcing, purifying and building up the blood and ridding the system of all accumulated waste matter. S. S. S. is made of roots and herbs which act directly on the blood, and all poisons, no matter how deep-seated, are soon overcome and driven out by this powerful purely vegetable medicine. S. S. S. is not a new, untried remedy, but for fifty years has been curing all kinds of blood and skin diseases. It has cured thousands, and will cure you. It is a pleasant tonic as well as blood purifier—improves the appetite and digestion, builds up your general health and keeps your blood in order.

# SSS

Our physicians have made blood and skin diseases a life study—write them fully about your case, and any information or advice wanted will be cheerfully given. We make no charge whatever for this service. Send for our book on Blood and Skin Diseases—free. Address, The Swift Specific Co., Atlanta, Ga.

### EARTH IS GROWING.

This Globe of Ours is Gaining in Weight at Rate of Five Hundred Tons a Year.

The earth is growing heavier at the average rate of 500 tons a year. The meteors or shooting or falling stars (of which now and again such brilliant displays rejoice the careful watchers) in passing through the earth's atmosphere are burnt up and fall on the earth's surface, occasionally in a heavy mass, but most usually in small meteoric dust. Prof. Nordenskjold, from his great experience, estimated that, from the cause named, 500 tons fall uniformly and steadily over the whole globe in each year, and the observations of Russian scientists yield a similar result. These meteor streams, says another astronomer, are really small planetary bodies, revolving around the sun in fixed orbits by the force of gravity. The earth revolves on its axis at the rate of 1,000 miles an hour, and speeds through space in its orbit around the sun at the rate of 1,000 miles every minute, and in August and November plunges into the very midst of the meteoric stream going in the opposite direction. The rapidity with which they enter our atmosphere, and the friction thus generated, are so enormous that they are set fire to, the smaller ones being consumed and falling in dust, while the larger ones occasionally reach the earth in the shape of meteoric stone or iron.

### Caught a Dreadful Cold.

Marion Kooke, manager for T. M. Thompson, a large importer of fine millinery at 1658 Milwaukee Avenue, Chicago, says: "During the late severe weather I caught a dreadful cold which kept me awake at night and made me unfit to attend my work during the day. One of my milliners was taking Chamberlain's Cough Remedy for a severe cold at that time, which seemed to relieve her so quickly that I bought some for myself. It acted like magic and I began to improve at once. I am now entirely well and feel very pleased to acknowledge its merits." For sale by Blakeley & Houghton.

YOU want your boy to look his best at the exercises next Friday. We are especially well prepared to fit him out as he should be—in suit, shirts, collars, ties, hosiery and shoes. Everything boys wear—in large variety—at most reasonable prices.

**A. M. WILLIAMS & CO.**

### He Fooled the Surgeons.

All doctors told Renick Hamilton, of West Jefferson, O., after suffering 18 months from Rectal Fistula, he would die unless a costly operation was performed; but he cured himself with five boxes of Bucklen's Arnica Salve, the surest Pile cure on Earth, and the best Salve in the World. 25 cents a box. Sold by Blakeley & Houghton Druggists.

Sick Headache absolutely and permanently cured by using Moki Tea. A pleasant herb drink. Cures constipation and indigestion, makes you eat, sleep, work and happy. Satisfaction guaranteed or money back. 25 cts. and 50 cts. Blakeley & Houghton Druggist.

### TO DICTATE WHEAT PRICES

Plan Submitted by the Russian Government.

CHICAGO, May 19.—The Record says: "There is before the state department at Washington a plan submitted by the Russian government whereby Russia and the United States could dictate wheat prices for the world," said J. M. Flynn, of San Francisco, at the Auditorium Hotel. Mr. Flynn is an agent of the Russian-American company, recently formed with a capital of \$5,000,000 and has been in consultation with the Russian Embassy in Washington for several weeks on matters pertaining to the company he represents. Continuing Mr. Flynn said:

"This plan was submitted during Cleveland's second term, but it has rested without action till the present time. I know that the Russian government is anxious that its overtures be met by this country. The trans-Siberian railroad develops a territory, the principal products of which are wheat and cotton. Russia believed that with the co-operation of this country, her wheat and cotton, the principal items of exports also of the United States, could bring much better prices.

"Russia's proposition was the result of the investigations made some time ago by M. De Witte, minister of Finance, to discover the cause of the low price of wheat and cotton. They showed to the satisfaction of the government that this low price was not due to the increased average nor lessened consumption, but was the direct result of American competition."

### BOER ENVOYS' CREDENTIALS

Peace Delegates May Be Received Officially.

WASHINGTON, May 19.—The Boer delegates devoted most of their time today to receiving visitors and attending to their correspondence. It was made evident to Colonel O'Beirne today that the state department is disposed to treat the Boer delegates with absolute fairness, and that their credentials, consequently, are to be considered on their merits.

It is by no means a foregone conclusion that the delegates are to be denied official recognition. That was the first decision, and it may after all be the outcome. But it is said that much depends upon the character of the credentials, and also upon the attitude of the delegates themselves. It is said among certain officials of the state department that if the government should consider it necessary to cast about for warrant for accepting them officially it might turn to the convention of 1884 between Great

Britain and the Transvaal, and declare that in that document is by implication to be found a renunciation of Great Britain's suzerainty, and consequently there no longer exists any obligation upon other nations in their dealings with the Boer republics, at least to the extent of offering official recognition to their diplomatic representatives.

The fact that consideration has been given at all to this phase of the matter may be regarded as significant of the fact that at present the administration holds itself in a receptive state, as far as the credentials are concerned, and is disposed to consider them on their merits.

Statement By Wyman. WASHINGTON, May 19.—Surgeon-General Wyman tonight gave out the following statement in regard to the plague situation at San Francisco:

"March 8 Surgeon Kenyon reported a suspicious death in Chinatown, and March 11 that he had found the plague bacillus. April 27, another case occurred, verified by bacteriological examination, so reported May 2. May 13, there were two deaths from plague. May 16 another case was reported. There have been six deaths and so far as known the disease has appeared only among the Chinese. The bureau has sent to San Francisco about 25,000 bottles of Hoffkino preventive and is still forwarding it. It has also sent a quantity of the curative serum. Inspectors have been stationed at the railroad crossings of the state, and the railroad companies have been instructed to refuse sale of tickets to Chinese passengers. A train inspection service has been ordered. The interstate quarantine law of March 27, 1890, will be enforced."

Catarrh Cannot be Cured with local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free.

F. J. CHENEY & Co., Props., Toledo O. Sold by druggists, price 75c. Hall's Family Pills are the best. 12

London, May 19.—"However much Turkey may wrong the United States, American ships are not to pass the straits in order to exit or reless from Constantinople, under penalty of being blown out of the water by Russian, German and Austrian ships."

This is the deduction drawn by the Spectator, when, in the course of a long article, based on the anti-American utterances of the Listock of Odessa, deals with the alleged hatred of America by the continental powers, especially Russia.

### A FENDISH FENIAN PLOT

Attempt to Blow Up Fortifications at Esquimalt.

CHICAGO, May 19.—A special to the Times-Herald from Vancouver, B. C., says:

Fenian sympathizers with the Boers have made an attempt to blow up the British fortifications at Esquimalt. The big naval dock, where \$7,000,000 damage could have been done, was the objective point of the leaders in the plot, who barely escaped from the guard with their lives.

Major Bennett, of the Duke of Connaught's Own Rifles, made a statement of the circumstances today. He says that three weeks ago the officer commanding at the Esquimalt fortifications was advised to look out for the possibility of a Fenian outrage. The information came from the military authorities at San Francisco, and with it the description of three well-known Fenians, who were a few days later recognized at Vancouver. Orders were given to sentries to shoot after the failure to reply to a second challenge, and to shoot to kill. Wednesday night, just at midnight, four men were discovered by the sentries within the line of first outposts, and they were just abreast of the Fort McCauley works, and within a short distance of the large dock of the North Pacific squadron. Two guards challenged almost simultaneously. There was no response, and the dimly outlined figures crouched to the ground. The guards challenged again, and at this time several other sentries immediately fired. By the time a search party had been formed there was much confusion, and the men succeeded in running past the outer outposts.

A Life And Death Fight. Mr. W. A. Hines of Manchester, Ia., writing of his almost miraculous escape from death, says: "Exposure after measles induced serious lung trouble, which ended in consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery for Consumption, which completely cured me. I would not be without it even if it cost \$5.00 a bottle. Hundreds have used it on my recommendation and all say it never fails to cure Throat, Chest and Lung troubles." Regular size 50c and \$1.00. Trial bottles free at Blakeley & Houghton's Drug Store.

Will Make a Stand. PRETORIA, May 20.—It is officially announced that Johannesburg will be defended. The consuls of the neutral powers have been advised to look after their citizens, as the government will not hold itself responsible for injury or damage to property. Commandant Botha, commander-in-chief of the Boer forces, reports the burghers are joining in great numbers. You will not have boils if you take Clarke & Falk's sure cure for boils.

South Carolina's Coming Exposition. South Carolina in 1901 proposes to hold a state exposition which will be illustrative of the new departure of that state in the swift development of its material resources. The undertaking has the general approval of the political and business interests of the state.—Chicago Chronicle.

### The Best Remedy for Rheumatism.

QUICK RELIEF FROM PAIN. All who use Chamberlain Pain Balm for rheumatism are delighted with the quick relief from pain which it affords. When speaking of this Mr. D. N. Sinks, of Troy, Ohio, says: "Some time ago I had a severe attack of rheumatism in my arm and shoulder. I tried numerous remedies, but got no relief until I was recommended by Messrs. Geo. F. Parsons & Co., druggists of this place, to try Chamberlain's Pain Balm. They recommended it so highly that I bought a bottle. I was soon relieved of all pain. I have since recommended this liniment to many of my friends, who agree with me that it is the best remedy for muscular rheumatism in the market." For sale by Blakeley & Houghton.

### Asks for Peace.

LONDON, May 21, 3:10 a. m.—Displayed in the most conspicuous style in the Daily Express, is the dominant war news of the morning: "We have the best reason for stating that in the last twenty-four hours a telegram has been received at the foreign office, addressed personally to the Prime Minister, from President Kruger, proposing terms of peace. The exact terms of the message cannot be stated; but we believe it is couched in an exceedingly humble strain." It is inconceivable, of course, that Lord Salisbury can have sent any reply except the one that stands ready on the lip of every Briton—unconditional surrender.

### The Appetite of a Goat

Is envied by all poor dyspeptics whose stomach and liver are out of order. All such should know that Dr. King's New Life Pills, the wonderful stomach and liver remedy, gives a splendid appetite, sound digestion and a regular bodily habit that insures perfect health and great energy. Only 25 cents at any drug store.

Dull Headache, Pains in various parts of the body, Stinking at the pit of the stomach, Loss of appetite, Feverishness, Pimples or Sores all positive evidences of impure blood. No matter how it became so it must be purified in order to obtain good health. Acker's Blood Elixir has never failed to cure Scrofulous or Syphilitic poisons or any other blood diseases. It is certainly a wonderful remedy and we sell every bottle on a positive guarantee. Blakeley & Houghton's drug store.

Lewis Ackerman, Goshen, Ind., says, "DeWitt's Little Early Risers always bring certain relief, cure my headache and never gripe." They gently cleanse and invigorate the bowels and liver.
