Blood Troubles: Cancer, Scrofula, Old Sores, Rheumatism, Contagious Blood Poison, Chronic Ulcers.

As the blood contains all the elements necessary to sustain life, it is important that it be kept free of all impurities, or it becomes a source of disease, poisoning instead of nourishing the body, and loss of health is sure to follow. Some poisons enter the blood from without, through the skin by absorption, or inoculation; others from within, as when waste products accumulate in the system and ferment, allowing disease germs to develop and be taken into the circulation. While all blood troubles have one common origin, each has some peculiarity to distinguish it from the other. Contagious Blood Poison, Scrofula, Cancer, Rheumatism, Eczema and other blood diseases can be distinguished by a certain sore, ulcer, eruption or inflammation appearing on the skin. Every blood disease shows sooner or later on the outside and on the weakest part of the body, or where it finds the least resistance. Many mistake the sore or outward sign for the real disease, and attempt a cure by the use of salves, liniments and other external applications. Valuable time is lost and no permanent benefit derived from such treatment.

BLOOD TROUBLES REQUIRE BLOOD REMEDIES; the poison must be completely and permanently eradicated—the blood reinforced, purified and cleansed, or the disease goes deeper and saps the very life. Mercury, potassium and arsenic, the treatment usually prescribed in this class of diseases, are violent poisons, even when taken in small doses—never cure, but do much harm by adding another poison to the already overburdened, diseased blood.

S. S. S., Nature's own remedy, made of roots and herbs, attacks the disease in the blood, antidotes and forces out all impurities, makes weak, thin blood rich, strong and healthy, and at the same time builds up the general health. S. S. S. is the only purely vegetable blood purifier known, and the only one that can reach deep-seated blood troubles. A record of 50 years of successful cures proves it to be a reliable, unerring specific for all blood and skin troubles.

Free Medical Treatment.—Our Medical Department is in charge of skilled physicians, who have made blood and skin diseases a life study, so if you have Contagious Blood Poison, Cancer, Scrofula, Rheumatism, Eczema, an Old Sore or Ulcer, or any similar blood trouble, write them fully for advice about your case. All correspondence is conducted in strictest confidence. We make no charge for this service. Book on blood and skin diseases free.

RAN INTO A BOER AMBUSH

British General on His Way to Newcastle Dropped Into One of Those Boer Traps and Very Few of His Force Escaped.

LONDON, May 22.—4:35 p. m.—It is officially announced that Colonel Bethune has reported that while marching in the direction of Newcastle yesterday one of his squadrons of mounted infantry was ambushed by a party of Boers six miles west of Vryburg, in the Transvaal, and that very few of his force escaped. His casualties numbered sixty-six men.

CAPE TOWN, May 22.—British troops have arrived at Vereeniging. (In the Transvaal, north of the Vaal river.) The bridge across the Vaal was found intact. Twenty-seven Free Staters and two locomotives were captured.

LONDON, May 22.—A dispatch from Pietermaritzburg, dated May 21, says the Boers are reported to have entirely left Natal, leaving Laings Nek free. If this is true, it leaves the way open for Buller to advance into the Transvaal, as soon as the repairs of the railroad are sufficient to insure good communication.

Roberts is still at Kroonstad reorganizing his forces.

General Rundle's forces are encamped at Trommel, recuperating. A patrol four miles from was attacked by Boers. The affair was unimportant, except in showing that the Boers are on the lookout for any chances of sniping and are still in the neighborhood.

Further details of the fighting at Mafeking say Commandant Eloff's followers deserted him, whereupon Eloff fired on them himself and then surrendered. The dispatch also says one party of Boers were driven out of the staal and allowed to escape, as "we had sufficient prisoners." The capture of Eloff and his followers cost Baden-Powell three men killed and four wounded.

Preparing For a Siege.

PRETORIA, May 22.—An open-air meeting was held today by the local Hollanders, 200 of whom were present to consider the situation in the event of Pretoria's being beleaguered. A committee was appointed to see about securing a place of security for the women and children.

Dr. Heyman, contrary to reports circulated regarding the health of President Kruger, says it is good. Kruger is transacting all the work of the presidency.

In accordance with an understanding with General Botha and President Steyn, the government has issued a circular stating that should the enemy succeed in gaining a position in the Transvaal and take possession of one or the other district, the inhabitants will be free to decide whether or not to leave their families on farms, but they must remain with their commandos.

Fight to a Finish.

LONDON, May 23, 3:30 a. m.—The Transvaal government has informed the correspondents at Pretoria that it has not considered and does not intend to consider unconditional surrender, but will fight to a finish. The foreign consuls have been informed that Johannesburg will be defended, and the government announces that it will not hold itself responsible for injury to property resulting from the defense measures. Pretoria dispatches affirm that President Kruger, President Steyn and all the most prominent leaders of both republics, after a prolonged interchange of views, are determined to continue the resistance, but that a minority of the leaders advocate surrender without terms.

The Best Remedy for Rheumatism.

QUICK RELIEF FROM PAIN. All who use Chamberlain's Pain Balm for rheumatism are delighted with the quick relief from pain which it affords. When speaking of this Mr. D. N. Sinks, of Troy, Ohio, says: "Some time ago I had a severe attack of rheumatism in my arm and shoulder. I tried numerous remedies, but got no relief until I was recommended by Messrs. Geo. F. Parsons & Co., druggists of this place, to try Chamberlain's Pain Balm. They recommended it so highly that I bought a bottle. I was soon relieved of all pain. I have since recommended this liniment to many of my friends, who agree with me that it is the best remedy for muscular rheumatism in the market." For sale by Blakeley & Houghton.

Reduction of War Taxes.

WASHINGTON, May 22.—The house leaders have decided to reduce the war taxes at the next session of congress, and a resolution will be prepared tomorrow to give the committee on ways and means leave to sit during the recess of congress. The committee will meet next autumn, when a measure will be prepared for presentation to the house immediately after it convenes in December. Mr. Payne's resolution for a sine die adjournment June 6 will be favorably reported tomorrow.

Rev. W. E. Sitzer, W. Canton, N. Y., writes, "I had dyspepsia over twenty years, and tried doctors and medicines without benefit. I was persuaded to use Kodol Dyspepsia Cure and it helped me from the start. I believe it to be a panacea for all forms of indigestion." It digests what you eat.

Awaiting Developments.

INDIANAPOLIS, May 22.—W. S. Taylor, of Kentucky, who is in this city, said today:

"If there is an indictment, then I shall make a statement, in which I shall give my opinion of the entire situation. I went into the courts of Franklin county and tried to find out if there was an indictment against me, but they would not tell me. Now I will await developments. I expect to remain here or go to some quiet resort in Indiana and remain there until the national convention of the republicans."

Charles E. Wilson, secretary of Governor Mount, said today:

"Before leaving for Fort Wayne yesterday, Governor Mount authorized me to say that his action in declining to honor a requisition for the return of Charles Finley to Kentucky was based on his deliberate conviction that, owing to the inflamed state of public opinion in that state, especially among the professional politicians, who are vehemently threatening vengeance, a tragedy would have swiftly followed, with Finley the victim. He would have been hanged like a pig to a pole."

A Life And Death Fight.

Mr. W. A. Hines of Manchester, Ia., writing of his almost miraculous escape from death, says: "Exposure after measles induced serious lung trouble, which ended in Consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery for Consumption, which completely cured me. I would not be without it even if it cost \$5.00 a bottle. Hundreds have used it on my recommendation and all say it never fails to cure Throat, Chest and Lung troubles." Regular size 50c and \$1.00. Trial bottles free at Blakeley & Houghton's Drug Store. 4

Lands set Apart.

WASHINGTON, May 22.—The secretary of the Interior today submitted a report showing the proposed enlargements of forest reservations. Attempts will be made to add twenty-three townships to the Cascade reserve on the west and to move the east boundary line six miles further east, taking in a part of the Hood River and North White river valleys. Moreover, the lands between the Warm Springs reservation and the altered line of the Cascade reserve are also to be included in the latter.

BOER ENVOYS CALL ON MCKINLEY

Conversation Was General For a Time, Then the Subject of the War Was Broached, When Chief Executive Told the Boers That This Country Could Do Nothing More.

WASHINGTON, May 22.—The Boer envoys visited the White House this morning according to a previous arrangement, to pay their respects to the president. No official status was given to visitors, and they presented no credentials. The envoys were received in the blue parlor, no one being present but themselves, the President and Secretary Cortelyou. At first the conversation touched upon a variety of subjects. The Boers talked about Washington; told how they admired the city, and the president escorted them to a porch at the rear of the executive mansion, where a splendid view is obtainable of the monument and Potomac river.

President Kruger was finally mentioned, at which the visitors then stated their purpose in coming to this country. They said they understood that what Secretary Hay told them yesterday was final, and that the position of the United States was that this country could not interfere in the struggle in South Africa. The president confirmed this view. He said the action he took some time ago (when at the request of the Transvaal government he had offered his good offices to England to bring about peace) he did with great pleasure in the hope that it might possibly bring the conflict to an end. This offer had been declined by Great Britain, and he said there was nothing further which the United States would do in the premises.

The envoys intimated they were glad to feel they had friends in this country, and then bade the president good-bye.

A Testimonial from Old England.

"I consider Chamberlain's Cough Remedy the best in the world for bronchitis," says Mr. William Savory, of Warrington, England. "It has saved my wife's life, she having been a martyr to bronchitis for over six years, being most of the time confined to her bed. She is now quite well." Sold by Blakeley & Houghton.

Mrs. Calvin Zimmerman, Milesburg, Pa., says, "As a speedy cure for coughs, colds, croup and sore throat One Minute Cough Cure is unequalled. It is pleasant for children to take. I heartily recommend it to mothers." It is the only harmless remedy that produces immediate results. It cures bronchitis, pneumonia, grippe and throat and lung diseases. It will prevent consumption.
