NO MORE JAPANESE.

The administration has hardened to the cry of the Pacific coast and Japanese immigration has received a check, says the Walla Walla Union. The emperor has issued a decree which prohibits more than thirty natives of each province leaving the country.

It is evident from this that the authorities at Washington were prompt in communicating with the emperor when they were notified of the great influx of Japanese coolies during the month of April, and the emperor, who has always expressed a warm friendship for this country, acted at once.

A rather peculiar feature of this Japanese immigration is that all the subjects of the emperor in this country may be called upon in case of war to return and defend the empire. There is no power to compel them to obey such an order, but they are a loyal people and it is doubtful if any great number would refuse to respond if called upon.

The American laborer who has come into competition with the Japanese has no love for the stranger, who will work for a bare pittance, live on the cheapest foods and who is not a circulator of money. While he is useful in a number of trades which are not to the liking of white men, he is not a very desirable person.

"We admit that the democrats had a plank in their platform in 1860 in favor of annexing Cuba," say The Dalles democrats, "but that was a very different thing from wanting to steal Cuba as you republicans want to do." Nobody wants to steal Cuba. The republican party has always kept its pledges and will keep those made to the Cubans. But you miss the point, gentlemen. It is not a question of simple annexation. Nobody thinks of blaming you for wanting to annex Cuba. But you wanted to annex it without ever consulting the Cubans, without, that is to say, "the consent of the governed," and now you hypocritically damn the republicans

for doing the same thing with the Filipinos. You forget, gentlemen, that nearly two thirds of all the territory of the United States, lying between the Atlantic and the Pacific and between the British possessions and the Gulf, has been added to the original thirteen states by democrats, often by force and always without "the consent of the governed." This is your record, gentlemen. What makes you ashamed of it?

The democrats grumble because times are too good and prices of products too high; they say they would have things different if they were intrusted with power. And there is no doubt in the world about it; they would change things in the twinkling of an eye, to ruin and devastation. There is no joke so good to them as the joke that was told in grim earnest after the democrats elected Cleveland any everything went to smash; when starving workmen applied for work to get something to eat, they were told to eat the roosters they had paraded on their hats.—Salt Lake City Tribune.

Nothing sets a democrat so mad as to put him in front of his own picture, and the middle-of-the-roads did that to the queen's taste last night.

Come to think of it, those middle-of-the-road populists are an awful nice lot of fellows.

Columbia Southern Warehouse.

At Shaniko the Columbia Southern Railway Co. controls 80x100 feet of the Shaniko warehouse building, to be used as a freight warehouse, through which they will receive and forward freight in the usual manner. The impression that all business must be done through forwarding houses is an erroneous one and we take this means of dispelling it. Freight received and held twenty-four hours will be turned over to a forwarding house subject to the order of the consignee. The rate on wool in sacks or in bales from Shaniko to The Dalles is 25 cents per 100 pounds.

For rates or other information call on or address C. E. LYTLE, G. F. & P. A., or GEO. F. ROSS, Agent, Shaniko, Or.

Glorious News.

Come from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion and builds up the strength. Only 50 cents. Sold by Blakeley & Houghton, Druggists, Guaranteed.
