

Do You Cough?

"I guess I used to be like everybody else. When I caught cold, I just let it alone, thinking it would cure itself in a few days; of course the coughing and spitting of mucus sometimes lasted several weeks, but after a while the trouble would subside. I always noticed, however, that each cold was worse than the one before. My throat seemed to get weaker, and the least change in the weather started the coughing again. The last cold was the most severe of all. I was really frightened. Cough drops and home treatment did no good. A friend told me about Acker's English Remedy. I got a bottle, and you never saw the like of the way it acted. Before the bottle was gone I was well. My throat felt as strong and well as could be. Since then I have had no more trouble. I think Acker's English Remedy so strengthens the delicate lining of the throat that it easily resists the changes in temperature, and builds up the constitution as well."

To dispense health-giving prescriptions in the proper way. It's a business we have not learned in a day, but after years of persistent work and careful study. We use pure drugs and charge an honest price. **Clarke & Falk.**

"Plutot mort qu'aveugle"

Means, "Rather dead than blind!" Blindness in most cases is the result of a neglected trivial illness of the eye. Many a person now blind could enjoy good eyesight had it not been that the eyes were neglected when the first sign of disease appeared. Cataract and Glaucoma, two of the most dangerous diseases, are in most cases due to negligence in the care of the eyes. Theo. H. Liebe, of the firm of J. E. Adcox & Co., is a graduate of the Peoria Optical College, and the Bradley Polytechnic Institute. He will correct and diagnose all errors of refraction. Eyes examined free.
