Referring to the timely letter of M. J. Anderson, printed in another column, THE CHRONICLE at this time has only this one word to say. The editor of the Times-Mountaineer never meant to be fair in its attacks on Mr. Roberts. The editor of that paper well knows that if there is anything wrong about the increase of the superintendent's salary that Mr. Roberts is responsible only in a slight degree. The increase of salary was tacked on as an amendment to the Daly educational bill, known as senate bill No. 3. The amendment was referred by the senate to the Wasco delegation, which consisted of Senators John Mitchell and E. B. Dufur. They agreed on the amount and so reported and both voted for the bill on its final passage. In this form the bill went to the house, where it was referred to the judiciary committee which reported it back, recommending that it do pass, with certain trifling amendments. In the form recommended the bill passed and Mr. Roberts voted for it. The editor of the Times-Mountaineer knew all this when he attacked Mr. Roberts for voting for an amendment that had been introduced and passed in the other house, by the open vote of a man now seeking election on the fusion ticket. If it was wrong in Mr. Roberts to vote for the amended bill, what was it in Mr. Dufur? Will the Times Mountaineer please answer?

"The democratic party has not changed, but stands just where it did forty years ago."—Times Mountaineer. That's a mighty bad break for a democrat. Forty years ago was 1860 and the democratic party was mixed up at that time and for the five subsequent years in some little affairs that we are all trying our best to forget. When Howard and Osborne said the other night that the old Bourbon democracy was the same yesterday today and forever, it was charged they were in the pay of the republican national committee. Is it possible that the Times-Mountaineer and Mark Hanna have made a little deal on the side?

Robert Kelly has made the best sheriff Wasco county has ever had. This is no mere campaign talk but solid and admitted fact. He has brought to the office rare executive ability and brought the business of the office up to a standard never be-

fore attempted. The funds which have come into his hands have been promptly turned over to the county treasurer. His books are models of neatness, clearness and correctness. Through his diligence as tax collector the number of delinquents was never so small, and the amount of interest thereby saved to the county has gone a long way towards paying his salary. He has always been found at the post of duty and has been sheriff in fact as well as in name. This record, which is unquestioned and unquestionable, entitles him to the second term for which he was nominated.

When Judge Bennett entered the race for state senator with Newt Williamson he tackled the toughest political job of his life. In his own county, where Mr. Williamson is best known, there is not a democrat that breathes the air that could come within a thousand miles of beating him. When the ballots are counted on the night of June 4th the judge's six previous successive defeats will be only incidental backsets to a decisive Waterloo.

The Times-Mountaineer says "the democratic party doesn't want the guilt on its hands of stealing Cuba." Who proposes to give it a chance to steal anything? It stole enough of wages out of our pockets and bread out of our mouths and clothes off our backs during the last four years of its supremacy to entitle it to be put in the penitentiary for life.

The Times-Mountaineer is just now profoundly impressed with the dignity and majesty of the independent voter. So are we if the independent voter has the dignity and majesty to scratch the democratic ticket.
