

# Do You Cough?

"I guess I used to be like everybody else. When I caught cold, I just let it alone, thinking it would cure itself in a few days. Of course the coughing and spitting of mucus sometimes lasted several weeks, but after a while the trouble would subside. I always noticed, however, that each cold was worse than the one before. My throat seemed to get weaker, and the least change in the weather started the coughing again. The last cold was the most severe of all. I was really frightened. Cough drops and home treatment did no good. A friend told me about Acker's English Remedy. I got a bottle, and you never saw the like of the way it acted. Before the bottle was gone I was well. My throat felt as strong and well as could be. Since then I have had no more trouble. I think Acker's English Remedy so strengthens the delicate lining of the throat that it easily resists the changes in temperature, and builds up the constitution as well."

### A Difficult Problem.

It is among the most difficult problems of natural science for one to become expert in several lines. J. E. Adcox & Co., by their combination, have overcome this difficulty in a practical manner. J. E. Adcox is an expert watchmaker and is good on jewelry, optical work and engraving, while Theo. H. Liebe is an expert optician and is good on watch repairing, jewelry work and engraving. Their price is as low as consistent with good workmanship. They are prepared to do all work in their several lines, on short notice. Work sent by mail or express will receive prompt attention. Sign "Big Red Watch."

#### Fatal Quarrel in Gilliam County.

Yesterday afternoon James Collins, an unmarried man, about 50 years of age, was murdered at the Junction House, seven miles south of Arlington, and the coroner's jury charged L. L. Cook with the crime of murder in the first degree.  
The deceased was cutting some rye that was claimed by both him and L. L. Cook. The evidence tended to show that Cook shot Collins in the left leg, the ball passing entirely through the limb. Cook and Ashpaugh then hauled Collins to his home, about fifty rods distant, and put the wounded man on his bed. It was some hours before any assistance was summoned, Cook himself going to Arlington to inform the coroner. The preliminary examination was held today. The wound was not a fatal one had the limb been bandaged and the flow of blood prevented.
