## CAPTURED THE ARCHIVES

Important Find Made on the Rio Grande de Pampanga—Rich Cache Discovered and Speedily Depleted.

Manila, June 11.—A copy of the Manila Times received here by Idzumi Maru says:

On May 2nd General Funston made one of the biggest hauls of the Philippine war, perhaps quite the biggest. He was making a personal reconnaissance with eighteen troopers in the direction of Bongabon and Pontabagan, up the Rio Grande de Pampanga. The rich valley of the Rio Grande is shut in by somewhat steep bluffs, covered with dense forest which stretches back into the unknown mountain region.

The bright eyes of the brigadier espied a bamboo ladder in a cleft of the cliff, and he turned aside to investigate. The ladder was perfectly perpendicular, and beside it a rope hung sheer from the brink of the cliff to the ground. Apparently the rope was intended to assist the ascent or descent of persons using the ladder. When pulled it rang a bell—a big, deep-toned alarm bell—somewhere away in the woods back from the brow of the precipice.

At the top a footpath led away into the gloom of the forest, and there, in a snug little ravine, beautifully concealed, they found a wonderful store of treasure. Not gold nor silver, nor pirates' plunder, but all the archives of the rebel republic, carefully cached and awaiting the resurrection. There were thirty or forty large wooden cases, neatly packed with state documents. There were other things saved from the wreck of Malolos. About 1000 two pound Hotchkiss shells, a quantity of dynamite, a stock of bombs and much other ammunition, 200 pounds of black gunpowder, coffee furniture from the Malolos Audience, carpets, chairs and tables and a lot of miscellaneous goods of no special importance. Documents were the principal prize.

After a good inspection as circumstances permitted, General Funston set aside several tons of needless rubbish and burned it on the spot, saving the state papers. These comprise all the correspondence of Aguinaldo and his chief officials from the time of their early dealings with Dewey, down to the hurried migration from Malolos. Archives subsequent to that date were, it will be remembered, taken at Tarlac in the middle of last year. There are letters to and from Wildman and Dewey, besides several business firms in Manila. Aguinaldo's own letter-book, giving press copies of everything he wrote, is also there. It is rumored that the correspondence shows some firms in Manila to have had relations with the rebels hitherto unsuspected. The whole cache was ingeniously hidden among the trees in a ravine and rooted over heavily with nipa to an unusual thickness. The structure made quite a big warehouse, with not an inch of space vacant.

It was found later, that there were other approaches to the cache, just like the one described, with alarm bells everywhere, and a guard of forty or fifty rebels had just fled, leaving their dinner half-eaten.

**Columbia Southern Warehouse.**  
At Shaniko the Columbia Southern Railway Co. controls 80x100 feet of the Shaniko warehouse building, to be used as a freight warehouse, through which they will receive and forward freight in the usual manner. The impression that all business must be done through forwarding houses is an erroneous one and we take this means of dispelling it. Freight received and held twenty-four hours will be turned over to a forwarding house subject to the order of the consignee. The rate on wool in sacks or in bales from Shaniko to The Dalles is 25 cents per 100 pounds.

For rates or other information call on or address

## LATEST MOVE OF THE STRIKERS

St. Louis Car Men Will Spend \$100,000 to Equip an Elaborate Bus System—Additional Casualties.

St. Louis, June 11.—The central trades and labor union proposes to establish a bus line in St. Louis, to compete with and run parallel to the lines of the St. Louis Transit Company, on which there is a strike, to be operated by union men. At a meeting at Wall-halla hall last night, the first step was taken toward this end by the adoption of a resolution to raise at least \$100,000 to purchase and equip the necessary bus system.

From the resolution adopted and the declarations of the speakers, henceforth the policy will be to win the strike, if possible, on the basis of a general boycott, which in all its ramifications is to reach to almost every industry in the city. The fare on a bus for a distance equal to that traversed by the street car line will be five cents.

St. Louis, June 11.—Monday opened quiet, after yesterday's reign of terror. With one exception, all the street car lines are in operation today.

A revised list of yesterday's casualties makes the list of dead three, fatally wounded one, and ten wounded.

W. D. Mahon, president of the national association of amalgamated street railway employes, has telegraphed President Gompers that street car men returning from a picnic Sunday evening, peacefully and unarmed, were fired upon by the sheriff's posse and shot down like dogs.

**No Favorable News.**  
London, June 11.—There is no favorable news from China with the exception that there is evidence of a continued perfect understanding between the various powers and the announcement that the international guards will probably arrive at Peking today.

According to a dispatch from Lhanghai, dated today, 4000 Russians, with twenty guns, have already been landed at Tien Tsin and are marching in the direction of Peking.

A dispatch from Peking, dated Saturday evening, says:  
"Another edict this morning orders the delegates sent to negotiate peace terms, but the result of the negotiations is not known."

**Moody's Work Shall Go On.**  
EAST NORTHFIELD, Mass., June 10.—The board of trustees of the Northfield seminary today elected two new members to the board—Paul Dwight Moody, to fill the vacancy caused by the death of his father, and George E. Keith—and resolved that the work should go on without any diminution.

Dull Headache, Pains in various parts of the body, Sinking at the pit of the stomach, Loss of appetite, Feverishness, Pimples or Sores all positive evidences of impure blood. No matter how it became so it must be purified in order to obtain good health. Acker's Blood Elixir has never failed to cure Scrofulous or Syphilitic poisons or any other blood diseases. It is certainly a wonderful remedy and we sell every bottle on a positive guarantee. Blakeley & Houghton's drug store.

Rev. W. E. Sitzer, W. Canton, N. Y., writes, "I had dyspepsia over twenty years, and tried doctors and medicines without benefit. I was persuaded to use Kodol Dyspepsia Cure and it helped me from the start. I believe it to be a panacea for all forms of indigestion." It digests what you eat.

Unless food is digested quickly it will ferment and irritate the stomach. After each meal take a teaspoonful of Kodol Dyspepsia Cure. It digests what you eat and will allow you to eat all you need of what you like. It never fails to cure the worst cases of dyspepsia. It is pleasant to take.

## ARE NOW MARCHING ON PEKIN

American Mission at Tung Chow Destroyed.

LONDON, June 11.—A special dispatch from Tien Tsin says it is reported that the Dowager Empress has fled to the Russian legation at Peking.

BERLIN, June 11.—The German foreign office has received a dispatch from Peking, dated Sunday, saying the American mission-house at Tung Chow, the river port of Peking, has been burned by natives. The dispatch further says the International Club, outside of the gate of Peking, has been burned, and that the Belgian secretary of legation was attacked by Chinese soldiers. The foreign office interprets the latter news as confirming the serious views taken of the situation, and expresses fear that the German embassy will be next attacked.

The German gunboat Tiger has been ordered to co-operate in quelling the disturbances.

Tien Tsin, June 11.—It is learned that but for the firmness of the United States consul and Captain McCalla (of the Newark), in charge of the American landing party, and the British consul, there would have been further delay in dispatching the international guards to Peking, and the majority of the forces would not have been British.

At a meeting of the consuls and commanders of troops last evening, when the necessity for the immediate dispatch of troops was considered, the representatives of two European powers questioned the necessity, and afterward disparaged the idea that the British force should preponderate. The Anglo-Americans, however, insisted and carried their point.

**A Good Cough Medicine.**

It speaks well for Chamberlain's Cough Remedy when druggists use it in their own families in preference to any other. "I have sold Chamberlain's Cough Remedy for the past five years with complete satisfaction to myself and customers," says Druggist J. Goldsmith, Van Etten, N. Y. "I have always used it in my own family both for ordinary coughs and colds and for the cough following a grippé, and find it very efficacious." For sale by Blakeley & Houghton.

Mr. W. S. Whedon, cashier of the First National bank of Winterset, Iowa, in a recent letter gives some experience with a carpenter in his employ, that will be of value to other mechanics. He says: "I had a carpenter working for me who was obliged to stop work for several days on account of being troubled with diarrhoea. I mentioned to him that I had been similarly troubled and that Chamberlain's Colic, Cholera and Diarrhoea Remedy had cured me. He bought a bottle of it from the druggist here and informed me that one dose cured him, and he is again at his work." For sale by Blakeley & Houghton.

## PROSPECTS OF TRADE IN CHINA

Manila is the Gateway Through Which We Must Enter the Orient.

WASHINGTON, D. C., June 11.—The prospect for the growth of American trade in China is arousing considerable interest in the East at the present time, and Eastern papers have taken up and are agitating that question. In all this talk, while it is generally conceded that China offers a fertile field for our growing trade, it is as generally agreed that Manila is the gateway through which we must enter the Orient. Great prospects seem to be in store for that city, and those commercially interested predict that in the end Manila will equal, if not excel, Hong Kong as a commercial port. In this same connection there is a strong sentiment on this side of the country that the United States, in view of the vast opportunity open to it, would do very wrong not to avail itself of them and insist, along with other nations, on its rights in China. It is contended that we should not allow other nations to secure the full control of the China trade, to our own detriment. Yet this is not a sentiment favoring the division of China. The Eastern people do not demand nor do they think it wise to divide China up between the several nations, but they do think that all commercial nations should have an equal show, and that where there is an opportunity to make commercial advancement a mere matter should not be allowed to intervene.
