ICE CREAM and ICE CREAM SODA

WAYSIDE GLEANINGS.

Remember the closing exercises at St. Mary's Academy tonight. The good sisters never do anything by halves.

The Chronicle employees are indebted to the courtesy of Rev. O. D. Taylor for a basket of delicious Royal Ann cherries.

A girl is wanted to do general housework by Mrs. J. C. Hostetler. Good wages will be given to a competent party. j15-6t

The salary of The Dalles postmaster has been increased from \$2100 to \$2200, and that of Hood River from \$1100 to \$1400.

Marshal Hughes yesterday afternoon arrested a Warm Springs Indian for drunkenness. He paid a fine of \$2 this morning.

The closing exercises at St. Mary's Academy will take place tonight, June 15th, at 8 p. m. Fifty cents admission will be charged to all, patrons of the institution excepted.

The Yakima Indians brought over today from North Dalles the last of 966 head of canyuses for the Linton cannery. The Indians say they have 3000 or 4000 more that they may bring here later on.

Last night and this morning the Dalles City took down to Stevenson 2200 head of sheep for D. P. Ketchum. These sheep will be summered in the mountains till towards fall, when they will be driven through to the Seattle market.

The fame of The Dalles weeding machine, patented recently by Frank Gruning, has reached the fatherland, and today Frank had a letter from the firm of Hodder & Wessler, manufacturing agents of Danzig, asking the price of the machines free on board ship at New York or Hamburg.

Remember, the New York Cash Store is the sole agent for the Hamilton Brown Shoe Co.'s famous shoes for men, women and children. Be sure and see our line before purchasing. We can save you money. We have no old stock to work off, but are offering new, neat, nobby footwear. No trouble to show goods.

John Phillips, who was arrested here a couple of weeks ago for selling liquor to Indians, was brought back from Portland today by Deputy United States Marshal Roberts under a sentence of sixty days in the county jail. Mr. Roberts turned the prisoner over to Sheriff Kelly and proceeded on up the road.

Phillips pleaded guilty and thus escaped a well-deserved longer sentence.

Commencement exercises at the state university were concluded yesterday with the exercises of the graduating class. The degree of bachelor of arts was conferred on Miss Daisy Ernestine Allaway and Mr. Homer D. Angell, of The Dalles. At the meeting of the alumni Miss Melissa Hill, of The Dalles, was chosen vice-president of the association.

County Clerk-Elect Lake has announced his intention of appointing Simeon Bolton as his deputy. It is doubtful if Mr. Lake could have made any other selection that would have been as satisfactory to the taxpayers of Wasco county. Mr. Bolton is in many respects a model public official. Steady, sober, patient, efficient, obliging and always at the post of duty are qualities which meet with just recognition in his retention in the position he has filled with honor to himself and satisfaction to the public for more than five years.

A tramp printer who had earned a small wad of money picking berries at Hood River, arrived in town yesterday and proceeded to blow himself in. Night Watchman Phirman arrested him and kept him in the calaboose for the night, as much as anything to save him from being robbed. When he was discharged this morning he was not long till he was again full. He had a bundle of clothing which he dropped on the sidewalk and staggered off. Marshal Hughes picked up the bundle and put its drunken owner back in the calaboose, where he remains at this writing.

A London dispatch says Mrs. Gladstone, widow of William E. Gladstone, died at 5:40 yesterday afternoon. She was 82 years of age, and was the daughter of Sir Stephen Glynn. For sixty years she was the faithful helpmate of England's "Grand Old Man," and his death lay heavily on the evening of her life. It was her mother's benevolence and care for the poor which laid the foundation for the daughter's wide and active sympathy with suffering, and her pity and compassion during her ministrations to the victims of the great cholera epidemic in London.

Rain Extended Far to the South.

From Frank Malone, of Antelope, who arrived here today by way of Sherar's Bridge, we learn that a fine shower of rain fell on the Tygh Ridge country yesterday afternoon. The shower commenced as Mr. Malone was half way up the Deschutes hill and continued till he had reached Nausene. From the black clouds in the south Mr. Malone inferred that the rain had extended to the country south of Sherar's Bridge. J. H. Sherar telephoned this morning that there had been a cloud burst in the neighborhood of the bridge; but what damage was done, if any, we could not learn.

From T. H. McGreer, who arrived here today by rail from Antelope, we learn that a nice shower fell at that place last night.

From W. J. Davidson, of Endersby,

we learn that a light shower fell there yesterday afternoon. The rain as usual, has come at the right time and all the indications point to such a precipitation as will insure Wasco county the largest grain crop she has ever harvested.
