

CATARRH: FORERUNNER OF CONSUMPTION.

Few realize what a deep-seated, obstinate disease Catarrh is, regarding it as a simple inflammation of the nose and throat, little or no attention is given it. But, however insignificant it may seem at first, it is serious and far-reaching in its results. The foul secretions entering the circulation poison the entire system. The stomach, kidneys—in fact all the organs—feel the effect of this catarrhal poison, and when the lungs are reached its progress is rapid and destructive, and finally ends in consumption. It frequently happens that the senses of hearing and smell are in part or entirely lost, the soft bones of the nose eaten into and destroyed, causing intense suffering and greatly disfiguring the face. While sprays, washes and salves may give temporary relief, no permanent benefit can be expected from such treatment.

CATARRH IS A CONSTITUTIONAL OR BLOOD DISEASE,

and far beyond the reach of mere local remedies. Those who rely upon them for a cure lose valuable time, meet with disappointment and allow the disease to take firmer hold. Only a real blood remedy can reach this troublesome and dangerous disease. S. S. S. cures Catarrh because it first cleanses and builds up the blood, purifies it, makes it rich and healthy, stimulates and puts new life into the sluggish worn-out organs, and thus relieves the system of all poisonous accumulations.

Mrs. Josephine Polhill, of Due West, S. C., writes: "I had Catarrh, which became so deep-seated that I was entirely deaf in one ear, and all inside of my nose, including part of the bone, sloughed off. When the disease had gone this far the physician gave me up as incurable. I determined to try S. S. S. as a last resort, and began to improve at once. It seemed to get at the seat of the disease, and after a few weeks' treatment I was entirely cured, and for more than seven years have had no sign of the disease."

S. S. S. is made of roots, herbs and barks of wonderful tonic and purifying properties. It is the only vegetable blood purifier known, and a certain and safe cure for all blood troubles. Send for our book on Blood and Skin Diseases, and at the same time write our physicians about your case. They will cheerfully give you any information or advice wanted. We make no charge for this.

Chinese Minister Wu recently explained that the name of the Chinese Boxer society is "Yeh Ho Chuan," which translated means "righteousness, harmony and fists," and a neighboring paragrapher suggests that the accent is probably on the fists.

H. D. Langille, of Hood River, received notice last week of his appointment as special field assistant in the United States geological survey and has been ordered to report to Tacoma. His duties will be to inspect the forest reserves in the state of Washington.

It is said in London that General Cronje, the Boer commander, now a prisoner at St. Helena, is a recreant Scotchman; that his name was originally McCrone, but that after settling among the Dutch in South Africa he assimilated with them so completely that he changed his name to Cronje and pretended to be of Dutch origin.

It is estimated that there are 1000 acres of flax that will be harvested in Linn county this year, states the Rural Spirit. The greater part of the flax cultivated in Linn is located on the forks of the Santiam and in the immediate vicinity of Seno. The seed when harvested is worth about \$1 per bushel and the fiber is used in the manufacture of grain sacks, burlap, etc.

In New York state the prisoners in county jails are being employed to build good roads. The good roads law there provides that the state shall bear fifty per cent of the total cost, the county thirty-five per cent, and the property owners along the line fifteen per cent. The employment of prisoners is said to reduce the cost of the improvement very materially since board and lodging is their only remuneration.

The Hood River Fruit Growers' Association has proved itself to be a valuable organization for the farmers of that valley; This is proved in 245 crates of strawberries which were shipped on May 22nd and sold in Fargo, N. D., and a check received in payment thereof of \$712.42, or at the rate of \$2.91 net per crate. On the day the car was shipped, local buyers were paying \$1.75 a crate,

this making a profit of \$1.16 in favor of the organization.

Rev. LeMasters, met with quite an accident near Turner recently, says the Albany Democrat. While out driving, in company with Mrs. LeMasters and a little girl friend, a mad bull rushed across the roadway from an open gate, striking the vehicle and jumping over the same between horse and driver. The buggy was overturned and the occupants thrown out. Rev. LeMasters had a rib fractured and the girl's wrist was badly wrenched.

Last year, says the Baker City Democrat, the Pendleton scouring mill used as much as 5,000,000 pounds of wool, and this year the output will be still greater. The daily capacity of the mill is from 25,000 to 45,000 pounds, and from 55 to 70 men are given employment. The product of these mills is getting a wide reputation as first class in every respect and is equal to if not superior to the manufactured woolsens of any factory in the country.

A Practical Demonstration.

A fact proven by actual demonstration is more satisfactory than any theoretical proposition. Realizing this, and knowing that they have a proposition which they can guarantee, the Oregon Sanitary Closet Company, of The Dalles, Or., have constructed one of their sanitary closets and put the same into actual operation. The closet is now located in the rear of Chas.
