SETTLEMENT OF LABOR TROUBLES

If a Plan of Arbitration Can Be Agreed Upon as Now Seems Probable, Sympathetic Strikes May Be Abolished.

CHICAGO, June 15.—Sympathetic strikes are to be a thing of the past if a plan of arbitration can be agreed upon by the Building Trades Unions and the associations affiliated with the Building Contractors' Council. A declaration to this effect will come today from the delegates who participated in the joint conference with the contractors on Tuesday and Wednesday, and who were in secret caucus all day yesterday debating a plan of settlement of the labor trouble.

It was agreed practically by the delegates that the demand of the contractors for abolition of the sympathetic strike was one which could be granted without detriment to the cause of labor, and the committee was appointed to prepare a resolution which would give formal expression to this sentiment. A subcommittee was formed to draft a communication to the Building Contractors' Council on the same subject.

The subcommittee will send to the Building Contractors' Council today a general statement of the position of the delegates on the sympathetic strike question. It will declare, as near as can be learned, that sympathetic strikes should be abolished. At the same time the subcommittee will reaffirm the determination of union labor to preserve the Building Trades' Council.

The arbitration plan which has been drawn up provides for the establishment of a permanent arbitration board, and also a board of appeals, which shall act speedily and adjust every difference promptly as it arises. Pending the finding of the board, work shall continue uninterrupted. In this way strikes and lockout will be eliminated, and in no case will building be delayed.

Strikers Anxious for Settlement.
St. Louis, June 14.—Cars on all the transit company's lines are apparently running with as much regularity and as free from interferences as before the strike. The officers of the company state that during the past two weeks they have received applications for employment from several hundred strikers. The only trouble of a serious nature experienced last night was an attempt to blow up a mail car on Broadway and North Market street.

Up to the date the strike has cost the taxpayers of the city over a million dollars for protection alone, not taking into account the heavy loss sustained by merchants and citizens generally, as well as that of the transit company and its striking employees. The strikers assembled at the Coliseum today and approved new propositions for presentation to the transit company looking to a termination of the strike.

An Important Position.
LONDON, June 15.—By the peaceful occupation of Klerkadorp, announced by

Lord Roberts, the British have gained a strategic position of some importance, as the town is not only the terminus of another railroad to Johannesburg, but it is within easy reach of the Kroonstad-Virfontein railroad.

The Cronje who surrendered the place is a son of the famous general. The son was prominent during the siege of Mafeking. Apart from the fact that Lord Roberts' dispatch came direct from Pretoria, showing the telegraph is reopened, the only other point of interest is the fact that the Boers whom General Methuen was reported to have so utterly routed have recuperated sufficiently to attack a reconstruction train.

A Thousand Tongues.
Could not express the rapture of Annie E. Springer, of 1125 Howard st., Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the universe." So will every one who tries Dr. King's New Discovery for any trouble of the throat, chest or lungs. Price 50c and \$1. Trial bottle free at Blakeley & Houghton's drug store; every bottle guaranteed.

Boxers Defeated.
CHICAGO, June 15.—A special to the Tribune from Victoria, B. C., says: News is brought by steamer of the battle which occurred on May 26 south Paa Ting Fu. After seven hours' fighting the Christians succeeded in defeating and routing the Boxers with a loss of seventy killed, the victors having one killed and six wounded.

It seems that a mob of 2000 Boxers attacked the Roman Catholic villages, nearly all converts of the Roman Catholic missions, who had anticipated the attack and were all armed, whereas the attacking Boxers were armed only with iron show poles, hatchets, clubs, stones and knives. The Boxers came right on into the gates of the city, which were left open, and as they entered, carrying their flags with yellow ground and red border, and their josses in a big car, the villagers poured in a heavy fire from some of the near-by houses. Attack after attack was made, and every time the attacking Boxers were carried back. At length, after seven hours' fighting, the rebels fled in disorder. The villagers afterward counted no less than seventy dead Boxers, besides many wounded.

A Good Cough Medicine.
It speaks well for Chamberlain's Cough Remedy when druggists use it in their own families in preference to any other. "I have sold Chamberlain's Cough Remedy for the past five years with complete satisfaction to myself and customers," says Druggist J. Goldsmith, Van Etten, N. Y. "I have always used it in my own family both for ordinary coughs and colds and for the cough following la grippe, and find it very efficacious." For sale by Blakeley & Houghton.

Clarke & Falk's flavoring extracts are the best. Ask your grocer for them.

DEWEY'S BOOM AT AN END

Admiral's Friends Hope He Will Retire From Politics.

WASHINGTON, June 15.—Universal hope is expressed here that Admiral Dewey will hereafter remain out of politics, even though his withdrawal was accomplished in a very bungling manner. Had he boldly faced the situation and assumed the responsibility for his announced candidacy, and openly accepted the rebuff, he would have partially re-established himself with the American people, but in blaming it on certain "leaders" whom we know not, "thanking God the people don't want him for president," and, in the next breath, saying "the people do not select the president," shows lack of grasp on matters political and stamps him even more deeply than before as a political failure. Dewey failed to grasp his opportunity when it was offered. He can never recover it and his friends hope he has learned that lesson.

In speaking of the China situation, Admiral Dewey says the outcome will be the adoption of the American policy of open ports for American commerce on equal grounds with all other commercial nations. He says the results of the Spanish war make this possible, and declares most emphatically that he is a thorough expansionist and that the acquisition of the Philippines alone gives us our present stand in the Orient.

Catarrh Cannot Be Cured.
with local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free.

Canada and Oriental Immigration.
OTTAWA, Ont., June 15.—In the house of commons, Thursday, a bill was introduced by the Premier, raising the poll tax on Chinese from \$50 per head to \$100 per head. Sir Wilfred Laurier also promised to appoint a royal commission to investigate the whole question of Chinese and Japanese immigration and report its findings to the imperial authorities.

Mr. W. S. Whedon, cashier of the First National bank of Winteret, Iowa, in a recent letter gives some experience with a carpenter in his employ, that will be of value to other mechanics. He says: "I had a carpenter working for me who was obliged to stop work for several days on account of being troubled with diarrhoea. I mentioned to him that I had been similarly troubled and that Chamberlain's Colic, Cholera and Diarrhoea Remedy had cured me. He bought a bottle of it from the druggist here and informed me that one dose cured him, and he is again at his work." For sale by Blakeley & Houghton.

No Reply From the Sultan of Turkey.
CONSTANTINOPLE, June 14.—The United States legation has not yet received a reply to the note regarding the indemnity question in the note on May 21, and Mr. Griscom, Charge d'Affaires, is making verbal representations to the government, and pressing for a solution of the matter.

San Francisco Chinamen Win.
SAN FRANCISCO, June 15.—In the United States circuit court, Judge Morrow rendered a decision in the case of Jew Ho against the board of health of this city, dissolving the general quarantine of Chinatown, enforced by the board of health, owing to the alleged existence of plague in the city. Morrow held that the quarantine was discriminatory in its character.

Regarding the evidence of the plague, Morrow stated that he was not qualified to pass judicially on the question, owing to the conflicting testimony of physicians, but that if it came within his power to decide in the matter, he would declare that plague does not, nor has not, existed.
