## DEATH OF SEYMOUR REPORTED

Rumor is Viewed With Suspicion, But it Prompts the Mikado to Press the Powers for Consent to Take More Active Measures.

YOKOHAMA, June 21.—The reports of the murder of foreign ministers at Peking and of the death of Admiral Seymour although viewed with suspicion, have created a profound sensation. The press expresses the opinion that Japan must with or without the consent of the powers, adopt active measures. The naval and military officers are very busy. Probably the whole Hierosoma division, under command of General Fukushima, will be about within a few days.

The Russian cruiser Kurik has arrived here with the new Russian minister to Japan and will leave for Taku today.

SHANGHAI, June 21.—The British destroyer Whiting, at Che Foo, reports that nothing has been heard from Admiral Seymour's force for six days.

The French consul wires that the British mission at Teau Chow has been looted and the missionaries conveyed to an unknown place by a Chinese general.

BRANTS, June 21.—A semi-official dispatch from Tokio, dated June 21, says the Japanese consul at Shanghai confirms the report that Vice-Admiral Seymour has arrived at Peking and with members of the diplomatic corps are safe.

According to an official Japanese report from Che Foo, the foreign settlement at Tien Tsin was reduced to ashes June 18.

HONG KONG, June 21.—Reports have been received here from Canton that, owing to the representations of the foreign consuls, Li Hung Chang has consented to remain in Canton.

**The Irish Ex-Convicts.**

NEW YORK, June 21.—Joseph Mullet and James Fitzharris were today taken from Ellis island to the immigration station in the barge office and officially notified to prepare for deportation. The men angrily declared that they had been treated worse by the United States government than during any time of their incarceration in English prisons. Commissioner McSweeney said that the men today had received telegrams from "Rocky Mountain" O'Brien and ex-Judge Curtis, their counsel. It is thought that Judge Curtis may ask for papers in habeas corpus so as to delay the deportation, which, otherwise, will take place Saturday on the Cunard liner Servia.

**More Boers Surrender.**

VOLKSRUST, June 21.—General Buller has arrived at Sand's Spruit station, and camped two miles further on the western side of the railway. Many Boers met General Buller on the road and surrendered their arms and horses.

## RIVER BOILS FROM EARTH

Scheme for Developing the Valley by Means of Irrigation—A Party From Turner is Interested.

SILVER LAKE, Or., June 18.—The correspondence in The Oregonian from Lake county within the past six months has attracted attention to this county, not only from other states of the United States, but from Western Oregon also. Everywhere tourists and prospectors are traveling in large numbers and are examining every foot of ground they pass over.

A party of eight, consisting of W. T. Riches, H. W. Smith, Gilbert Riches, C. H. Riches, J. N. Robertson, Mel Drake, Henry Barnum and J. A. Parker, all of Turner, near Salem, are here now investigating a water project.

A mountain a few miles across separates Silver and Summer lakes. At the foot of the mountain, on the Summer lake side, right in the midst of the sagebrush, a river rises up out of the sands. It is not a branch, creek or small stream, but a river. Two hundred yards from where it rises it will swim a horse, Winter and Summer. There are three sources within 100 yards of each other. These sinks are 100 to 200 feet across, and the water, clear and pure as crystal, shoots out as if driven by a terrific force from beneath. The depths of the sinks have never been ascertained. The streams from these sinks join in a few hundred feet, and flow in a channel called Anna river, to Summer lake.

Could not express the rapture of Annie E. Springer, of 1125 Howard st., Philadelphia, Pa., when she found that Dr King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the universe." So will every one who tries Dr. King's New Discovery for any trouble of the throat, chest or lungs. Price 50c and \$1. **A Sprained Ankle Quickly Cured.**

"At one time I suffered from a severe sprain of the ankle," says Geo. E. Cary, editor of the Guide, Washington, Va. "After using several well recommended medicines without success, I tried Chamberlain's Pain Balm, and am pleased to say that relief came as soon as I began its use and a complete cure speedily followed." Sold by Blakeley & Houghton.

## PRESIDENT OFFERS TO FORGET THE PAST

Will Forgive all Filipinos Who Surrender—General MacArthur Today Issued a Proclamation Offering Amnesty and Immunity to the Fighting Filipinos.

WASHINGTON, June 21.—The war department has made public the following notice of amnesty, which was issued by General MacArthur today at Manila:

"Manila, June 21.—By declaration of the president of the United States, the undersigned announces amnesty, with complete immunity for the past and absolute liberty of action for the future, to all persons who now or have since February 4, 1899, been in insurrection against the United States in either a military or civil capacity, and who shall, within a period ninety days from the date hereof, formally renounce all connection with such insurrection, and subscribe to a declaration acknowledging and accepting the sovereignty and authority of the United States in and over the Philippine islands.

"The privilege herewith published is extended to all concerned, without any reservation whatever, excepting that persons who have violated the rules of war during the period of active hostilities are not embraced within the scope of this amnesty. All who desire to take advantage of the terms herewith set forth are requested to present themselves to the commanding officer of American troops at the most convenient station, who will receive them with consideration according to rank, make provision for their immediate wants, prepare the necessary records and thereafter permit each individual to proceed to any part of the archipelago according to his own wishes. For which purpose the United States will furnish such transportation as may be available, either by railway, steamboat or wagon.

"Prominent persons who may desire to confer with the military governor, or with the board of American commissioners, will, as far as possible, be provided with transportation for that purpose. In order to mitigate as much as possible the consequences resulting from the various disturbances which since 1896, have succeeded each other so rapidly, and to provide in some measure for destitute soldiers during the transitory period which must inevitably succeed peace, the military authorities of the United States will pay 30 pesos to each man who presents a rifle in good condition.

"ARTHUR MACARTHUR, Major-General U. S. V., Military Governor."

**Powers May Awaken a Giant.**

PHILADELPHIA, June 21.—In the opinion of Senator Davis, of Minnesota, chairman of the senate committee on foreign affairs, the situation in China is even more grave than published dispatches would indicate and may develop into an international problem such as the powers have not had to deal with in many years.

"No man can tell what will come out of the present situation in China, said Senator Davis. "I shall be agreeably disappointed if the immediate consequence does not result in complications which it will take years to straighten out. Moreover, generations to come may find that in awakening China the western world has brought into existence a giant which will insist upon taking part in affairs at inopportune moments.

"That the powers are in a dilemma which they would have been glad to avoid, may be taken for granted. It seems inevitable that China will be partitioned. Certainly the acting empress would be dethroned. This cannot be done without a war, which will probably repeat itself many times."

The Chinese ask "How is your liver?" instead of "How do you do?" for when the liver is active the health is good. DeWitt's Little Early Risers are famous little pills for the liver and bowels.
