FIFTEEN HUNDRED MURDERED

Outrage Said to Have Been the Work of Chinese Soldiers and Not Boxers.

LONDON, June 22.—A special from Shanghai says that it is reported from Japanese sources that 1500 foreigners have been massacred at Tien Tsin.

CHU FOO, June 22.—It is officially reported that the bombardment of Tien Tsin, with large guns, continues incessantly. The foreign concessions have nearly all been burned and the American consulate has been razed to the ground. The Russians are occupying the railroad station, but are hard pressed. Reinforcements are urgently needed. The casualties are heavy.

The railroad is open from Tong Tu to Ching Long Chun, half way to Taku.

BERLIN, June 22.—According to a dispatch from Shanghai, received here, Tien Tsin is being bombarded by Chinese regulars, and not by the Boxers.

BRUSSELS, June.—The Petit Bleu states that a telegram was received yesterday by an important Brussels firm from China, saying that Admiral Seymour's relieving force and the Russian column entered Peking simultaneously.

The legations were reported intact, and all the Belgian residents are said to be safe.

Says He Is The Man.

HONG KONG, June 22.—Li Hung Chang, who was interviewed in Canton yesterday, said he would leave for Peking June 27, in obedience to an order from the Empress to suppress the Boxers and to make peace with the powers.

He endorsed the opinion that he was the only man in China capable of coping with the situation. He said he believed the Boxers to be a "rabble led away by fanaticism and anti-Christian feeling," but he also declared that the native Christian leaders were much to blame, inasmuch as they engendered litigation in the native courts. He asserted that he did not regard the Boxers as a political society, and that in his opinion the Empress had been misled and misinformed.

A Thousand Tongues

Could not express the rapture of Annie E. Springer, of 1125 Howard st., Philadelphia, Pa., when she found that Dr King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the universe." So will every one who tries Dr. King's New Discovery for any trouble of the throat, chest or lungs. Price 50c and \$1. Trial bottle free at Blakeley & Houghton's drug store; every bottle guaranteed.

BOERS TO BE SURROUNDED

Roberts Hope to Hem Them In And Disarm Them.

NEW YORK, June 22.—A dispatch to the Tribune from London says: General Buller's advance to Sand Spruit is almost the only fresh point in the military situation in South Africa. His march is in the direction of Standerton, which commands the road northward from Vrede.

Lord Roberts has announced his plan of operations already and the occupation of Heidelberg by forces from Johannesburg may confidently be expected within forty-eight hours. The remnants of Presidents Kruger and Steyn's armies will then be separated and gradually hemmed in and disarmed.

The process ought not to require much time, as the Dutch forces in the two sections cannot now number more than 10,000 men. Military men are not surprised by the delay on the British side. They assert that the business of feeding over 200,000 soldiers in a country where food is scarce is a most serious undertaking.

Rumors have been revived that Generals Botha and DeWet will surrender their forces if they can gain any points by negotiation, but these appear to be premature. DeWet has not yet been thoroughly beaten and Botha came near surrendering French's troops during the last battle.

The story that the bridge on the Delagoa railway was blown up by the premature explosion of a mine, is hardly credible.

Battle of Tien Tsin.

LONDON, June 23, 3 a. m.—The silence of Peking continues unbroken. Four thousand men of the allied forces were having sharp defensive fighting at Tien Tsin Tuesday and Wednesday, with a prospect of being reinforced Thursday. This is the situation in China, as set forth in the British government dispatch:

"Eight hundred Americans are taking part in the fighting at Tien Tsin," says the Shanghai correspondent of the Daily Express, cabling last evening, "and they apparently form a part of a supplementary force arriving with Germans and British after the conflict started. It is impossible to estimate the number of the Chinese there; they had a surprising number of guns."

Ivy poisoning, poison wounds and all other accidental injuries may be quickly cured by using DeWitt's Witch Hazel Salve. It is also a certain cure for piles and skin diseases. Take no other.

Neglect is the short step so many take from a cough or cold to consumption. The early use of One Minute Cough Cure prevents consumption. It is the only harmless remedy that gives immediate results. It cures all throat and lung troubles. Children all like it and mothers endorse it.

ONE POLICY FOR POWERS TO PURSUE

Stronger Races Must Treat the Weaker With Justice and Liberality. Unending Discontent. Chronic Revolts and Impoverished Treasuries Will Result.

ITHACA, N. Y., June 22.—In his address to the graduating class of Cornell University today, President Schurman said:

"The most imminent danger is modern politics is the exploitation of the weaker races by the stronger races, into whose power they have fallen. It may be done by regulations of trade and commerce, or it may be done in more insidious ways. But, however done, it is certain to prove a bane to both. For the world is a moral world and history is governed by moral laws, and oppression and injustice never fail to bring as their nemesis unending discontent, chronic revolts and impoverished treasuries.

"Good policy prescribes absolute justice in dealing with weaker races who have come under the sovereignty of stronger races. In the case of us Americans, it would be an unpardonable thing if we forgot our own ideals and conceived that we had any mission in relation to foreign peoples who may come under our flag except to train them up to the exercise and enjoyment of the privileges and liberties which the flag symbolizes and guarantees. Our true greatness, consists in the character of our intellectual and moral ideals and the energy with which we train them up to become sharers of these ineffable blessings. To seek our advantage and not theirs would be to repeat the criminal blunder which in the last century, cost England her American colonies.

"I feel sanguine, however, about the future of our enlarging republic, and the ground of my confidence lies in the nature of the ideals of the American people and the devotion with which they pursue them. The great American nation loves order, justice, liberty and intelligence, and desires them for others as well as for itself. See how sensitive public opinion was on the Porto Rican legislation, and how, in response to the demands of independent citizens, irrespective of party, a bill was passed giving the Porto Ricans home rule and providing for free trade with the United States. Necessarily, in two years and just as much earlier as the Porto Ricans themselves desired."

Only Three Saved.

NEW YORK, June 22.—Rev. Dr. Leonard, secretary of the Methodist Foreign Missionary Society, in this city, received the following cablegram today:

"Chu Foo, June 15.—Tien Tsin bombarded. Peking very serious. Hopkins, Brown and King saved. Gunboat."

The three mentioned are missionaries. Dr. Leonard infers that the remaining twenty-four missionaries at Tien Tsin have been murdered by the Boxers. Among them are many women, including five in the Woman's Foreign Missionary Society, and members of the Haxnor Pike and Hopkins and Brown families.
