

For President—WILLIAM M'KINLEY, OF OHIO.

For Vice-President—THEODORE ROOSEVELT, OF NEW YORK.

While all the appropriations made during the last session of congress were \$24,000,000 larger than in 1900, it should be remembered that nine millions will be expended in taking the census, and upwards of seventeen millions will be used for improving the postal service, while another seven millions will be spent in increasing our navy.

Senator Wolcott said in his speech at Philadelphia that "A democratic president could paralyze the operation of the new currency law as effectually as if it were wiped from our statute books."

"If we are going to give the Filipinos their independence," says Bryan in a recent letter, "we ought to say so at once, and thus avoid further bloodshed."

Perhaps Senator James K. Jones, of Arkansas, chairman of the democratic national committee, can enlighten the people as to the evil effects of trusts.

Congressman Dolliver says the fight in the coming campaign is for the wages of the workingman, for the solvency of buyer and seller, for the market place and for dividends on every invested dollar.

Col. Bryan turns a deaf ear to every appeal that is made to him to drop silver. From present appearances he believes he will have all he can do to drop Towne.

If the people of the country are against expansion, how is it that nobody can be found to run for president on an anti-expansion policy platform?

The "yellow kid" of yellow journalism may become prominent in national politics if Willie Hearst becomes the running mate of Willie Bryan.

In the absence of an issue, logic, or mental activity of any kind, the democratic party can always fall back on abuse of Hanna.

Wheat is behaving as if it intended to poke fun at the Chicago platform and its reaffirmation at Kansas City.

Oregon Scenery Beats the World.

"Natural advantages?" asks Colonel Pat Donan in an interview with the reporter of the Fargo Forum. "Take Oregon as an example. It has an area of 96,030 square miles or 61,439,200 acres. It is 2500 square miles or 2,240,000 acres larger than New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, New Jersey and Delaware all combined, with the District of Columbia, the white house and the national capitol and all their occupants thrown in for good—or rather, bad—measure. Its scenery includes all that is wild, sublime, picturesque and enchanting in glacier-created mountain and crystal stream, gem-like island, boundless forest, crag, cataract and cascade. Cardinal Satolli, one of the most scholarly and cultivated men who ever represented his holiness, the pope, in this country, declared that the scenery of the Columbia river valley and the Cascade mountains, along the lines of the Oregon Railroad & Navigation Co., surpassed everything he had elsewhere beheld in America. No pencil, pen nor

tongue has ever yet portrayed the snow-covered glories of Mount Hood or the iridescent splendors of Multnomah falls."
