

SORES and Ulcers

DRAIN THE SYSTEM, ENDANGER LIFE.

That old sore or ulcer, which has been a source of pain, worry and anxiety to you for five or ten years—maybe longer—doesn't heal because you are not using the proper treatment, but are trying to cure it with salves and washes. While these are soothing and relieve pain to some extent, no real, permanent good can come from their use, because the disease is in the blood and far beyond the reach of external applications.

A sore heals promptly when the blood is in good condition, but never if it is diseased. The tendency of these old sores and ulcers is to grow worse, spreading and eating deeper into the flesh. They are a constant drain upon the system, gradually but surely ruin the health and sap the very life. A person's capacity for work or pleasure is soon lost in the great desire and search for something to cure. S. S. S. makes a rapid and permanent cure of old sores and ulcers, and is the only medicine that does, because no other can reach deep-seated blood troubles. Ordinary Sarsaparilla and potash mixtures are too weak and watery to overcome a deadly poison that has taken possession of the blood. Do not waste valuable time experimenting with them.

A Gunshot Wound. "Some years ago I was shot in the left leg, receiving what I considered only a slight wound. It developed into a running sore and gave me a great deal of pain. I was treated by many doctors, and took a number of blood remedies, but none did me any good. I had heard S. S. S. highly recommended, and concluded to give it a trial. The result was truly gratifying. S. S. S. seemed to get right at the trouble, and forced the poison out of my blood; soon afterwards the sore healed up and I was cured sound and well. I now have perfect use of the leg, which was swollen and very stiff for a long time. J. H. McBRAYER, Lawrenceburg, Ky."

S. S. S. is the only purely vegetable blood purifier known; is made of roots and herbs of wonderful purifying properties, which no poison can resist. S. S. S. quickly and effectually cleans the blood of all morbid, unhealthy humors, and the old, troublesome sore heals. At the same time the general health is invigorated and built up. When a little scratch or hurt fails to heal readily, you may be sure your blood is bad. S. S. S. will soon put it in order and keep it so.

Our Medical Department is in charge of experienced physicians, who have made blood diseases a life study. If you will write them about your case, they will gladly furnish all information or advice wanted, without any charge whatever.

RECORDER'S ANNUAL REPORT.

Showing a Greatly Improved Condition in the City's Finances.

To THE HON. MAYOR AND COUNCIL OF DALLAS CITY:

It is a great pleasure to be able, for the second time, to submit for your consideration a favorable annual report of the financial condition of this city. For years the expenditures were greater than the income, and this was a perplexing difficulty that was hard to overcome, and it remained thus until two years ago, when the taxpayers were informed that the city's financial condition had changed from a long course of adversity to a course of prosperity very gratifying to taxpayers. The following report, after considerable labor, is so arranged that every possible source of income and expenditure is so plainly shown that it can be readily seen how the money of the people has been handled and their affairs conducted.

The fiscal year commences July 1, 1899, and ends June 30, 1900.

INCOME.	
Fines and forfeitures recorder's court	\$ 1238 00
Game licenses	338 00
Game licenses	732 89
Dog licenses	48 50
Rappers' licenses	90 00
Show licenses	124 00
Rent city property	42 00
City tax 1896-1900	4941 51
City tax delinquent	526 74
Road tax	392 00
Liquor licenses	5675 00
Miscellaneous income	292 56
Total income for year	\$14,441 11

EXPENDITURES.	
Officers' salaries	\$ 2360 00
Bridge department	5 35
Fire department	1684 39
Light department	191 22
Police department	331 65
Recorder's office	44 40
Sewer department	490 88
Street department	1459 57
Superintendent of streets	35 14
Treasurer's department	1 53
Water rent	600 00
Sundries	404 20
Expenditures dur. year	\$ 8497 57
Interest on debt for year	5420 90
Total expenditure	\$11,917 57

Balances over all expenditures, \$2,523 54. Besides this saving the city contributed over \$500 towards the opening and improvement of Federal street, greatly increasing the value of property in that locality. Beside this the city contributed over \$600 towards the purchase of the chemical engine, hook and ladder truck and fire alarm system, the result of which is that we have a fine fire department and that the rate of insurance has been cut down on business property, saving hundreds of dollars for the citizens.

For the purpose of comparison the financial condition of the city for a few years back is given. Only a few years are necessary, as further back would bring us to the period when the \$57,900 debt was slowly contracted:

For the fiscal year July 1, 1896, to June 30, 1897, the expenditures over the income amounted to \$42.16.

For the fiscal year July 1, 1897 to June 30, 1898, the expenditures over the income amounted to \$58.73.

My first annual report then showed that the affairs had changed, and for the fiscal year commencing July 1, 1898, and ending June 30, 1899, the income over the expenditure amounted to \$3011.93.

This city is running on only a 5-mill tax, while other cities in Oregon and Washington are struggling hard with a tax much larger than ours, a few of which I will cite for example: Walla Walla, Wash., tax 12 1/2 mills, loss \$700. Last year loss, \$3100. Salem, Ore., 10 mills; Astoria 10 mills, saving nothing; Albany, 8 mills; Baker City, 10 mills; LaGrande, 10 mills, and Vancouver, Wash., 7 mills.

Less than two years ago there was no such thing as a sinking fund to meet

the city's debt contracted years ago. Money was put into the sinking fund as follows:

Feb. 20, 1899	\$5000 00
May 3, 1899	1000 00
May 3, 1900	1000 00
June 5, 1900	1500 00
Total	\$8500 00

This money is loaned at interest and is producing over \$500 a year. The debt will be payable in twenty years from now, if this sum is kept at interest. Without computing the reloan of the interest, this sum will amount to about \$20,000 when the debt is due. Thus it will be seen that one-third of the debt is practically paid.

There is no reason why this prosperous condition of the city should not continue as long as its officers live up to that maxim that a public office is a public trust.

Respectfully submitted,
NED H. GATES,
Recorder of Dallas City.

A Sprained Ankle Quickly Cured.

"At one time I suffered from a severe sprain of the ankle," says Geo. E. Cary, editor of the Guide, Washington, Va. "After using several well recommended medicines without success, I tried Chamberlain's Pain Balm, and am pleased to say that relief came as soon as I began its use and a complete cure speedily followed." Sold by Blakeley & Houghton.

Unless food is digested quickly it will ferment and irritate the stomach. After each meal take a teaspoonful of Kodol Dyspepsia Cure. It digests what you eat and will allow you to eat all you need of what you like. It never fails to cure the worst cases of dyspepsia. It is pleasant to take.

Ivy poisoning, poison wounds and all other accidental injuries may be quickly cured by using DeWitt's Witch Hazel Salve. It is also a certain cure for piles and skin diseases. Take no other.

Announcement is made in the English papers that the spot where David Livingston died while exploring in Africa is to be marked by a suitable monument. It will be remembered that he died in a little grass hut on the shore of Lake Bangweulu, and that at the foot of a great tree near by his heart was buried by his four faithful native followers. Upon this spot there is to be erected an obelisk of masonry twenty feet high, crowned with a cross and bearing suitable memorial inscriptions upon tablets of blackened bronze. This is to be done—in fact, is now being done—by a joint committee representing the Royal Geographical Society and some other bodies, Sir Henry Stanley being conspicuous among the promoters of the work and one of the most generous contributors to the fund.

Robbed the Grave.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised 'Electric Bitters', and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed, at Blakeley & Houghton's drug store. 5
