Best Run of Fish Is On.

ASTORIA, July 9.—The run of fish for the past two days has been the best of the season, and at the present time it gives promise of continuing. The fish, in quality and size are not what have been known in past years as July fish, but resemble in every way the June run of former years. The gillnetters, for the first time, are beginning to make good catches, and the traps in Baker's Bay, and in the lower river, have done better up to the present date than ever before. The seines, both up and down the river, have been making big hauls for several days. Miller's sands got nine tons on Saturday, and the other grounds did fully as well, in proportion to their size.

New York, July 9.—Three bodies were recovered today from the wreck of the steamer Saale. This makes 149 corpses thus far recovered of victims of the fire which destroyed the North German Lloyd liner at Hoboken and burned the steamers Saale, Bremen, and Main on June 30.
