

# SORES and Ulcers

**DRAIN THE SYSTEM,  
ENDANGER LIFE.**

That old sore or ulcer, which has been a source of pain, worry and anxiety to you for five or ten years—maybe longer—doesn't heal because you are not using the proper treatment, but are trying to cure it with salves and washes. While these are soothing and relieve pain to some extent, no real, permanent good can come from their use, because the disease is in the blood and far beyond the reach of external applications.

A sore heals promptly when the blood is in good condition, but never if it is diseased. The tendency of these old sores and ulcers is to grow worse, spreading and eating deeper into the flesh. They are a constant drain upon the system, gradually but surely ruin the health and sap the very life. A person's capacity for work or pleasure is soon lost in the great desire and search for something to cure.

### A Gunshot Wound.

"Some years ago I was shot in the left leg, receiving what I considered only a slight wound. It developed into a running sore and gave me a great deal of pain. I was treated by many doctors, and took a number of blood remedies, but none did me any good. I had heard S. S. S. highly recommended and concluded to give it a trial. The result was truly gratifying. S. S. S. seemed to get right at the trouble, and forced the poison out of my blood; soon afterwards the sore healed up and was cured sound and well. I now have perfect use of the leg, which was swollen and very stiff for a long time." J. H. McBRAYER, Lawrenceburg, Ky.

S. S. S. is the only purely vegetable blood purifier known; it is made of roots and herbs of wonderful purifying properties, which no poison can resist. S. S. S. quickly and effectually clears the blood of all morbid, unhealthy humors, and the old, troublesome sore heals. At the same time the general health is invigorated and built up. When a little scratch or hurt fails to heal readily, you may be sure your blood is bad. S. S. S. will soon put it in order and keep it so.

### ONE MAN'S ODD SUPERSTITION

A Chiengon Who Walks, Rain or Shine, Rather Than Ride Through a Tunnel.

"Nearly every man has his superstition," remarked a La Salle street broker to a friend as they boarded a car, according to the Chicago Inter Ocean. "I came across a little story the other day on that line. Every morning, year in and year out, with the exception of Sundays, a prominent North side business man gets on the Clark street cable car at Fullerton avenue, rides to Illinois and Clark streets, then alights and walks to his office, which is within a stone's throw of La Salle and Randolph streets.

"The other day a gentleman who was visiting this man's house rode downtown with him, and on arriving at the corner of Illinois and Clark streets expressed his surprise when the Chicago man, with an apologetic tone, asked him to meet him at his office, as he always walked from this place across the bridge and thence to the office. The visitor, rather fancying the walk himself, swung off the car with his friend.

"What's your idea in walking every morning?" he asked the Chicago man. "Like the exercise, I suppose?" "No, not particularly," rejoined the other. "Superstition, I reckon. Some ten years ago I was riding through the tunnel with a friend and we occupied a seat on the grip car. The car was very crowded, passengers standing upon the foot board of the grip. The movement of one of these passengers accidentally brushed my friend's hat from his head. In making a frantic attempt to recover it he pitched forward between the tunnel walls and the car. In spite of frenzied efforts upon the part of myself and others to drag him out, he was crushed to death before the car could be stopped.

"Since that time I have always had a premonition that should I ever ride again through the tunnel my end would be the same. You may think me foolish and attribute this to superstition, but I have never been through that tunnel since. I walk to Illinois and Clark street in the evening and take a car in the morning I always alight at that corner, rain or shine, and walk to my office. If I accompany my wife to the theater I leave her on the car at this corner and walk to the theater. I would not go through that tunnel again for \$5,000. The strange part of all this is that the other tunnels possess no terrors for me. I frequently ride through the Washington and Var Buren street tunnels without a thought of danger, but the La Salle street—never."
