**PERTINENT PRESS COMMENT.**

The Tacoma Ledger facetiously suggests that "Aguinaldo is said to be busy having the Kansas City platform translated into several Tzoi dialects."

An officer of the anti-imperialist league refers to President McKinley as "William of Canton." What's the matter with William of Lincoln?—Globe-Democrat.

The Seattle Post-Intelligencer states that "if there is anything which, in the opinion of Senator Pettigrew, is more to be depended upon than the constitution, it is a letter from some cheap Filipino purporting to show that Admiral Dewey promised the Filipinos their independence."

Since the democratic party went over to Bryanism democratic governors and senators have disappeared in the northern states, and only one democrat is given a place on the fusion ticket in Nebraska. The elimination of the democratic party by Bryan goes on vigorously.—Globe-Democrat.

To a people who are at work and prosperous, who have paid all their debts, or are paying them off, there is nothing attractive in the untried propositions of Bryanism. The Nebraskan had his best chance in the hard times of four years ago. This year the people have no more use for him than a healthy man has for an undertaker.—New York Times.

It is an old saying that there's grief enough to go around. The hardest heart felt for the Bryan democracy when J. Webster Davis joined it at Kansas City. He had been an extreme republican, a fire eater as to the Philippines and an all-around go-it-blind partisan. He changed because the president would not deceive the Boers by pretending that this government can help them against England.

**FIRST YOU HAD DANDRUFF**

Was Careless About It. Now You Look Like This.

That spot will grow unless you attend to it. Dandruff is the disagreeable scurf that forms on the head as a natural excretion; it dries, and comes off in small scales. It causes irritation, which is, sometimes unconsciously, followed by constant scratching of the head in public and private. It is annoying to people who wear dark clothes, and it gradually affects the hair, causing it to fall out.

Keep the air inside the hat from getting foul by wearing **Eldred's Antiseptic Hat Pad**, and nature will do the rest. The heat of the head vitalizes the antiseptics and disinfectants in the pad, making the impure air pure.

News reached this office Monday of a bloody battle last Friday between the Irish guards and French nonces of Kingsley. After considerable skirmishing, the contestants come together in a

brief but decisive battle, which resulted in a victory for France. No lives lost and but slight wounds on either side. At last accounts both sides were resting on their arms.—Dufur Dispatch.

John Leland Henderson swam across the Columbia river last Thursday evening, making the distance in 29 minutes. He started from the Davidson mill and landed just below the White Salmon wharf. Harry Hansberry and Jukes accompanied him in a row boat and acted as time keepers.

Mrs. Paul Krell and family desire through THE CHRONICLE to express their heartfelt thanks to the Woodmen and the associate orders, and to the friends and neighbors who have extended so much sympathy and exhibited so much kindness towards them during the sickness and burial of the husband and father, and the loss of their home by fire.

We had the pleasure recently of an inspection of the extensive collection of Indian curios which Miss Anna Lang has gathered together at the home of Mrs. Lang in The Dalles. It is a rare collection, filling shelves and the walls of several rooms. Miss Lang makes a study of this work and can read the relics like a printed book. As each article has its legend this makes an inspection very interesting to the visitor.—Moro Observer.

H. W. Weber, brother of R. H. Weber, of this city, arrived here this week with his family from Kendrick, Idaho, and will make his future home here. Mr. Weber, like his brother, is an experienced nurseryman. He will, for the

present, act as solicitor for the Weber nurseries. He was accompanied by his wife's mother, Mrs. Jane Turner, sister of Mrs. N. W. Wallace, of Antelope, and aunt of Mrs. Olivia Morgan, of this city, who will make her home with Mr. and Mrs. Weber.

Sheriff Kelly has succeeded in having arrested at Albany Ben Ferrill, who stole a gold watch some time ago from C. L. Rogers, of Hood River. The watch was found at the shop of Adcox & Co., of this city, where Ferrill had left it to have the name of the owner scratched off the case. It was returned to the owner and Ferrill narrowly escaped arrest. Sheriff Kelly sent out notices of Ferrill's crime, together with a description of the thief, and has finally succeeded in locating him at Albany. Constable Hill left here this morning to bring him back for trial.

The Dufur Dispatch says: "G. W. Brown, teacher of the intermediate department of the Dufur public school, came home Monday. Mr. Brown has been with the surveyors, who are surveying the railroad line from The Dalles to Prineville via Dufur, for the past two months. He says that they have reached a point about two miles above the old Maupin ferry site on the Deschutes and so far have found an easy inexpensive route, with exception perhaps of two miles, and even those two miles he does not consider exceptionally bad or expensive to build. The camp of the surveyors is on the eve of being moved to Trout creek, Crook county, and Mr. Brown disliking the idea of getting so far from home, resigned his position and returned to the bosom of his family."

A. B. Fairchild is in town from Grass Valley. In company with his son, E. A. Fairchild, and C. A. Heath, Mr. Fairchild recently went on a prospecting tour through the Sumpter, Greenhorn, Prairie City, Strawberry Butte and Granite districts and was rewarded in finding five claims that they think will well repay development. From these points they went to Trout creek, in Crook county, where they located three claims of twenty acres each and did considerable development work. Assays of gold and silver from these claims were very satisfactory. Mr. Fairchild thinks the Trout creek or Ashwood mining district has a bright future before it. In his opinion no one need go to Klondike in search of gold, as there is more gold in Eastern Oregon, almost at our very doors. Mr. Fairchild has a high opinion of the Golden Eagle mine in the Greenhorn district, that is owned by Dalles parties.
