

## RUSSIA MAY BACK DOWN

China's Continued Refusal to Do Anything for the Protection of Foreigners and Their Interests Excuse for Delay in Withdrawal.

LONDON, Sept. 6.—What is now designated in some quarters as an attempt to establish a "Russian Monroe Doctrine" in Asia seems doomed to modification. Hence the prospects of the continued concord of the powers are believed to be improving. It is thought that the announcement of the names of the four personages appointed by imperial edict as Chinese peace commissioners will furnish Russia with a plausible reason to join in the American demand for the appointment of a more satisfactory commission and give Russia ground for delaying the withdrawal of her troops from Peking until the Chinese imperial party shows a more conciliatory disposition.

WASHINGTON, Sept. 6.—The attitude of the German government in the Russian proposal to withdraw troops from Peking has been made known to the United States, and is to the effect that Germany considers it necessary to retain her forces in Peking.

WASHINGTON, Sept. 6.—The state department made the following announcement today:

"A telegram has been received from Minister Conger, dated Peking, September 1, stating that a military parade passed through the imperial palace on that date and that European servants were the only occupants."

**Oregon at Shanghai.**  
WASHINGTON, Sept. 6.—The arrival of the Oregon off Shanghai brings the famous battle-ship again into position to take part in operations for the solution of the Chinese problem and for the effective protection of American interests for the first time since she ran on the rocks near Che Foo more than two months ago. From Captain Wilde's dispatch it is said by the officials of the navy department that he seized the opportunity to telegraph his safe passage across the Yellow Sea from Kure to the

Yang Tse while waiting for a favorable tide which would permit a ship of the Oregon's deep draught to cross the bar and reach the neighborhood of the Wood Sung forts, where the New Orleans and Princeton have been representing the United States for several weeks.

The advent of the Oregon with her powerful battery and formidable armor protection will remove much of the danger to foreign interests which has been due to continued Chinese occupation of these dreaded fortifications, which could close the river to all unarmored vessels hurrying to rescue foreigners in Shanghai in case rioting should begin in that city.

No orders were issued by the navy department for the dispatch of the Oregon to Shanghai, and her sudden appearance on the scene is attributed to the wishes of Admiral Remy, who has full authority for the disposition of the vessels of his fleet to meet all possible emergencies.

**The Best Remedy for Stomach and Bowel Troubles.**

"I have been in the drug business for twenty years and have sold most all of the proprietary medicines of any note. Among the entire list I have never found anything to equal Chamberlain's Colic, Cholera and Diarrhoea Remedy for all stomach and bowel troubles," says O. W. Wakefield, of Columbus, Ga. "This remedy cured two severe cases of cholera morbus in my family and I have recommended and sold hundreds of bottles of it to my customers to their entire satisfaction. It affords a quick and sure cure in a pleasant form." For sale by Blakeley & Houghton.

**The Vermont Election.**

WHITE RIVER JUNCTION, Vt., Sept. 6.—The election returns for Vermont are all in. A careful scrutiny of the county returns, based on official returns in all but a few towns, show that Stickney, republican for governor, has a plurality of 31,468 and a majority over all of 30,192. The complete revised returns give these results: Stickney, republican, 48,466; Senter, democrat, 16,998; all others, 1276. The republican plurality this year exceeds by 2691 the average of the last three presidential years, and by 598 the average for the last six election years.

### PERTINENT PRESS COMMENT.

"Large crops—few pops," sings the New York Sun.

Col. Bryan says we cannot secure title to a people by force or by purchase. According to this theory, we must have acquired Louisiana and Texas on a Christmas tree.—Globe-Democrat.

The best way for a man to appreciate how much times have improved is to contrast his condition now with what it was when Adlai E. Stevenson was vice-president.—Plaindealer.

The New York Journal, a paper for which Bryan writes political editorials, points to the pension roll of Union soldiers as evidence of the militarism of the present administration.

The democrats must feel highly honored to see former republicans and populists like Senator Turner and Gov. Rogers driving the democratic mule down the tow path these days.—Walla Walla Union.

Mr. Lincoln denounced the man who tries to persuade an American soldier that "he is fighting in a bad cause, for a wicked administration of a contemptible government." The quotation has escaped the notice of Bryan and Towne.—Globe-Democrat.

During last May an infant child of our neighbor was suffering from cholera infantum. The doctors had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days time the child had fully recovered. The child is now vigorous and healthy. I have recommended this remedy frequently and have never known it to fail.—Mrs. Curtis Baker, Brookwater, Ohio. Sold by Blakeley & Houghton.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise."
