MORE HEARTRENDING FEATURES

Nothing to Encourage the Hope That the Number of Dead is Over-estimated.

HOUSTON, Tex., Sept. 11.—Details from the storm-swept district of Texas hourly disclose more heartrending features and confirm early rumors of one of the greatest catastrophes of late years. No wire communication is yet possible with the city of Galveston, and the only definite news obtained so far has come by tug-boats and refugees.

There seems to be no ground for the hope that fuller details would show a reduction in the number of lives lost, and a conservative estimate is given at 1000 dead, all told. The property loss is perhaps, even higher than at first given. In the city of Galveston the dead are being gathered up as rapidly as possible, taken to sea on barges and there consigned as their last resting places. This action is necessary to protect the survivors from pestilence, and the ground is too wet to permit of digging graves. Ghasts have begun their work, and bodies are being stripped of their valuables. Relief trains are hurrying forward with supplies as rapidly as possible. Outside Galveston, smaller towns are beginning to send reports as telegraphic communication improves, and many additions to the list of dead and property losses are received. Richmond and Hitchcock each report 162 lives lost. Talmas, Arcadia, Velasco, Seabrooke, Belleville, Arcola and many other towns from one to eight dead.

In most of these places many houses have been totally destroyed, and thousands of head of livestock killed.

The railroads alone will suffer millions of dollars in actual damage, to say nothing of the loss from the stoppage of business.

The International & Great Northern and Santa Fee have miles of track washed out, and the bridges connecting Galveston with the mainland must be entirely rebuilt.

Catarrah Cannot Be Cured.

With local applications, as they cannot reach the seat of the disease. Catarrah is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrah Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrah Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrah. Send for testimonials, free.

Legations Leaving China.

WASHINGTON, Sept. 10.—The following dispatch has been received at the war department:

"Taku (no date) Adjutant General, Washington—afternoon 4th.—Evidence accumulates that diplomatic relations will not be resumed here for a long time. Russian legation leaves very soon for Tien Tsin. Appears to me certain that the Chinese government will not return here whilst foreign army remains, and if this is true, our legation can transact no business. My opinion Pekin to be merely a camp of the foreign army pending settlement by the powers at other points.

Red Hot From the Gun

Was the ball that hit G. B. Steadman of Newark, Mich., in the Civil War. It caused horrible ulcers that no treatment helped for twenty years. Then Bucklen's Arnica Salve cured him. It cures cuts, bruises, burns, boils, felons, corns, skin eruptions. Best pile cure on earth. Twenty-five cents a box. Cure guaranteed. Sold by Blakeley, the druggist.

What Galveston Needs.

GALVESTON, Tex., Sept. 11.—The following statement of conditions at Galveston and appeal for aid is issued by the local relief committee:

"A conservative estimate of the loss of life is that it will reach 3000; at least 5000 families are shelterless and wholly destitute. The entire remainder of the population is suffering in a greater or less degree. Not a single church, school or charitable institution, of which Galveston had so many, is left intact. Not a building escaped damage, and half of the whole number were entirely obliterated. There is immediate need of clothing, food and household goods of all kinds. If nearby cities would open asylums for women and children the situation would be greatly relieved. Coast cities should send us water as well as provisions, including kerosene oil, gasoline and candles.

A Minister's Good Work.

"I had a severe attack of bilious colic, got a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, took two doses and was entirely cured," says Rev. A. A. Power, of Emporia, Kan. "My neighbor across the street was sick for over a week, had two or three bottles of medicine from the doctor. He used them three or four days without relief, then called in another doctor who treated him for some days and gave him no relief, so discharged him. I went over to see him the next morning. He said his bowels were in a terrible fix, that they had been running off so long that it was almost bloody flux. I asked him if he had tried Chamberlain's Colic, Cholera and Diarrhoea Remedy and he said, 'No.' I went home and brought him my bottle and gave him one dose; told him to take another dose in fifteen or twenty minutes if he did not find relief, but he took no more and was entirely cured." For sale at Blakeley's drug store.

Five Thousand Dead.

HOUSTON, Tex., Sept. 11, 10:45 p. m.—The Post correspondent was instructed to forward the following address to the people of the United States:

"Galveston, Tex., Sept. 11.—It is my opinion based upon personal information that 5000 people have lost their lives here. Approximately one-third of the residence portion of the city has been swept away. There are several thousand people who are homeless and destitute; how many there is no way of finding out. Arrangements are now being made to have the women and children sent to Houston and other places, but the means of transportation are limited. Thousands are still to be cared for here. We appeal to you for immediate aid.

 "Mayor of Galveston."

HORROR OF IT INDESCRIBABLE

Barge Loads of Galveston Dead Given Hasty Burial in the Gulf of Mexico.

HOUSTON, Tex., Sept. 11.—G. L. Russ, passenger conductor on the International & Great Northern railroad was among a party of refugees who reached this city at midnight. Mr. Russ said to a reporter:

"I will not attempt to describe the horror of it all; that is impossible. When I left Galveston men armed with Winchester were standing over burying squads and at the point of rifles compelling them to load the corpses on drays to be hauled to the barges on which they are towed into the Gulf by tugs and tossed into the sea. As I left I saw a barge freighted with dead on its journey to the Gulf.

"This manner of burial is imperative; the living must be protected now."

Mr. Russ' story was confirmed. Adjutant General Scurry, who is now in Houston, states it is his opinion that the state militia will be called out and sent to Galveston to prevent looting, vandalism and other lawless acts.

DALLAS, Tex., Sept. 11.—Adjutant-General Scurry, who reached Galveston last evening by boat from Houston, today sent a courier to Houston to notify the militia companies of the state that he would call on them for details for service in Galveston. Captain Roache, of one of the Dallas infantry companies, was notified to have his men in readiness for orders.

Information leaks out that the horrors of vandalism and general looting have been started by the vicious and criminal element at Galveston. It is expected that the city will be placed under martial law.

"My baby was terribly sick with the diarrhoea," says J. H. Doak, Williams, Oregon. "We were unable to cure him with the doctor's assistance, and as a last resort we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. I am happy to say it gave immediate relief and a complete cure." For sale at Blakeley's drug store.

Worst Not Yet Known.

HOUSTON, Tex., Sept. 11.—The dreadful fatality of Galveston is looking worse in the face of the latest facts brought out. Three men who reported here tell of so many dead bodies being found in a single house or yard or one block that the conclusion is almost irresistible that a greater number than a thousand lives have been lost. They tell that twenty or forty or more were lost by the collapse of a single large house, the victims having gathered there for safety, but they are unable to say anything about hundreds of small houses that were swept away, some vacant, but many occupied, but without a mark or sign or a memory to recall the lost.

The minute details are wanting, and no list of names approaching completeness can be had for weeks, and it is almost sure that a complete list will never be found. As time wears along the names of different persons will be recalled by those who were neighbors, and they will be set down in the great death roll that will be made up, but those who do not know their neighbors can never call their names, and the identity of the lost will be passed to eternity without remembrance.

The city of Galveston and her people are industriously devoting themselves to relieving the distressed people. Her business men are losing not a moment.

Two boats and two teams containing supplies and disinfectants have gone forward from Houston. Last night large wagons jostled along the streets with boxes of prepared food to load them on boats or cars. The mayor has sent out calls to the larger cities of the state for immediate help.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on Blakeley, the Druggist, and get a free trial bottle. Regular size 50c. and \$1. Every bottle guaranteed, or price refunded.
