Oregon at Woo Sung.

WASHINGTON, Sept. 11.—The navy department has been informed of the arrival of the battle-ship Oregon at Woo Sung. The department was also advised of the arrival at Shanghai, from Che Foo, of the gunboat Nashville. Woo Sung is the port of Shanghai, and here the Oregon will remain, as her draft will not permit her going to Shanghai.

The war department has been informed of the arrival of the transport Garonne at Manila, on the 7th inst., with eight troops of the First cavalry aboard. These troops were originally intended for service in China, and were among the first to be diverted to the Philippines, in accordance with the department's decision to send no more troops to Taku.

Through the months of June and July our baby was teething and took a running off of the bowels and sickness of the stomach," says O. P. M. Holliday, of Deming, Ind. "His bowels would move from five to eight times a day. I had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house and gave him four drops in a teaspoonful of water and he got better at once. Sold at Blakeley's drugstore.

Hold Up the Overland.

DENVER, Sept. 12.—Burlington train No. 1, known as the overland flyer, was held up by a lone highwayman at 2 o'clock this (Wednesday) morning, five miles east of Haigler, Neb., near the Colorado line. The robber secured about \$500. He went through both sleepers, but did not molest chair cars. The railroad officials offer \$1000 for his capture and posses have started out in all directions.

"My baby was terribly sick with the diarrhoea," says J. H. Doak, Williams, Oregon. "We were unable to cure him with the doctor's assistance, and as a last resort we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. I am happy to say it gave immediate relief and a complete cure." For sale at Blakeley's drug store.

There will be a meeting of Columbia Hose and Chemical Engine Company, No. 2, at the council chambers this evening at 8:30 o'clock.

The east-bound passenger train, arriving here at 12:15 p. m., was delayed today by the car of a gravel train jumping the track in the neighborhood of Viento this morning.

The Columbia Southern Railway Company has completed its new depot building, and the Leader proudly says it is by far the finest and largest depot building in Eastern Oregon.

We learn from the Antelope Republican that Lem Burgess left there last week with his wife and household goods for Westfall, Malheur county, where he will make his future home.

Henry E. Driver has sold his farm in Wamic to L. J. Root and was in town last night with his family on the way to Wallowa county, where he has purchased a farm near Lostine.

C. L. Phillips and J. Falt left for Portland on an early train this morning, where they will meet H. J. Maier, and together act as a committee to make arrangements for obtaining attractions for the Dalles harvest fair and carnival.

Rev. W. E. Potwine, rector of the Episcopal church at Pendleton, will hold services, both morning and evening, at St. Paul's church in this city Sept. 23. The holy communion will be celebrated at the morning service.

The date of the exhibition advertised at the Baldwin opera house to commence Friday, Sept. 17th, was an error. It should have read Friday, Sept. 14th. Bear this in mind. Tomorrow night, 8:45 p. m., the most amusing exhibition ever in The Dalles.

Cards are out announcing the marriage of Miss Elizabeth Eleanor French, daughter of Mr. and Mrs. D. M. French, to Mr. Ernest L. Luedemann. The

marriage will be solemnized at the M. E. church on Wednesday, September 26th, at 8:30 p. m.

The scarcity of harvest hands in Ferry Canyon still prevails, and a crisis was reached on the Waason ranch last week when the ladies came to the rescue and drove the header wagons. Gilliam county ladies are rustlers when it comes to good honest work.—Condon Times.

One of the largest deals in farm property that ever took place in the county was consummated last week. W. W. Weatherford, of this place, sold his Weatherford Flat farm of 2800 acres to Ed. Tobey for \$28,000. Mr. Tobey now owns something like 6000 acres of grain land.—Condon Times.

Annual fall and winter opening of millinery will take place at the Campbell & Wilson millinery parlors Tuesday and Wednesday, Sept. 18th and 19th. Everyone cordially invited to call and inspect an elegant display of pattern hats, ladies' and children's trimmed hats, street hats and tam o' shanters. 12s-18

Jap Foster, who is serving a three-months term in the county jail for wood-stealing, is in more trouble. Moore & Gavin have instituted proceedings against him to recover \$73 due on a note to Mike Christian, of Prineville, and today Foster's horse, buggy and harness were attached pending the decision of Justice Brownhill's court.

An old sportsman says that on upper Chenoweth and Mill creeks there are California quail by the hundreds that have sprung from a number that were turned out there some five or six years ago. Let no one take counsel from this to go pot hunting in that quarter, as the killing of these birds, at any season of the year, is forbidden by law.

The South Bend Journal says: "The death-knell of the once good ship Glenmorag was sounded Wednesday afternoon by a heavy blast—the last—which completed the breaking up of the wreck. Mr. Webb and his crew left for Portland last Thursday. In the near future the 'remains,' now at the Park depot, will be removed to Hiwaco for shipment to Portland and the last sad rites will be carried out at the Portland Rolling Mills."

Charles Craig was arrested yesterday on complaint of Mrs. Katie Fleck, charging him with having committed an assault on her daughter, who is a minor.

The singular, not to say suspicious, thing about the complaint is that the crime is alleged to have been committed April 9, 1899, nearly a year and a half ago. Craig gave bonds for his appearance before Justice Brownhill at 10 o'clock this morning, but when that hour arrived he was so drunk he had to be placed in the county cooler and the examination postponed till tomorrow morning.

Read what Salt Lake papers say of the exhibition that is coming to the Baldwin opera house tomorrow night: "Of all the modern achievements of mechanical art none exceeds the wonders attained by the marvelous vitascope

which is now in operation at the Salt palace every night in the week. Through the agency of this delicate and comprehensive invention of that great wizard of the age, Thos. Edison, beautiful scenes from nature are shown upon a vast white curtain, just as the eye photographs them. The range of subjects is innumerable and includes pictures of action and verve. Every scene is a triumph of beauty, art and attractiveness. A long list of splendid subjects will be exhibited."

A case of particular interest to mining men was commenced in the Portland courts yesterday morning in the suit of W. C. Kellman against C. M. Cartwright, to recover \$35,000, said to be the value of a high interest in mining property in Crook county, Oregon. According to the complaint, Kellman, who is a mining engineer, entered into an agreement with Cartwright, by the terms of which Kellman was to furnish his experience and Cartwright the money, and if any mines were discovered each was to have a half interest. Kellman claims to have been instrumental in securing the Silver King and other mines, which he estimates are worth \$75,000, and he claims that Cartwright refuses to give him his rightful share. Mr. Cartwright denies all of the allegations in the complaint.

Horsemen and other citizens who believe The Dalles ought to have a race track and grounds adapted for holding a district fair (which, by the way, ought never to have been allowed to leave here) will be interested in knowing that A. M. Kelsay is willing to lease grounds sufficient for a mile track and necessary buildings, on his place below town, that is admitted by everybody to be the most desirable site for a track anywhere near The Dalles. Mr. Kelsay will give a five or ten years' lease, as may be desired, at an annual rental of \$300, which, considering the value of the land, ought to be reasonable. It is hardly necessary to remind the Dalles people that horsemen greatly prefer the climate of this section to that of almost any other place in the state, and that a track here means the almost constant presence of a large number of men and animals, for whose keeping every dollar expended is spent here, and spent freely.

Special Council Meeting.

A special meeting of the city council was held last night, at which all the members were present except Andrew Keller and A. A. Jayne.

A communication from Edwin Fish, of Portland, was read announcing that he had purchased the Baker City gas plant and was contemplating operations in The Dalles, either gas works or electric works and power from water power, and requesting unofficial suggestions and information as to what encouragement, in the form of franchise and contracts for street lights, The Dalles might be willing to offer and what price the city could afford to pay for such lights. The matter was referred to the committee on lights.

Councilman Gunning, of the fire and water committee, to which was referred the matter of repairing the fire bell at the Mount Hood hose house, reported that the bell could not be repaired, but did not recommend the purchase of a new one.

Councilman Liebe, chairman of the committee on lights, reported that his committee had conferred with the electric light company and received the same offer that had been made last year, namely \$11 a light. The council refused to accept the offer.

Mayor Dufur nominated Ned H. Gates for recorder for the current year, and the council confirmed the nomination by a unanimous vote.

The claims contracted in connection with the lately contemplated sewer system, amounting to \$616 65, came up before the council and were ordered paid. They are as follows:

W J Roberts, preparing plans and specifications.....	3 00
A S Bennett, attorney's fees.....	152 50

A Treat in Store for Dallestes.

Mrs. Ella Lark-Klein, who is fondly remembered by many people of The Dalles who knew her years ago as Miss Ella Lark, when she was here on a protracted visit with her sister, Mrs. J. O. Mack, is again visiting her sister, and has generously volunteered to give a complimentary concert for the benefit of the building fund of St. Paul Episcopal church. To those who do not know the treat that awaits The Dalles people through this announcement, it may be said that Mrs. Klein is a professional vocalist of a very high order. She has devoted her entire life to the profession, but has not traveled outside of California, where she is a great favorite, since her marriage some six or eight years ago. Before her marriage she filled a most successful two years' engagement in Australia. She is now soprano soloist at the Second Unitarian church, San Francisco.

The ladies of The Dalles who remember Mrs. Klein's former visit are unani-

mous in insisting that the coming concert will be a treat such as the people of this town rarely have an opportunity of enjoying. Mrs. Klein will be assisted by the best local talent. The time and place for the concert have not yet been fixed, but full particulars will be given through THE CHRONICLE in a few days.

Passed Away Suddenly.

The following particulars of the death of the late Francis Rose are copied from the Shaniko Leader: Last Sunday Mr. Francis Rose of The Dalles died very suddenly in this city of apoplexy. Mr. Rose was visiting with his son George, who is agent for the C. S. Ry. Co. On Friday morning prior to his death Mr. Rose complained of a slight headache and cold, but on Saturday morning it had entirely disappeared and he felt in his usual good health. On the morning of his death he ate his breakfast and then went out on the front porch and sat down in a rocking chair, the family going about their work around the house. After remaining in the chair some time he went to his room supposedly to lie down, as he was found with his shoes off sitting up in bed with his back to the wall.

PEOPLE COMING AND GOING.

L. E. Crowe went to Portland today on the No. 1 passenger.

J. G. Edwards is registered at the Umattilla House from Hay Creek.

Mayor E. B. Dufur went on a business trip to Portland this afternoon.

Mr. and Mrs. Leon W. Curtis, of Rockland, went to Portland on the No. 1 passenger.

Mrs. Henry Klindt returned on last night's boat from a month's outing at Ocean Park.

Homer D. Angel has returned from an extended surveying engagement in Southern Oregon.

Mrs. Hugh Goumley returned on last night's boat from a three months' residence at Ocean Park.

A. M. Kelsay returned to Shaniko this afternoon, after spending a couple of days with his family.

W. G. Woodworth and son left on this morning's boat on a short visit to Mr. Woodworth's sister in Salem.

Wm. Lander, of Salt Springs, came up on last night's boat from Stevenson, where he was looking after his sheep.

Miss Jessie Kent, niece of Horace and Rufus Patterson, after visiting for a couple of weeks, left on this morning's boat for her home in Los Angeles.

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size, Ely Brothers, 56 Warren St., N. Y. The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.
