and Philippine Islands, which are not known in any part of North America, and which, if introduced in the states, would do great damage to our fruit plants and this statement having been confirmed by the secretary of agriculture, the postmaster-general has issued the following order:

"All postmasters at ports of entry on the Pacific coast shall intercept and forward, under cover of penalty, envelopes, in the state of California, to the postmaster at Sacramento; in the state of Oregon, to the postmaster at Salem; and in the state of Washington, to the postmaster at Olympia, all mail matter containing fruit or plants emanating from the territory of Hawaii or the Philippine Islands.

"The postmasters at Sacramento, Cal.; Salem, Or., and Olympia, Wash., will submit all such matter received by them to their respective state boards of horticulture, to-wit: The state board of horticulture, Sacramento, Cal.; the state board of horticulture, of Salem, Or., and the commissioner of horticulture, Olympia, Wash., for the inspection of such board or commissioner before the same is forwarded to the addressee, in order to ascertain whether the fruit or plants therein contain any dangerous insect."

Catarrh Cannot Be Cured.

with local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free.

Boers' Last Appeal.

THE HAGUE, Sept. 15.—The Boers delegates, Messrs. Fischer, Wolmarans and Wessels, have addressed an appeal to all nations for intervention in South Africa. After expressing the conviction that the annexation of the Transvaal was only proclaimed with the object of enabling Great Britain to prosecute the war in an inhuman manner contrary to international law and mercilessly pursue as rebels exhausted combatants hitherto recognized as belligerents, the appellants declared that with God's help, this will never be attained. They assert the South African Republics have shown themselves to be worthy of liberty, and that they will continue to struggle to the last breath against Great Britain's attempt to annihilate their existence as a free people. The appeals concludes as follows:

"In the name of justice and humanity, we appeal to all peoples to come to our aid in this supreme moment and save our country. We commit ourselves to God trusting that our prayers will be heard."

Brave Men Fall

Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, poisons in the blood, headache, nervousness, headache and tired, listless, run-down feeling. But there's no need to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents, at Blakeley's drug store. Every bottle guaranteed. 3

May Extend Railroad.

LAKEVIEW, Sept. 16.—Railroad rumors are again rife since the arrival at Termo of Moran Bros. from New York, owners of the Nevada, California & Oregon Railway. Termo is the northern terminus of the road, and is 120 miles south of Lakeview. A Bieber, a Lakeview merchant, traveled with these gentlemen from Reno north, and from what he could learn from their conversation he thinks the road will be extended from Termo to Likely, a distance of about

twenty-five miles farther north. It is said that the company has become alarmed at the movement of The Dalles Southern railroad, which is projected to Lakeview.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are sure cured by it. Call on Blakeley, the Druggist, and get a free trial bottle. Regular size 50c. and \$1. Every bottle guaranteed, or price refunded. 3

Royalty On Alaska Gold.

VANCOUVER, B. C., Sept. 15.—W. A. Bauer, a mining engineer of this city, who has just returned from Dawson, says that according to the latest information in the possession of the gold commissioner's office at Dawson, royalty will be paid this season on \$16,000,000. The actual clean-up will be \$9,000,000 more. Just before Bauer left Dawson, encouraging reports had come from the Stewart River placers, 200 miles distant, and another exodus to that river had taken place. Good reports had also come from Little Salmon, from which great results are confidently anticipated.

Red Hot From the Gun

Was the ball that hit G. B. Steadman of Newark, Mich., in the Civil War. It caused horrible ulcers that no treatment helped for twenty years. Then Bucklen's Arnica Salve cured him. It cures cuts, bruises, burns, boils, felons, corns, skin eruptions. Best pile cure on earth. Twenty-five cents a box. Cure guaranteed. Sold by Blakeley, the druggist. 3

Kruger Going to Europe.

LONDON, Sept. 15, (Saturday).—The Portuguese government has telegraphed to the Governor of Mozambique authorizing the departure of Mr. Kruger for Europe. The governor, however, must satisfy himself that Mr. Kruger is really going to Europe. He is instructed to take all precautions to insure the safety of Mr. Kruger.

The newspapers here say that Mr. Kruger will take the German steamer Herzog at Lourenco Marques, his destination being Holland, by way of Marseilles.

Through the months of June and July our baby was teething and took a running off of the bowels and sickness of the stomach," says O. P. M. Holliday, of Deming, Ind. "His bowels would move from five to eight times a day. I had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house and gave him four drops in a teaspoonful of water and he got better at once. Sold at Blakeley's drugstore.

Holland Offers Warship.

THE HAGUE, Sept. 16.—The government of the Netherlands has telegraphed to Lourenco Marques offering a Dutch warship to bring Mr. Kruger to Holland.

Kruger at Lourenco Marques.

LONDON, Sept. 17.—Mr. Kruger, according to a dispatch to the Daily Express, has arrived in Lourenco Marques.

STRIKE IS TO BEGIN TODAY

Employers Admit That There is Little Hope of Going to Work in the Colliers This Morning.

PHILADELPHIA, Sept. 16.—That the strike of the mineworker in the anti-racial regions of Pennsylvania which President Mitchell, of the united mineworkers of America, has officially declared to begin tomorrow morning will be one of considerable magnitude seems certain tonight from reports received from the regions affected. It seems equally certain that a number of operators will make an effort to run their collieries even though they may be short-handed, but whether they will be successful can be determined only when the breaker whistles sound the call to work. The operators generally will have their colliers in condition to begin operations, and the whistles will blow as usual, but a large number of the employers admit that there is little hope of being able to start.

Today was one of quiet throughout the entire coal district. The mineworkers were orderly, and their leaders were busy addressing meetings to encourage the members of the union and to win over such nonunion men as the could. Many of these latter, although not favoring a strike, will, it is the general opinion, remain away from the mines rather than bear the criticism and reproach of their fellow-workmen.

An effort is being made tonight to have Archbishop Ryan, of Philadelphia, act as arbitrator. Father Phillips, of Hazelton, who has been laboring hard to effect a peaceable settlement of the labor troubles, was in conference at a late hour with President Mitchell, of the united mineworkers, urging him to delay the strike until Archbishop Ryan shall have exhausted his efforts.

Boxers Are Active.

PEKIN, Sept. 12, via Shanghai, Sept. 15.—A squadron of the Sixth cavalry will leave here tomorrow to relieve a native Christian village, which was attacked by Boxers 45 miles southeast of Pekin. Several small parties have been attacked between Tue Chow and Hoski-

awan, where British and American troops are stationed. Civilians going to Tien Tsin are warned not to travel without a military escort.

The Russians have received word of reverses in Manchuria, where 200 miles of railroad have been destroyed and a number of stations have been burned. There has been much fighting and many Russians have been killed. Three regiments have left Pekin on their long overland march to Manchuria.

A gradual reduction of the Russian forces in Pekin has begun.

A Minister's Good Work.

"I had a severe attack of bilious colic, got a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, took two doses and was entirely cured," says Rev. A. A. Power, of Emporia, Kan. "My neighbor across the street was sick for over a week, had two or three bottles of medicine from the doctor. He used them three or four days without relief, then called in another doctor who treated him for some days and gave him no relief, so discharged him. I went over to see him the next morning. He said his bowels were in a terrible fix, that they had been running off so long that it was almost bloody flux. I asked him if he had tried Chamberlain's Colic, Cholera and Diarrhoea Remedy and he said, 'No.' I went home and brought him my bottle and gave him one dose; told him to take another dose in fifteen or twenty minutes if he did not find relief, but he took no more and was entirely cured." For sale at Blakeley's drug store.

President is Not Ill.

CANTON, O., Sept. 15.—President McKinley passed today in state of rest. He received few callers, although the usual number presented themselves on the front porch. The president was not ill, but he was tired from his long siege of hard work. There is no apprehension that the president is on the verge of illness, but it deemed expedient that he should be kept quiet for a day or two and secure as much sleep as possible. It is thought that by Monday he will be able to resume his old habits, and give the cordial greetings to his friends just as he has been doing during his vacation in Canton.

Insects From Island Possions.

WASHINGTON, Sept. 15.—In view of the fact that the state board of horticulture of the state of California has reported to the postoffice department that dangerous insect pests exist in Hawaii
