### Trouble is Brewing.

HARRISBURG, Pa., Sept. 18.—Trouble is brewing tonight in the Lykens valley region between the union and nonunion anthracite miners over the refusal of the men at Williamstown to join the strike. The strikers in the neighboring towns of Lykens and Wauconico threaten to compel the Williamstown men to quit work. A meeting of the Williamstown men was held tonight, at which it was decided to stand firm against any attempt on the part of the strikers to force them to join the strike.

Sheriff Reiff today swore in 150 deputies, who will act in conjunction with a double force of watchmen on duty at Williamstown colliery. The Williamstown colliery was in operation today with a full complement of 1100 men and boys. Rev. Father Logue, rector of the Catholic church at Williamstown, is working among the mine employes there to induce them to stay at work. Some of the strikers at Lykens and Wauconico threaten to drive out the men at Williamstown before Saturday, and serious trouble may be expected at any time. There has been bad blood between the Lykens and Wauconico miners and the men at Williamstown ever since the refusal of the former, in 1884, to join the latter in their strike against a reduction of wages.

### Catarrh Cannot Be Cured.

with local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free.

### Miners May Win Quickly.

PHILADELPHIA, Sept. 18.—If, as President Mitchell, of the United Mine Workers, claimed last night, 112,000 of the 141,000 miners on the Pennsylvania anthracite coal fields were idle yesterday, it is certain that this number has been considerably augmented today. Reports from the four big districts embracing the hard coal region are to the effect that fewer men are at work today than were working yesterday and that the colliers that worked full handed or nearly so yesterday are either badly crippled or shut down today.

The weather has grown much colder than yesterday and this change is greeted with enthusiasm by the workers, who argue that the increased demand for coal will hasten the adjustment of the difficulties between them and their employes.

### Brave Men Fall

Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless, run-down feeling. But there's no need to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents, at Blakeley's drug store. Every bottle guaranteed. 3

### Colored Cubans on Top.

SANTIAGO DE CUBA, Sept. 18.—The elections for delegates to the constitutional convention have resulted in favor of the black party throughout this entire province, and the whites now openly declare themselves to be annexationists. Ten thousand colored men, who had worked themselves up almost to a frenzy and are wearing badges containing a skull and cross-bones, signifying death to the republican party, paraded through the principal streets of the city last night carrying tallow candles and torches. A mock funeral of the republican party was held today and was attended by about 1000 colored persons. The white people are cautious and are avoiding conflicts.

### Appropriation by Mexico.

CITY OF MEXICO, Sept. 18.—A bill has been introduced in the Mexican congress providing for an appropriation of \$10,000 for the Galveston sufferers.

## LIST OF DEAD STILL GROWS

It is Now Thought the Total May Be Over 7000.

GALVESTON, Tex., Sept. 18.—"The situation continues to improve" is what one is told now when he applies at any of the various headquarters for information. This statement is being made with gratifying monotony all over the city. The work has been brought down to a business basis as far as possible and the system and order displayed in the various department would surprise anyone who might return to Galveston after an absence of three or four days.

One feature that has caused a better feeling and a more pronounced willingness to work is afforded by the fact that the time of all the laborers employed is being kept at headquarters. The men, being assured of compensation for their labor, naturally go about their unpleasant tasks with a much better grace than heretofore. A thorough inspection reveals the fact that every detachment is as well organized as is possible under the circumstances and that all are working harmoniously.

Supplies and money are now pouring in from all over the country. It is stated that at least seven figures are needed to express the amount of cash thus far received. This is being used judiciously and the effects of the presence of such a large relief are already apparent.

The death list will reach the total of 437, with the additions sent out today. Only a comparatively small number of the negroes who perished have been reported. After considering all the facts, one can hardly do anything else but conclude that the total to be finally reached will be above 6000. Judge Mann stated today that in his opinion the list would go as high as 7000. The exact number of course will never be definitely known.

There are no developments which would lead to the belief that the estimate of a property loss of \$22,500,000 is too high. While one occasionally finds a business man whose property has not suffered greatly it must be stated that the class is hopelessly in the minority
