 Soldier Boys' Opinion of Bryanism.

Our soldier boys, whom Ex-Congressman Towne denounced the other night in Portland, and wishes for whose defeat in the Philippines were applauded to the echo by Towne's Bryanaite auditors, would, if we mistake not their temperament, make short shrift of Towne and his boss if they had them over there for a little while. At any rate here is a little story that has a moral to it. Ohio Skaggs, of Co. F, 34th U. S. Infantry, whose father, by the way, was one pastor of the Christian church of this city and who is also a veteran of the civil war, wrote a few days ago to his father from the Philippines and among other racy things said:

"Some time ago we took a vote of our regiment of between 600 and 700 men and found they stood a little over 200 for Bryan and the rest for McKinley. A few days ago copies of Bryan's letter of acceptance were distributed among the boys. After they had carefully read the letter another vote was taken and it stood three for Bryan and the rest for McKinley, and as I write the boys are balloting to see which of us are going to form a detail for shooting the three and I am hoping that I shall get a black bean. Tell Mr. Bryan for us that before he turns these magnificent islands and nine-tenths of their poor, ignorant and deceived inhabitants over to a band of murderous Tagals or the rapacity of foreign invaders, he will have to whip into subjection 65,000 of us brave and patriotic American soldier boys as ever fired a gun or drew a sword."

A Terrible Tragedy.

SUMNER, Sept. 19.—A terrible tragedy took place near here today, the particulars of which are blood-curdling. Fred Kane, who resided with his wife and stepdaughter, a child about 7 or 8 years of age, about six miles northwest of this place, at what is known as McCulloch's Fork, in a fit of temporary insanity shot his wife and daughter and burned the body of the latter by setting fire to their cabin home. He then attempted to commit suicide by shooting himself.

Persons passing on the road between this place and Granite found Kane and his wife in a dying condition a short distance from their home, and brought them to Sumner. Both are thought to be mortally wounded.

Kane shot himself through one lung, and his wife was struck by a bullet, the ball entering the chest just below the heart. Both are in the hospital at Baker City. The tragedy took place some time about 7 o'clock this morning. It is thought that Kane became of unsound mind, and his crime was that of a demented man. The murderer is a son of Mrs. Dan Kane, a respected widow lady residing with other members of the family near Auburn. He was married only a few months ago. His wife was formerly a Mrs. Toney, and is a daughter of Charles Nicholson, a pioneer of Baker county, engaged in farming on Muddy creek, in Powder river valley.

Kane had always been jealous of his wife since their marriage, and this is supposed to have unbalanced his mind. He was her third husband, and she married him within six months after the death of her previous husband. They are both well known in Sumner, and the tragedy took place in the cabin that was built on the mining property owned by Kane.

THE REBELS ARE WAITING

Their Only Hope Is in the Success of Bryan.

WASHINGTON, Sept. 19.—August 17, Secretary root cabled the Philippine commission for a report of its operations to date. Following is the reply in part:

Manila, August 21, 1900.—Secretary of War, Washington: Replying to your dispatch, the commission reports: It has for two months and a half made diligent inquiries into the conditions prevailing. The mass of people has aptitude for education, but is ignorant, superstitious and credulous in a remarkable degree. Hostility against Americans was originally aroused by absurd falsehoods of unscrupulous leaders. The distribution of troops in 300 posts has by contact largely dispelled the hostility and steadily improved the temper of the people. This improvement, furthered by the abuses of the insurgents, affirms that a large number of the people long for peace, and are willing to accept government under the United States. Insurgents not surrendering after defeat have divided into small bands under general officers or become ladrones. Nearly all the prominent generals and politicians of the insurrection, except Aguinaldo have since been captured or surrendered and have taken the oath of allegiance.

The policy of leniency culminating in amnesty has had a marked effect to induce surrenders until the defining of political issues in the United States, reported here in full, gave hope to insurgent officers in arms of a changed policy and stayed surrenders to await the result of the elections. Disturbances in parts of island, kept up and avowed by the insurgent proclamation and orders to influence the election, do not show an unfriendly attitude of a majority of the people of the provinces where they occur.

It is conceded by all but men in arms, and is implied in their proclamation, that if the election confirms the present policy, the remnant of the insurrection will disappear within sixty days by surrender of the leaders and fading out of the rank and file.

A change of policy by turning the islands over to a coterie of Tagal politicians will blight their fair prospects of enormous improvement, drive out capital, make life and property—secular and religious—most insecure, banish, by fear of cruel prosecution, a considerable body of conservative Filipinos who have aided Americans in the well founded belief that their people are not now fit for self-government and reintroduce the same oppression and corruption which existed in all the provinces under the Malolos insurgent government during the eight months of its control.

The result will be factional strife between jealous leaders, chaos and anarchy, and will require and justify the active intervention of our government or some other.

The creation of a central government within eighteen months, like that of Porto Rico, under which substantially all rights described in the bill of rights in the federal constitution are to be secured to the people of the Philippines, will bring to them contentment, prosperity, education and political enlightenment.
